What a pleasant surprise! Found the first story of this trilogy "free" at iBook store and gave it a try. Nicely done. Enjoyed both characters so much that I went back to pick up the sequel(s) and found the entire series wrapped up in this book for 99 cents at the iBook store. .

Simon was a heartthrob. A girl's fantasy come true! He met Kara over a year ago and well...he became a stalker of sorts. He had some issues that had him staying away from her, but that all came to a screeching halt PDQ.

The chemistry was off the charts! Some scenes had me fanning myself. :-)

Kara was a good soul. She had a difficult life and Simon stepped right up to the plate in a grand way and became her guardian angel.

4 1/2 Stars from This Reader!

3.5 rounded up to 4 stars!

Was a nice enjoyable easy read, and a bargain price for the set.

At one point (when it was hinting at Simon never having had a girlfriend, except one woman when he was 16 and his life changed yadda yadda - I worried it was going to go down a Mrs Robinson copy of 50 shades of grey, but thankfully it did not)

Kara frustrated me at the halfway point! She decided she can wait until Simon is ready to tell her what had happened to him when he was young, let him do it in his own time, then the very next day is emotionally blackmailing the poor guy to get him to tell her!

In fact she seemed quite willing to use his fear of losing her to get her own way a lot tbh!

But, all in was a decent enough read and I may pick up Sam's story in the future.

Mine for tonight- Kara is a nursing student who also works as a waitress. Her bosses son, Simon, is totally taken by Kara even though they have never met. When Simon see's Kara walking home from work in an

outfit so unlike her he begins to follow her. She leans on a pole because she is dizzy & just before she passes out her reaches her. He takes her up to his penthouse and has a doctor check her over. She has been sick with a virus for the past few days. The doctor recommends food, fluid and rest. Simon demands she stay with him until she is feeling better. When Simon sends his assistant to get some of Kara's things from her apartment, he finds that her roommate has not been paying the rent & has made off with almost all of Jara's possessions. Simon agrees to help Kara get back on her feet by giving her a place to stay, food to eat, clothes to wear & money to spend. His only pay back is that she doesn't work other than school. He also wants her to consider giving up total control & having sex with him for just one night. When that finally happens, she comes to realize that Simon is hiding something. And as much as she has done for him, she needs to be his friend & help him. But will he let her? Is there more to this one night of passion between the two of them? ...on to book 2!!!

Mine For Now- book 2

Kara & Simon are still living together. They have spent some time getting to know each other and she knows that something bad has happened to him. She wants to figure out what it was and help him to get over it. At the clinic where Kara volunteer's, 2 men hold her at gun point wanting drugs. When Kara trips the alarm, the men vow to her that they will get her.

Kara knows that she is falling for Simon. When they attend Simon's birthday party, at his brother Sam's house, she ends up overhearing & seeing a woman proposition Simon & kiss him. When she walks down to the boat dock to get away, Sam ends up propositioning her. She slaps him across the face & has James, the driver, take her home. Once there she packs a few things & leaves a note for Simon that she is leaving & will pay him back once she gets a job.

Sam runs into her at a restaurant and asks to speak to her. He apologizes to her and tells her that Simon is miserable without her. She accepts his apology and leaves the restaurant. As she is walking away, lost in thought, the 2 junkies that tried to rob the clinic grab her & lead her to a car. She is fighting against them. They are smashing her head against the roof of the car when she hears & see's Sam come for her. The last thing she hears before she blacks out is the ambulance is on its way & so is Simon & he is pissed.

On to book 3...

Mine Forever-book 3

So in this story, Simon & Kara are trying to work things out. He finally comes clean with her and explains where he got his scars from. Sam is mentioned in this book and it seems that he still has feelings for Maddie...may be an opening for his story to be told. At the end Simon finally takes the steps to move forward in their relationship...something big happens at the end...read it to find out;-)

Mine completely- book 4

Kara & Simon are to be married in a month. She has one thing she wants-for him to sign a prenuptial agreement. When she brings it up, he totally freaks out.

She has been so emotional lately that she asks Maddie to run some blood work. The results are surprising. You have to read it to find out...

Oh & yes there is more Sam & Maddie in this book...can't wait to read their story!!!

Maddison Hoy says

Loved the series. I thought the characters had depth. the story line was great. Who could resist Simon, honestly.

Natalie Townson says

I have had these books on my kindle for a while and they have been my next to read in ages but I have been so busy, well I have finally managed to read them and I am kicking myself I waited for so long, what the hell was I thinking all this time I could have been acquainted with the sex god that is simon, oh boy that man he is panty dripping hot, and when I had a taste I couldn't put him down, I started and read the books in one go finishing around 1am, yes that's four books in one go by the time I finished I was a raging ball of sexual tension. I had to download the next book about Sam straight away and slept easy knowing he would be there waiting for me when I woke up. Ok before I start on Sam let's finish simon

This series is about Kara and Simon, Kara is overworked not eating and stressed, Simon has been a little obsessed over her for the past year, even going as far as stalking her every night so he could know she was home safe, one night however Kara faints and wakes up in Simons bed, the sexual chemistry between this pair is off the scales I swear my eyes steamed over from reading.

Simon, is tortured, events from his past means he always has to be in control, he doesn't like to be touched and he doesn't want anyone to see him naked, he has never had a relationship and the only women he sleeps with are ones who know the only thing he can give is his money as there is no chance anyone will ever hold his heart, until he meets Kara, he knows there is something about her that's different, he gives her a proposition, One night in his bed with total submission and he will give her a place to stay, and enough money to help her through her last year at school.

An absolute panty melting, knicker changing 5 star

It is official. J.S. Scott is my new favorite author.

I am completely in love with this scarred, emotionally damaged hero who watched Kara for a year, protecting her before they actually meet.

I don't want to spoiler anything, but this author knows how to write a hero who will invade your mind and soul. Simon is a revelation. I rarely give 5 star reviews but I was so caught up in Kara and Simon's story I was swept along with it. Bravo, J.S. Scott.

Off to start Sam's story, I have a hard time believing I can love a character as much as I loved Simon but I'm not surprised it happens.

Highly recommended for lovers of intense erotic romance.

Suzanne Steele says

I purposely stay away from 'Billionaire' books for obvious reasons.

I was surprised that I thoroughly enjoyed this book.

Simon was an Alpha Dom yet he was kind, sweet, and endearing.

The heroine was nobody's fool and the two of them worked together very well--Great chemistry for them and hot sex scenes for us.

It was a great read and I think I got it for .99.

I was very pleasantly surprised in all aspects.

I'll definitely be checking out more from this Author.

Jennette says

I know we are all sick to death of the Fifty Shades comparisons but it is difficult not to compare. However this is more romantic, no BDSM, no gross-me-out sex, no change everything about you nonsense, and the girl is a woman, all of that makes this better.

The characters are flawed and vulnerable and want to be better people. Like Fifty Shades the guy is rich and acts like a jerk and has had a terrible trama that influences his sex life. Unlike Fifty Shades the woman (not girl) refuses to enable him in continuing the unhealthy way he approaches sex. Let me be clear, I didn't say that the sex scenes were bad or the acts that the two consenting adults do is unhealthy; but rather his approach and attitude were unhealthy. I like how the characters resolve their issues.

I like that this is released as the collection. I don't always have patience to buy short after short sometimes serials, with their cliffhangers, end up ticking me off, and I won't buy the next one. I like the happy endings.

Joanne Swinney says

Mine For Tonight, Mine For Now, Mine For Forever, Mine Completely. WOW!! Four books, one amazing series, one fantastic box set. I loved this story so much, each time wanting more and Author JS Scott did not disappoint, giving me more of Simon and Kara. Simon is totally in love with Kara and she is falling for him, two wonderful characters each with stubborn personalities but fantastic to read about. You hear all about Simon's past which is stomach churning to read, but he opens up to Kara, she is slowly stripping away all his defences and there is nothing he can do about it, he loves her too much, only thing he never backs down from is her safety it means everything to him, without her in his life, he would be a shell of a man. Kara can't believe how lucky she is to have a man like Simon in her life. She has never been a one for extravagant gifts, she has had to watch every penny. Rather than buy gifts, she likes to make things for Simon or think of something he would like, it comes from the heart, she is a wonderful person, no wonder Simon is in love with her. Life is not without its ups and downs, so unfortunately things don't run smooth for this couple but one thing is for sure LOVE will always remain. MINE!! is definitely my favourite word while reading this story because Simon is MINE!!

Nicci ☺ Hell Raisin Sugar ? says

So pleasantly surprised by this series!

I would never have purchased them individually and I am not a fan of the "serial" novel, but this one definitely pulled me out of my book slump. Simon is a genius--literally--and a computer nerd. He's also a

billionaire, sex on a stick alpha male and a bit damaged. Kara is a nursing student trying--and failing--to make it through her last semester of school before 4 years of 80 hour work weeks, financial troubles and exhaustion destroy her well laid plans. You have the normal trust issues, his baggage, an attack that left her hospitalized, her need for independence, his need for control.....and hella hot sex scenes. Two words--Mutual masturbation.

I love this genre--the billionaire and the sweet girl who he sweeps off her feet and on to her back--and have read more than my fair share of CRAP as a result, but I loved this one.

StellaR says

I did not expect this to be so good! Not mind-blowing, angst, full of emotion story, but this is just a perfect book when you just want a romance with some spice, a hot billionaire rescuing a poor girl type of story. It's not all lovey-dovey, some parts were funny, the heroine's not annoying, the hero's an alpha. It's classic but not boring.

Now I'm off to Sam and Maddie's story, the hero's brother book :) Heart of the Billionaire:

Kim C. says

I just loved the sweetness of this book! Simon was such a caveman, but his combined bossiness and vulnerability melted my heart. Kara was a strong and sassy and not afraid of her feelings. And I absolutely swooned over the heart wishes.

Leslie says

I love this series. Simon is a gruff, awkward computer "geek". He is also a hot Alpha male. Kara is a poor college student struggling to make ends meet and get her nursing degree. Simon watches Kara from afar for a year. She works for his mom and Kara walks by his apartment every night on the way home from work. He follows her to make sure she gets home ok. She has never met Simon until one fateful night walking home from work and still battling sickness she passes out in the middle of the sidewalk. Simon catches her and takes her inside, gets a dr called for her and nurses her back to health. Simon offers Kara a deal she can't refuse-one night with him in exchange for him helping her with school and any other financial obligations. She doesn't have to take the one night- he will help her anyway. Simon and Kara have an undeniable chemistry. Kara takes him up on her one night she can't resist. But is one night enough for them?

I recommend this series to anyone who likes the Alpha male with issues, the girl who can turn it all around and HEA! This book isn't just about bedding each other though- there is that but there is also a real plot line and drama to go along with it. I love the characters in this series. I can not get enough!

Debbie Collins says

Wow, I loved this series. Kara Hudson, is trying to finish nursing school and work full time to support

herself, but bad luck seems to follow her. She is a very independent woman who would rather do without than ask for help. Simon Hudson, is a billionaire, who has been obsessed with Kara, since the first time he saw her working in his mother's restaurant. Kara, is a warm, loving, and feisty woman and Simon, is alpha male, possessive, and quite bossy. Once these two get together, the sparks really ignite. Kara can tell from the beginning that Simon, has been scarred by things in his past, and being the type of person that she is, wants to help him deal with whatever it is. He is not the only one with issues though, because Kara has a real problem, with the fact that he is so wealthy, and she has always been one paycheck away from poverty. You will have to read the book to see how these two, get past all of their differences, to see if they can possibly have a future together. Loved it, and really looking forward to reading the book about Sam and Maddie, Simon's brother and Kara's friend, who we got to meet in this series. Kudos to J.S. Scott, for making me fall in love with the characters in this book, and not wanting to put it down or have it end.
