Ugh! I'm reading this online, and the author really needs to update! The last chapter really was a cliff-hanger.

Anyway, in shoujo manga, guaranteed, whenever they go on a date, the girl always takes misguided advice

from romance novels, books, etc. That always goes wrong, just saying. And Last Game is no exception. It's really hilarious to see Kujou try so hard. Honestly, though, I can't get enough of this cuteness!!!!!!
