Blaze's Second Chance

Sam Crescent

Blaze's Second Chance Sam Crescent

Blaze Sinclair is the oldest son in the Sinclair household. He's strong and sexy as hell and craves the plump receptionist working in his office building. On the night of the Christmas party his life is turned upside down, but he's determined to have the woman he wants.

Cassie Walker has fallen in love with her boss. She spends every day at work craving his attention. One night her life is changed forever. Broken and used, Cassie must learn to move on and forget about the man who owns her heart.

Five years pass. With a divorce and a son under his belt, Blaze comes face to face with the only woman he's ever wanted.

Can she forgive Blaze and give him a second chance, or will it be too late for her to realize the best things in life are worth fighting for?

Victoria Craig says

Great Read

Usually I am all about the sexy guy in the story. This time I am impressed with the heroine. Cassie is a really nice woman who had her heart broken by Blaze. When Cassie came and literally fought for her man, I was like, YES !!! Take that evil ex !! A great second chance romance from the remarkable Sam Crescent . Ready for book 2.

Dinjolina says

I can summarize this book in one single SOUND. It does not even merit a word.

*(If you were wondering, that sound is – **UGH!**)*

.
. .
. .
. .
. .
. .
. .
. .
. .

Putting aside the appalling sentence constructions, I found myself baffled by the utter lack of motivation or answers to the question “Why?”.

Why was the hero having sex with the skinny other woman while being in love/lust with the heroine?

How ever did the hero impregnate the ow? Was he completely lacking in means of protection? What was up with that?

Why did the hero marry somebody BECAUSE HIS DADDY TOLD HIM TO? Is he 15? No? He’s 40? Oh. Well, gosh.

Why was the hero 100% indifferent and almost negative toward his stepmother? He was 12-13 when his father married her, which is not all that old. He still had a lot of years in which she took care of him and loved him with all her might. Why was he perfectly ok with his father blabbering about loving his first wife.....for 25 years of his next marriage? Why was he ok, and even supportive of this kind of emotional

abuse toward a woman that was fabulous with him, and even with his son?

What is up with the idiotic premises that Sinclair man can love once and only once? Who said that? Why did they believe that?

And ultimately --> WHY IS THE HERO AN UTTER ASSHAT?

As we all know, sometimes, the plot can be up side when characters are brilliant on their own. Sadly, this read not only has a distinctive lack of plot flow, it has BORING characters.

The heroine was not bad per se (unlike the hero!) ...she was more of a non-entity. And being a non-entity in Romancelada makes me yawn. Hard.

I felt no connection to her, and I had no real understanding over what she is like, except that she is a bit overweight.

While on the subject, let me just give an...

....IMPORTANT NOTE FOR AUTHORS:

Being overweight is not a real character distinction. Having a few extra pounds and a flabby stomach does not tell me if you are nice or if you like bon-bons, you emotionally empty dishrag, you! At times when she was owie-owie-huwwwwt, or saaaaad, or being an utter drama-lama, I got an uneasy feeling that she was plainly epileptic. Who else goes from being catatonically boring to exploding all over the place?

All in all --> don't waste your time on this. **It's not even interesting enough to rant about.**

Kaycee ♥? says

I've read this book years ago. But decided to read it again when I saw the notification popped up and DA4Pups liked Learning to Forgive. I have forgotten about that trilogy and decided to read them again hence my review.

Blaze's Second Chance was full of hot, steamy and passionate sex, plenty of drama, heartache and romance. And even though it was just a short novella I totally enjoyed it. I am nuts for a second chance romances. But what made it different from other stories about second chances? This book doesn't have tons of angst. Both Blaze and Cassie knew what they wanted from the start. It was well written and very engaging. Plus all the characters are very interesting. Especially Molly and David.

I admired Blaze for what he did. Don't get me wrong, what he did to Cassie was terrible but he was just doing what is right even though it wasn't what he wanted. He's a great father. He considered his son first before himself. As for Cassie, I loved her character. She's a strong woman. Knows what she wants and even though she was badly hurt by Blaze it still didn't stop her to become a very successful woman.

And that little epilogue had me sighing. Both Blaze and Cassie definitely deserved a happy ending.

Julie Dalglish says

love it can't wait to read more about the Sinclairs

—•(-•The Insomniac Book Hoarder•- says

Not bad. I just wished that Blaze had initially manned up and had some courage to stand by what he felt for Cassie. That would've saved them a lot of heart ache, but then where would the story be without some unwanted and predictable drama? lol, an okay read though, just to pass the time..

Judy Trabant says

Simply awesome! I just can't describe how good this book was. I fell in love with the whole Sinclair family. The love Blaze has for Cassie is beautiful. I loved the day Cassie found out about Blaze' future plans and how she 'went out to lunch' and never met with Blaze in his office. I was so proud of her! One of my top books so far! Sam is an extraordinary writer!

Vanessa says

Despite the mixed ratings, I sort of expected a light and funny read with a good story plot. I mean, the idea is good : Blaze and Cassie secretly have had the hots for each other for a year but have not acted on it yet, given that Blaze is Cassie's boss. At a Christmas reception, they finally have sex, but it turns out to be quite a disappointment for Cassie for, a few days later, she learns that Blaze is not only engaged but a soon-to-be father. Three years later, they meet again.

I thought, OK, potential for some good stuff here and I went for it. The fact that the heroine is a plus-sized woman didn't hurt either.

In the end, I was sorely disappointed. The plot was clearly underexploited, things going far too fast for me to buy it! That is to be expected of course with novelas _ which I don't read very often, because I like my romances to evolve at a reasonable pace and my characters to benefit some development throughout the book _ but here I was really disconcerted to see that quite a room was made for secondary stories : Chris and Erica, David and Molly, and of course the other brothers. Oh, I can only assume that those secondary plots are meant to set the background for the on-coming books of the Sinclair series, but still, they clearly ate at the space that should have been saved for Blaze and Cassie's story.

As a result, I thought that the romance progressed far too quickly, at the cost of realism. And I couldn't bring myself to care much for any of the characters.

Moreover, as if that was not enough, I was quite frankly turned off by some expressions or elements throughout the book. For instance, I couldn't believe my eyes when I read, during a sex scene, that "*Blaze wanted her swimming in his spunk*". Okaaayyyy, thank you very much for that charming image, I shall go and put my own eyes out now. Speak of a mood killer...

Also, what kind of parents would call their children Blaze Junior (isn't Blaze a romance publishing firm or something?) and Yvonne? Sick b*stards.

Talltree says

Not for me:

H slept with other women while in lust/love with h.

h finally sleeps with H only to find out he is engaged and a soon-to-be-dad. Gag.

Rachel K says

Blaze is a fucking idiot (like his dad and brother), Cassie is a stupid moron, and I can't believe I read this shite!

That is all.

Cheesecake says

The shtick with the Sinclair men is that they will fall in love and then be a completely inexcusable asshat to the woman they fall for. Then years later they will try to redeem themselves to said lady. So the premise of the story is only successful if the author can convince you that they are redeemed. I love a book with some good grovelling by the hero. This one totally fit the bill. It wasn't a great read, but it was entertaining and I did like the Sinclair in question by the end of the book. His name being Blaze and his kid being Blaze junior was distracting and hard to take seriously. Not sure what was up with that?

Genney Blass says

I gave three stars, because even though the leading characters were Blaze and Cassie, this book should have been Book 2, because Chris story should have been Book 1, however I have not read Book 2. But from the get go when Chris spoke to his brother and informed Blaze that he really mess things with Cassie and that he did the same this Jennifer, it should be story Number 1. Then the drama fore told in the Sinclair summer house OMG, what the hell! I felt there was no happy ending, because the only couple that was happy was Blaze and Cassie. There was so much arguing, and fighting between the parents, that I was losing tough with the dayum story. Sorry Ms. Crescent but I was not feeling this story. But you are a good author. Thank you.

Chantal ♥? says

Here is another fine example of this complete **f*ckery** of this plot in this book by this author.

Guy who is supposed to be in love with heroine, sleep with her but has a baby and marries another.
Oh yeah all because Daddy said so!!!
I guess no **condoms** are available to the rich!!!
My ass!!!
Omg if I have to hear about one more time this chick reasons for her not having self confidence,
...I will SCREAM!
I think I have reach critical saturation levels for this bull!
NO MORE PLEASE I GIVE UP!

Dr. Bronwyn Ph.D of Smutology says

3.5 star read

I can see why there are people who didn't care for this book. The relationships weren't well rounded and the characters weren't entirely likeable.

We have the 3 Sinclair men who are obviously emotionally immature. I can't think of any other way to take these guys. Whether its finding out your girlfriend is pregnant and marrying her, hurting the girl who's virginity you took or the worst scenario making your wife of 25 years feel like 2nd best and being shocked when she's had enough....well you aren't looking to win any congeniality awards.

While I can't say I was particularly fond of these Sinclair men I will say that the tension and emotions felt real to me. Regrets are real and if you won't take the time to get your head out of your ass and realise you're an idiot....then you aren't likely to keep the love of your life.

In all three situations, the betrayals would cause any woman to second guess their worth so it was nice for the guys to get their comeuppance and realise that they would have to work hard to right their wrongs. Hope Erica and Molly don't give in too easily. Even though timeframe wise, Cassie seemed to forgive quickly I felt she'd grown over 3 years, and in all that time she truly loved Blaze. I don't for one second believe that she would have put her life on hold indefinitely for him though but Blaze was who she wanted.

Angie says

This book was so good!! Blaze has a weird notion and has to learn to get over it to move on with his life. Cassie was great! I am a big fan of Sam Crescent's work and she didn't disappoint!
