Jessica says

Great recipes for yeasted breads!

Nearly all of the recipes included need yeast, either instant or active dry yeast. There are a few recipes for quick breads that don't need them, but 90% do. The recipes are great with very detailed instructions, so try your hand at making your own loaves today!

Rita Brown says

Great bread recipoes

There are some good basic bread recipes. I am really going to have to try the pretzel buns. I can't wait. They are so pricey in the store. This book has very easy to follow instructions.

Felicia Thomas says

Easy to use and bake

Recipes are easy to understand and make. My family loved my bread and want me to make all of the recipes

Julie Barrett says

Homemade Bread Recipes: The Top Easy and Delicious Homemade Bread Recipes! by Kim Dewalt
Free bonus ebook is offered. Table of contents about different types of breads. An introduction and then
recipes.

Each recipe includes a title, color photo and summary of the history of the dish.

Ingredients are included and I'm not sure you can substitute for your healthier dietary needs-low sodium, low
fat as some breads need real butter or shortening.

Directions are included. There is no nutritional information.

Spiced apple bread would be our favorite to try without as much sugar is called for.

Lot of choices and mostly basic traditional recipes. Great for first time bakers.

Greg says

Perfect for beginners

This revile book is great for beginners like me and aficionados of bread making. Instructions are clear and the author is helpful in couching the baker along. I love that she gives instructions for both users of mixing machines and those more brave.
