## **A Kiss In the Rain** Dacia Wilkinson

A love lost. Danielle Cotton is sent to her grandmother in disgrace where she withdraws from life. Content where she is, she's devastated when her grandmother dies and she's forced to move back to her hometown with her daughter. While there, she meets Adeline, sixty years her senior who drags her back to the living world with gentle nudges and out and out bossiness. She reconnects with her family and soon discovers the love lost isn't as lost as she'd thought.

Every woman ... mother, grandmother, friend ... deserves love in her life. Love and friendship.

Available for Kindle on Amazon!

# From Reader Review A Kiss In the Rain for online ebook

## Cynthia Collins says

A Kiss In The Rain follows the heartfelt story of a young woman named Danielle and her little girl, Lauren. When Danielle's grandmother dies, her aunt doesn't waste any time blaming her for the death. It is a modern version of the age old tale of losing just about everything and wondering how much more is going to be thrown at you before things turn around. There are many beautifully written passages in the book. However, I also found some passages confusing.

## Rebecca says

Great book. Started and couldnt put it down. I needed to know what Was going to happen next. Great book that I could read and then let my daughter read. I have let all my GFs know it is a book to read for the summer. What a wonderful twist. I can't wait for the next one

---

## Tricia says

I loved this book. I became very spell bound by the story and just couldn't put the book down until I was finished with it. I thought it was very well-written. I can hardly wait to read Dacia's next book!!! I thought A Kiss In The Rain was a very sweet and feel good story. Loved the relationships she developed during the story. I would strongly recommend this book to others.

First Reads

I won this book in a giveaway.

Loved, loved, loved this book. I read it in 1 day...I have two young boys so reading a book in 1 day is unheard of. I simply could not put it down.

I wanted to become best friends with Danielle, and hang out with Lauren. I loved that Danielle found an unconditional friend in Alice. By the way, Lauren is a fantastic name as it's my middle name--ha ha. I laughed so hard when it came to Adeline; mostly because her craziness reminds me of my hilarious grandmother who is 86. I fell totally in love with crazy, meddling, wonderful Adeline. I thought all of the characters were amazing...although I didn't care for Brian so much.

I think one of many favorite scenes in the book was, (view spoiler) I laughed so hard, my kids looked at me like I was bonkers.

The love between (view spoiler)

Wilkinson is an amazing author. The book's plot flowed nicely, and I was pleasantly surprised with all of the twists and turns. She did a wonderful job developing each of the characters. I was also pleased that she was able to wrap everything up so well.

I've placed this book on my "favorites" shelf, and will be handing it off to my mother and to my mother-in-law. I know they will both love this book as much as I do. I hope that those who read this review will give *A Kiss in the Rain* your attention. It's such a breath of fresh air.

Thank you Dacia for writing such a lovely book and sharing it with all of us.

### **Tonya says**

I loved this book! I started reading and had a hard time putting it down. While cleaning, parenting and even vacationing, I looked for any chance to pick it up and continue reading. The characters were down to earth and the story line captivating. I would recommend this book over and over!

### **Saroj Vanmala says**

its a nice book

---

### **Roxanne says**

Wonderful read! Highly recommended! Loved the interweaving of Danielle and Adeline's stories. Danielle -- A daughter ousted by her prominent high-society father and mother when she was found to be pregnant; Danielle raising her daughter Lauren; the father Tommy in the military presumed to be dead. Adeline -- An eighty-plus year old woman who has had a life of flamboyance in the theater world, but now befriends Danielle. Both have dreams of their own. The story line flows wonderfully and is intermingled with the gospel of Christ. Characters fully developed and the theme of the book successfully explored with a complete and satisfying ending!

---

### **Robin Tidwell says**

"*A Kiss in the Rain*" is an intimate look into the life of a young woman hurt by life, who finds her way to trust in Jesus Christ through the friendship she forms with a woman 60 years her senior. Danielle and Adeline will become your friends as they bond with each other."

This book has more twists and turns than a back road in Oklahoma – and each one is entertaining, amusing, thoughtful, and well-written. The characters are totally relatable and well-developed; the emotions and thoughts of each are full of depth and charm. The story itself moves quickly and earnestly, taking the reader

through Danielle's life and her relationships with family and friends.

Be sure to grab a box of tissues before starting this book – you'll need them, and you won't want to stop reading long enough to find some!

---

### **Christina says**

A Kiss In the Rain started very well. The characters were real and relatable. There is illness and death at the beginning, that is very well thought out. Dacia did a good job of keeping it real. As the book progressed she lost control. The experiences became very unbelievable and quite a reach. She could have cut out the attempted kidnap, the heart attack as well as a few of the over the top good things. For example - dad and mom converting and finding Jesus. It was just too much.

I won this book from Good Reads. I think Dacia has the potential of writing a very good book, if she can control the action in her books and make it a little more true to real life.

### **Debbie says**

A sweet book with interesting well-drawn characters. I particularly enjoyed the character of Adeline. I have had three grandmothers in my life, two biological and one who was an extremely close friend. From all three I learned lessons that will stay with me always and know that sometimes the most important relationships are those that span the generations.

This Danielle, the lead character in a Kiss in the Rain, learns when she meets Adeline - an eccentric old lady with a talent of asking just the right questions.

This book surprised me and I look forward to reading more from Wilkinson in the future.
