But as Barb reluctantly takes the case, she uncovers deadly secrets and it becomes obvious someone is now out to get her. Suddenly Barb finds herself in a race against the clock to clear her ex's name and keep herself alive. A cozy mystery that kept me guessing who was the bad guy. Who I didn't see coming by the way! This book was hard to put down. Enjoyed the likeable characters and their friendships. I enjoyed the romantic interest and hope it continues because I think they are good for each other. Looking forward to reading the next book in the series.

Barb Jackson owns a private investigating business. Her usual clients are cheating spouses, and even though there are many of them, they barely pay for the electric bill....so when her ex boyfriend comes to her for help, she isn't sure she wants to take his case. He is the #1 suspect in a murder investigation and when he and Barb were engaged, he cheated on her, bringing back some bad feelings and memories for her....and she has never taken on a murder case before. She knows deep in her heart that Jason could never really murder anyone, she takes him on as her client and risks everything she has built up to prove he is innocent. As she is getting info on the murder, Jason is beginning to look guilty, especially since the overly sexy sheriff, Tyler keeps telling Barb that he is. This is a great story from a wonderful author, and I am looking forward to reading more from her. Good job, Anna Snow !

### **Linda says**

I liked Barb Jackson and her two friends that comprised her investigation business. Barb is tiny, blonde, and people often think she is dumb, but they all regret it in the end as she's one smart cookie!! When her ex fiance shows up to hire her, she blew him off at first but she couldn't see him go to prison and she tried to help with hopes that her struggling business would see more and better paying clients. But, the murderer is dead set to have her dead!

Barb Jackson is awesome I love her style her attitude and she always gets her man and solves the case.

### **Elisa Hordon says**

Talk about laugh out loud funny from beginning to end, Barb Jackson is not your average P.I and she is definitely NOT a dumb Blonde. Barb is smart, sassy, stubborn and she does things her own way in her own style.

When Barb's scumbag cheating ex turns up in her office begging for her help she just knows things are going to go south real quick, when he tries to stack on the charm she knows he is lying to her but even though she

knows he is a liar and a cheater Barb also knows he is not a murderer so reluctantly she takes the case. Now Barb is running around looking for clues and getting herself into all sorts of hilarious trouble, but can she get out of it or will hunky detective Tyler Black need to swoop in to save Barb. This book is definitely worth the read if you love funny, spicy cozy mysteries with a touch of romance.

I would actually give this a zero star rating - sorry - but I don't know if the author or the editor is more to blame.

### **Gary Sundell says**

I enjoyed the story of PI Barb Jackson. Fun supporting characters. Interesting mystery. Who killed the modelling agency owner's wife. Barb's ex-boyfriend is the primary suspect. He hires Barb to prove his innocence. Local hunky detective, Tyler Black, is not happy Barb is interfering with his case. Looking forward to the next novel in the series due out later in 2016.

For those looking for a cozy without some adult situations and language, this is more a soft boiled mystery

### **Ricki says**

Great PI cozy, but the romance was rushed and thus awkward in the beginning.

---

### **Rita Sheppard says**

This is a fun cozy mystery that you will enjoy from beginning to end.

Barb Jackson, private detective, along with her employees Kelly and Mandy are great at investigating and getting to the bottom of a mystery. When Barb runs up against Detective Tyler Black, the sparks start flying as Barb works to prove her ex-boyfriend didn't commit murder.

This is an enjoyable cozy if you're looking for a light read.

### **April says**

A Fun book! Humor, donuts, coffee, stud muffins and of course murder!

---

## **Johnna Hill says**

I'm really glad Barb isn't a ditz. Sometimes the female who is the main character of a cozy mystery can be a bit of a dumb dumb. Tyler and Barb's chemistry is off the charts!

---

## **Jerri Cachero says**

Barb Jackson is as tough as nails - well as tough as you can be when you're 5 feet tall, curvy with a love of bubblegum - private eye. She's also smart, funny, resourceful and up to her private eyeballs in murder!

What do you do when a cheating "ex" comes begging for help to clear him of murder charges? Well, Barb and her partners go to work to sort through affairs, male escorts (smoking hot!) , handsome detectives and a need for lattes until they put the killer away and clear their client.

Full of mystery, wit, romance and action, the Barb Jackson series is on my "watch for" list. Can't wait to see what they're up to in the next book!

\*\*\*THIS BOOK WAS PROVIDED BY THE PUBLISHER/AUTHOR IN EXCHANGE FOR AN HONEST REVIEW\*\*

Anna Snow's Bubblegum Blonde is the first full-length novel in her Barb Jackson series, and Barb is great fun!

Barb runs her private investigation agency with her two best friends, Kelly, and Mandy, who work hard to get Barb--and keep her--out of trouble. But Homicide Detective Tyler Black is just beginning to figure out it's a full-time job.

When Barb's cheating ex-boyfriend comes to her for help, she bumps heads with several really hot men; gets beaten with a frozen chicken, and hangs-literally-by the seat of her pants!

There is so much fun to be had, you absolutely need to read the Barb Jackson series. I know I can't wait for the next installment!

**Fun start for a new series**

Barb's lying, cheating ex-fiancé hires her to clear him of murder. The hot detective on the class can't decide whether to kiss her or jail her. A funny read and who done it.
