Eva Leger says

This is the 3rd book in the Petal Series and Julia is devouring these as fast as she did the first series we found

and read. We have four more books in this series before we'll decide which to start next. I'm starting to think we're going to read every single book the group of authors called Daisy Meadows has put out. These are mostly our 'before bedtime' books because we're in the habit of reading shorter books during the day and it works perfectly because the chapters are short enough to read to a sleepy child (or to *get* a child sleepy) and they can be read in a few days so the series can be worked through pretty fast.

Ana A says

The writing form this book Danielle the Daisy Fairy was effective. The book's strengths was it was well written. The book didn't really have weakness. I would recommend this book to a classmate because it is well written. The book has a series is The Petal Fairies.

Dolly says

Third book in the the The Petal Fairies series by the group of authors known as Daisy Meadows. Our oldest is reading these like they are going out of style. Good thing there are 15 series and over a hundred books, so she will keep busy for a while to come.
