Daurian Charter of Back Down Devil MC, Book 4

Back Down Devil MC, Book 13

All I want for Christmas...is the woman I can't have.

I've finally patched in to Back Down Devil MC and I'm ready to drink, fight and enjoy any willing woman. Then they give me my first assignment: I'm going to be a babysitter?!

Tia, a woman half the city is hunting, needs protection. Okay, fine. Except she turns out to be a smart-mouthed, curvy beauty who sets my soul on fire. And Prez makes it clear: if I so much as touch her, I'm out of the club.

The tension is unbearable: every time I look at this woman, I'm imagining throwing her down on the bed. Then it gets worse: when her enemies close in, Tia and I are sent off to a remote cabin in the woods. Neither of us can resist. Her body is mine. And I know this is about more than just making her moan my name. I'm crazy for this woman.

They can take my cut, my ride, even my life... but I'm not giving her up.

Great addition to this amazing series. Diesel has just been patched into the MC and giving the job to babysit Tia. Someone is trying to kill Tia and her father has brought her to the MC for protection while he is out of town. Tia is missing the Christmas time she used to share with her mom, Diesel never really had a good Christmas. The President of the club told Diesel that Tia was off limits, will he listen or will this be Tia and Diesel's last Christmas? Great story, lots of drama and suspense and SO sexy! Loved it!

An Outlaw for Christmas Back Down Devil MC Romance

London Casey

4 stars

The Back Down Devil MC men are at it again .. doing good when the bad comes calling. Diesel or "D" has waited forever to patch into the MC and finally his day has come. The brotherhood is all he has ever wanted and exactly everything he needs. After his initiation he wants one thing .... Beer and a few ladies and the one sitting at the bar wide eyed will do just fine. After he heads up for a shower she is his. Everyone wants a piece of D and his eyes are set on his target for the night

Tia has been brought to the Back Down Devil Clubhouse by her father for protection. Someone has intentionally burned down her apartment and wont stop until they get what they want from her. Whatever her father did it had to be bad. However her lips are sealed as directed by her father.

Low and behold upon finishing his shower D finds the beauty at the bar sitting on his bed. In only a towel around his neck D is primed and ready to go. The boys must have sent her up for his "doing." Little does he know he actually is getting ready to babysit the woman as his first assignment as a Back Down Devil.

Loving the season and missing her mom and now stuck with this gorgeous man maybe Christmas wont be so bad. Things start to heat up as the two are sent further into hiding in the woods. D has been instructed not to touch the woman .. but when emotions run high and in the spirit of giving he may just have to defy his Prez and the boys on his first assignment. They can take his cut ... they can make him pay but leaving this woman alone is not an option. He will protect her with his life because he is keeping her.

I love the BDD MC and this story was a great addition to the series. There is nothing like an awesome big hearted protective man all year round but especially under the mistletoe. I soaked this one up in one sitting by the fire! The cover is really beautiful in my opinion. The grays, red and rest of the colors are a great mix and add just the touch needed to for the holiday feel. I LOVE the bike in shadow at the bottom. Fantastic job.

Review to post to Ramblings From Beneath The Sheets. I found this one off the blog. Go and take a peek. You wont be sorry!

Tia and Diesel meet on the day that he is patched into the Back Down Devil MC. Tia witnesses his initiation ceremony and finds out that he is going to be in charge of protecting her. Diesel has no idea who Tia is, but wants to know more. When he discovers she is his new assignment, he is told to keep his hands to himself as she is off-limits. Tia and her father keep secrets from the MC that come back to bite Tia. Diesel knows Tia is hiding something, but can't get her to reveal what she knows. The back and forth was interesting, but I kind of lost some of the momentum I had going for them when Diesel comes up with a poor plan to get Tia out of his head. I lost respect for both of them a bit after that. Tia knows that Diesel will get into trouble, but both of them decide that their feelings are just as important as his cut. When it all comes to a head, Tia and Diesel are left waiting to see what will happen to them. The ending was a bit quirky but overall a good read.

Awesome read. This is such a great series and I just can't get enough of these hot outlaws. D is finally patched in but his first assingment is to protect Tia, even though they are both attracted to each other, D is warned to stay away from her by Trev. They give it a really good try but D began to really get to know Tia and he fell in love with her, which him saying it first was great. This book like all the others in this series is just wonderful, it has a great plot, lots of hot sexy scences and throw in some christmas you can't really go wrong.

#### **Hot Christmas mc read**

I'm in the Christmas book reading season, and this one was a good one! Hot dirty talking biker protecting a strong sassy female lead. Protection, danger, hot sexy times all around the Christmas season.

At the end of the book the author makes a statement that sums up this read: "I wanted to write a real story, a real outlaw romance" well imo she succeeded!

I voluntarily reviewed an Advanced Reader Copy of this book.

I am a huge fan of this series and as the books come out they only get better and better.

This is the story of Diesel and Tia and how the have to struggle against temptation and how always love wins.

I have to admit that i didn't expect Diesel to be the way i saw him in the book (so avoiding spoilers) I really enjoyed reading the book and seeing all the rest of the guys.

The book was well written and the story was intriguing and was keeping you glued to its pages .  
Deals gone bad,bad language,sex,boose and women all around and the life of the outlaws and the bad boys  
that in the end are not that bad despite the their exterior image and what the show to the others.

I have to say that this is truly an early christmas gift and the author just leaves you wanting for more!  
More hotness,more of the boys,more of everything!!!  
If you haven't read the series then its a must must must!

London Casey/Karolyn James has done it again with another great read in the Back Down Devil MC series. It was a great introduction of Diesel as a prospect getting patched into the club with some of the members we know and love making their appearances. Diesel gets his cut and a mission almost at the same time. Protecting Tia and keeping his hands off of her. Now the fun begins. The characters were all strong, the action was twisty, the sex was hot, but no sex with Tia for Diesel. Can Diesel complete his mission without any problems? It is the holidays after all, so who wouldn't want "An Outlaw For Christmas"? Tia sure does. She wants Diesel. It was sexy fun to see the lengths Diesel goes to in trying to keep his hands off of her as well as keeping her safe. I love to read the BDD series and see the guys get their HEA. Thank you to Karolyn James for gifting me "An Outlaw For Christmas" and asking for my honest opinion. This is mine. 5 Stars!

I am a huge fan of the Back Down Devil series and I can't praise it highly enough. London writes a fantastic story that flows so easily that the hours just disappear before you know it. This is not my favorite of the series but is still very good. I didn't feel it had the twists and depth that earlier books have had. D's character development or history seemed a little light. I still love the series and can't wait for the next book.

BDDMC is one of my favorite series. Love to revisit the MC Characters and this story was HOT! A big bad biker protecting a lady he falls for. All the stories are great, but this one is Christmas themed and made it a little more magical like the season. I just love it when these tough guys fall hard.  
Looking forward to the next in the series & am glad that there are 12 more stories coming. Still waiting on that slut puppy Cash to get his due!

>Book Review – An Outlaw for Christmas

>I am an independent reviewer. This book is the 1st in the Back Down Devil MC series and ends in an HEA. Diesel is a newly patched in member of the Back Down Devil's MC. His first duty for the MC is to protect, and not touch, a businessman's daughter, Tia. Tia runs her own business, yet puts up no fight whatsoever when her father dumps her at an MC. Of course, both Diesel and Tia are attracted to each other. The scenes of them fighting their attraction in very hot, unique ways were really surprising. Tia seemed unable to feel jealousy. Diesel did not have that issue. He also was in to exhibitionism. Wow, the descriptions of a naked Diesel are hot.

>The actual threat to Tia and her father's actions were a bit contrived, but the romance really made up for the lack of real suspense in the story. This book seemed to keep to the realism of MC life, instead of sugar coating everything and just having a romance set in a fictional MC. This book is appropriate for an adult audience. I am giving this book 4 stars. I loved how Diesel learned to love Christmas, with the love of Tia.

#### **Our Review**

Let me start off by saying this is a new author for me and I have to say that I picked a good one. I thoroughly enjoyed this Holiday story. I happened to come across this author in a Holiday promo and thought it would be great to read a few Holiday stories that were different from the norm so I picked several MC authors to try out and I have a say that all the stories I read I loved so I picked up the rest of the stories in their series.

Wow! I was hooked from the very first pages and devoured the story until it was finished. There was so much going on right from the very beginning intrigue, sexual tension, aura of danger, sharp wit and tons of humor. The main story was about Tia and Big D known as Diesel also. I have to say I loved both character's they were interesting, funny, playful, protective of each other, sexually attracted to one another and a whole lot of hotness in the air.

I normally pick one character that turned out to be a favorite of mine in a story and mine turned out to be Big D. Although I loved Tia, Big D went through a lot of healing in this story even though he might not have recognized what was happening with Tia being present in his life. I loved the fact that although Big D was a newly patched he should have been enjoying the benefits of the club for those new members but, he did not get to enjoy them making him so damn uptight and frustrated it was a funny site to see. Diesel's windfall of those benefits were deprived of him because of his new job of protecting Tia. It was funny to see him so sexually frustrated it made me laugh with his antics of refraining especially as Tia was off limits to him and all members to the club. I found Big D to take his job seriously even though he wanted Tia from the first moment he saw her. I also found Diesel to be protective, funny, had a sense of humor and big heart even though he doesn't let most people in or close. Diesel wrestled with a few demons of his own in this story and one of them was hating Christmas which Tia absolutely loved and it was her favorite time of year. I love the fact that although he hated Christmas he went out of his way to make Tia's Christmas something special even when they were on the run from killers. He opened his heart for Tia which totally made me fall in love with him as you saw it was extremely hard thing for him to do.

This was just a great story from the beginning to the end a page turner of intrigue. Tia and Big D's sexual tension was off the charts. I had to laugh at his punishment stunt for Tia for making him rock hard constantly

and frustrated. That was some punishment guys and girls ! (LOL) I loved Tia to she really had a vibrant personality and was protective loving, funny and real backbone. Tia is the type of gal every hard ass biker needs Tia's the perfect fit.

I was glad to be part of Tia's and big journey as the couple were falling in loving , both healing in their own way from their past hurts that they had in there life and cleaning house with their current ones. Big D grew the most throughout this story and also had the most to lose if he wanted to kept Tia in his life after all is said and done. Tia also had some really hard choices to make also if she was going to find a life with Diesel. I really loved these characters and connected with both of them from the very beginning which is important to me when reading a story to have a connection with them. The author also did a great job at bringing all the secrets to life which made the story even more intriguing as it went along. We loved it and are looking forward to reading the others in the MC series. We are giving this a 5 star read and putting it on our favorites shelf for new author's.

#### **D has never experienced Christmas**

The only family Diesel has ever had was his club. Now as a newly patched member he is tasked with protecting a friend of the club. The only condition is to keep his hands off her. As he protects her he has to find out who is trying to kill her. In that process D loses himself but gets a Christmas gift. Will he be enough? Good read, developed characters.

### **Linda Levine says**

This is another great MC romance by the author. You get a club member who has to protect a woman from a dangerous situation her family is facing and needs to protect her from him too. He is supposed to keep away from her but the attraction is too strong to resist. I loved their chemistry and he is definitely a bad boy you can't help but want. It is well-written and a great read on a cold night.

I am voluntarily reviewing a copy I received.

### **Janice Somers says**

Diesel (D) is to finally become a patched in member to the Back Down Devil MC.

Now he is in the Club conference room for a meeting with Prez (Trev) and is told that he has a job of that starts immediately and that job is protecting a woman and finding out why it's needed and reporting it back to Prez.

Tia is standing at the bar of the MC and her father has brought her here to get protection from whoever is trying to get to her. She's lost her apartment to a fire that totaled hers and smoke damage to a few others. A strategically set fire. Now she is to be provided protection from the MC while her father goes out of town.

I enjoyed this Holiday MC story. It has the dirty filthy talking outlaw and an independent business woman

who is being manipulated and used by a loved one and hunted by the guys who want to kill her. It also brings an outlaw who never experienced a tree or love for the Holidays around to love.

### **Doris says**

I am a huge fan of the guys from Back Down Devil MC. Just about the time that you think they can't get any better, another one comes up and smacks you right in the head. (I'm just not going to say with what. Lol) We see that Diesel is newly patched in and is given a protection job the same day he receives his cut. The only thing he thinks is, sh\*t now he's not going to get to sample all of the club believers plus he is given strict orders to not touch the beauty he is to protect.

Tia is brought to the MC by her father after someone is trying to kill her and get to her father. Since dear old dad has had dealings with the MC prior to Trev taking over as President of the Back Down Devils MC, Tia's dad knows that she will be safe with the MC. Diesel is to find out what info Tia is hiding and report back to Trev but that's easier said than done with this tight mouth beauty. The one thing he does learn is how much Tia loves Christmas probably due to all the great Christmas's she remembers with her mom and dad; especially now that her mom has passed away recently. Tia has a hard time convincing Diesel how special Christmas really is since he never came close to a Merry Christmas in his life.

So is this badass biker able to resist the temptation that is Tia and for that matter does Tia want anything to do with that hot biker that is there to protect her...hell yes!!! What are all the secrets that Tia is holding on to and what will happen because she doesn't let anyone in until it's too late? Will this be Tia and Diesels first and last Christmas together? Just like all the other BDD MC books this one is full of hot, sexy outlaws that you won't be able to resist. It's just gave me a new appreciation of Christmas. I could only hope for a "Diesel" to be wrapped and under my tree this Christmas!!

I was gifted a copy of this book in advance for an honest review.
