## A Bravo's Honor (Bravo Family Ties) Christine Rimmer

Luke Bravo was stunned when Mercy Cabrera showed up in the middle of the night to treat his prize stud. The exotic girl he remembered had matured into a skilled vet--and a sultry, passionate woman he knew he should steer clear of at all costs.

Luke was a Bravo--reason enough to keep her distance. But Mercy had loved the rugged rancher since she was sixteen. And when their simmering attraction led to a night of intense passion, she knew she'd risk everything for a future together....

### **Saly says**

This was such a dramatic story, warring families and all. Bravos won the land of the Cabrera's years ago and built Bravo Ridge and there's been bad blood between them ever since.

The heroine is the Cabrera's adopted daughter and a vet and the hero, the Bravo brother who runs the ranch, they meet when she comes to tend a horse at his place and they feel the same attraction they did years ago but she was underage then.

The hero is willing to give them a try but the heroine is hesitant since she owes her parents a lot but her little sister Elena tells her to take a chance and she does and even though she backs out, wanting to keep them a secret she does give in and they are happy.

Then the secrets spill(view spoiler), but despite all of that they stick together.

It's a good book when you don't want to read something too intellectually stimulating.
