Inseparable Mia Ford

She's meant to be mine, and this time I'm not letting her go!

I'm done with gold diggers,
And growing my business is all that matters to me.
Until...

I spot her at the bar.
She ignites that passion in me...once again!
And I decide to claim her for good.
I'm gonna make sure she moans my name and begs for more.
And when life seems so perfect,
I discover more about her.
I can't believe she kept secrets from me.
She's a woman I never meant to hurt.
And now I am faced with a choice:
Do I let go of the past?
Or give our relationship a second chance?

Two lost souls, running from the pain of their pasts, find love, passion, and more than they could have imagined possible, but are they prepared to do the work to have it all?

3.5 hot angsty stars

A sweet second chance billionaire romance read full of drama.

This is the story about two people who sworn off to not attracted to the opposite gender, two people who guarded their heart because of their past, finally fall in love. Oh yeah it's interesting, I love when they're struggling with their own feelings and trying to deny it.

It has a lot of drama and it brings all the feelings, from frustrations to getting hot and bothered, although everything happened too fast and I'm not a fan of the characters, I still enjoying it nonetheless.

As for characters, I'm not a big fan of Nathan, I wanted to slap him and punch some sense to him, I hate him for what he did to Amanda.

And Amanda, she's a nice girl, too nice for my taste, she's so easily forgive someone.

Even though I'm not a big fan of this couple, they're so perfect for each other and I like their banter.

If you're looking for second chance romance packed with drama, you might like this one.

Well, I finished it ! Granted, I skipped a lot because I just couldn't deal with the h in this book.

So this woman, who lives by herself yet does not have a job because she's living off a trust fund - apparently has a lot of one night stands. I mean she literally says "... my one night stands usually ...", now I'm all for women being free to do as men do, but unfortunately the delivery of that information in this book made her seem slutty. But fine, let's work past that.

The antagonist in this book comes in the form of the spoiler sister of the BFF (whom I actually REALLY liked) because she doesn't like that her own sister chooses her BFF above her. Really ? That's kind of lame as far as drama goes but once again, let's work past *that* issues too.

What it comes down to (view spoiler) all at the hands of the spoiled sister . Classic stuff that you can find in just about a billion books on KU. So when the big showdown happens, guess what ? (view spoiler) Way to make him work hard for it (NOT). It's not a matter of playing games or having the upper hand, is just that damn, is it really so hard to write a book about a strong female character that doesn't fall the H's feet after he has treated her badly just because he flashes her a smile?

It's just utterly predictable.

JadaLynn says

Nathan Roberts has sworn off relationship with a couple of one-night stands. He's thrown himself completely into his work.

Amanda just graduates she self-proclaim single lady no more relationships because that last one was just draining.

When two people who swear off love and relationship fall for each other so quickly they're inseparable. What happens when everything and everyone trying to keep them separate.

I was disappointed with the character flaws in the main protagonist he singles handily let everything get to him and ruin a perfect relationship. Also, I was really upset with the fact Nathan put so much trust in his best friend that he let everything cloud his trust and judgment because of he best friend pushing that this relationship he was in was a mistake. Also when the relationship had fallen apart. Nathan drinking and wasting away his best friend did nothing to help. He insisted it wasn't that serious and to get over it and continue to go on with his own business even though he ruins two lives unknowingly without looking it. Also, I really wish we could have found out what Sarah problem truly was with Amanda was cause at the beginning I had chalked it up to jealous but the full-blown scheme she put Amanda and Nathan thought was just ridiculous and seemed far-fetched to just be out of jealousy.

This book was overall a crazy they have everything steamy let seem romance and a ton drama.

Shermaine Dowling says

Although I really liked the characters, Nathan and Amanda, and their beautiful, if not rather speedy, fall into love, I had to give it a 4- rather than 5-star rating. And the sole reason was that Nathan's (Spoiler Alert) unequivocal acceptance of hearing something awful about Amanda and his rejection of her was beyond ludicrous, heinous, and I thought quite out of character for him. The speed and ease with which he believed what his friend had to say about the woman he so utterly loved was ridiculous, in spite of his having been brutally duped and destroyed by a former love. While I wanted them to have a chance to repair what his harsh reaction had done to their relationship, I sort of disliked the speed with which she forgave him, especially considering her current circumstances. But like most, I adore a HE A, so I'm totally over my bitterness. Amanda is a better woman than I. Ms. Ford's plot and storyline styles are awesome. I felt that Nathan's behavior and even speech pattern at the end was a bit stiff and less loose than he was in the first half, but it could have been her design since he had blundered so terribly. I heartily recommend this book to all romance lovers.

When Lindsey, Amanda's friend cancel their dinner date Amanda decides to stay anyway. She meets Nathan and what started off as a botched dinner date turns into a love at first sight meeting. The two has such chemistry that they become inseparable and when they are apart there is a longing that sets in. Outside forces are working in the background to keep these two apart. Both Amanda and Nathan have been burned in the past with unfaithful ex's. Can these the two love birds survive these forces? I voluntarily agreed to receive an ARC of this book for an honest review.

Raecharmed says

Amanda meets Nathan when a friend cancels on her and they hit it off once they start talking. Each has a bad experience in love but are very open to each other. Nathan can't stop thinking about Amanda and even talks to a friend about her. Things click fast for the both of them and Nathan jumps ahead and asks her to marry him. Amanda agrees and starts planning. However what neither knew was that there was a person that is out to make sure Amanda is never happy working to plants seeds of doubt to Nathan. Can Amanda show Nathan that she isn't a gold digger and that she really wants him?

This was a great story about two people immediately knowing they had find their perfect someone. It'll keep you turning the pages and leave you wanting more. The chemistry between Amanda and Nathan was instantaneous.

Inseparable

by Mia Ford

????????

Maybe it was kismet. Maybe just coincidence. Whichever, Nathan Roberts and Amanda Johnston met, and became almost, literary,

inseparable. Actually they met at a bar when Amanda's dinner partner bailed and Nathan was there just clearing his head. They struck up a conversation and the rest is history, or is it? Amanda's BFF is getting married and she's the maid of honor. Nathan's good friend John remembers when Nathan was dumped by his former girlfriend and thus watches out for him, a little too closely. John believes Amanda is using Nathan just like his ex did. You have to wonder if these two friends are really friends at all. It all seems a bit hinky to me too. The characterizations of the key players is quite good. I love hunky Nathan and love the genuineness of Amanda. Those two DO belong together, even if it all happened at the speed of light! A thoroughly enjoyable, lightly sexy, fun read!

I voluntarily reviewed an Advance Readers Copy of this book , (and loved it).

Karina says

I voluntarily reviewed an ARC of this book. Wow! What a wonderful read! I must say it is probably one of my favorites by Ms Ford. I really enjoyed Amanda and Nathan and really felt their connection right from the start. The chemistry was off the charts as was the sexy scenes between them. It seemed that they really fell

for one another quickly and knew that they found the one. Though both had bad relationships in the past that turned them off of falling in love they both were unable to ignore what was happening between them. There is a bit of drama in the form of John, Nathan's friend who at times made Nathan doubt not only himself but Amanda as well. Amanda had her own drama to deal with in the way of her best friend's little sister, Sarah. For some reason Sarah has decided that Amanda does not deserve to be happy. This was a well written book and the characters and what they went through was so touching. Both were finally able to overcome all the issues caused by others and find their HEA! Wonderful book worth the read.

Stephanie Smith says

4.5 Stars ?

A great second chance romance. This was a beautiful and believable love at first sight story, until the trust issues that Nathan has get the better of him. Unfortunately he trusts his best friend when he says that Amanda is no good for him, rather than having belief in himself or enough confidence to overcome his fears of being used again to hear her out.

Amanda is a great character and a strong woman, that despite being heartbroken is able to manage on her own. She hides nothing, but if she can't get him to hear her, then she will pick herself up and cope with the support of her best friend.

My only complaint is that she was maybe too forgiving and understanding, that might just be because I wouldn't be able to forgive so easily, but I am not as nice a person as Amanda. Well written and worth reading.

Judy says

This is a wonderful love story about Amanda and Nathan who unexpectedly meet at a bar restaurant. Once these two start talking you can feel their connection. They hit it off and end up at her place that night which turns into breakfast the next day. Things move very quickly between them but feel so right. Both Amanda and Nathan have had pretty bad experiences in the past that have caused deep hurt. Nathan's best friend and partner John stirs up trouble and drama with information he has received from an source he should not have trusted, Sarah. Amanda is having her own issues with Sarah who is her best friends little sister and is very jealous of her. Sarah's goal in life is to cause hurt in any shape or form for Amanda and the reason is unknown to Amanda and others. Will Sarahs actions cause Amanda and Nathan additional hurt beyond repair? How can these two ever find happiness after all the lies that are told? I voluntarily reviewed an Advanced Reader Copy of this book.

Not Bad

3.5 Stars

This story wasn't too bad. It was quick and sexy. I enjoyed the Insta love part of the story, Amanda and Nathan had immediate and intense chemistry together. I wish that Amanda had made him grovel for forgiveness more after their breakup. I would like to read more books where the H really has to work to be forgiven, let's give the h a stronger backbone. Other than that it was an alright read.

MJM says

A night at a restaurant and her best friend fails to turn up for dinner so Amanda, still hungry, goes and sits at the bar to eat. It's there that she notices the most handsome man she's ever seen before smiling and watching her. He asks if he may sit next to her and introduces himself as Nathan. The next thing they know is that the restaurant is closing for the night and she offers him a 'drink' at her place. Now this is a story by Mia Ford. If this is the first book by her that you've read then this was a fantastic choice and you've got so many more brilliant books to catch up on. For those of you like me who are fans of her writings we know that we're in for one hot and steamy romantic novel with plenty of chemistry between Nathan and Amanda who are such interesting and well developed characters. This is their love story and you're probably going to lose sleep as you may very well read it through in one go as it is a compulsive read that is fast paced. He's very wealthy and he admires her work ethic and she is holding on to her dreams and doing everything in her power to make them come true. Nathan has secrets just like her and his past makes him not so impulsive in his love life. I truly did not like at all, Nathan's so called friend John nor Sarah who is Amanda's best friend's little sister as she is just a jealous and poisonous person. Nathan should have checked the facts given to him about Amanda before being a complete and utter jerk. Will she forgive him as things were all going so well?? This is one read that you won't want to miss. I read it in one go but have saved the bonus stories including Turned On which is exclusive to this book! I've had a peek at it and I'm going to have to check that if there is a spare fan - just in case as it is HOT.

I received an advanced readers copy of the book and leave my honest review of it here. However, as you can see from my review that I've bought my own copy to support Mia and to get the extra stories!!

DEFINITELY RECOMMENDED

Back to Back Mia is coming up with beautiful romance stories, this book is really a winner. This book is about two strangers Amanda and Nathan, who had a painful past, meets in a bar when they both had been stood up by the person they have to be meeting. Their attraction sparks and quickly turns to love finding the

one for them. But when people are out there to separate them, they had to face a rough time to stay as INSEPARABLE. I really loved this book and enjoyed every drop of it, the love scenes where sensual and hot, the story kept to at edge and I spellbound from the very first page.
