## **Scrapped Princess, Volume 1** Ichirou Sakaki , Go Yabuki (Comic)

Fifteen years ago, a set of twins a girl and a boy were born to the king of Linevan. Shortly after their birth, a prophecy foretold that when the girl turned 16, she would bring about the end of humanity. To avoid this terrible fate, the king ordered the princess disposed of *scrapped!* She miraculously survived and was raised away from the kingdom that would kill her. But now she has turned 15, the king's guards have caught wind that she's still alive...and they set out to finish the job!

# From Reader Review Scrapped Princess, Volume 1 for online ebook

## Amber says

I like this book, but it seemed more like reading a "trailer movie" type of book. The novel's are way better.

---

## Catherine says

I have watched the anime and read the novels. This manga jumps right into the story. It doesn't give you any background information. The manga has stories that are not told in the anime or novels.

---

## Robert Beveridge says

Ichiro Sasaki, Scrapped Princess, vol. 1 (Tokyopop, 2005)

The Oracle says that when Pacifica turns sixteen, she will bring about the destruction of all humanity. And now Pacifica's fifteen. This, of course, means that half the continent is after the bounty on her head. And the only thing standing between them and it is her soldier brother and sorceress sister, along with a motley collection of strays they pick up one after the other on their travels. Interesting beginning, though no real story arc has shaped up yet. \*\*\*

---

## Tess says

This is the manga adaptation of the novel "Scrapped Princess." I enjoyed the premis of the story, but feel I have missed some of the background information.

If anyone has read the novel version and can tell me if they talk about why the three siblings are travelling, or why the scrapped princess doesn't look like she has a twin - Shannon and Raquel look like twins to me, that would be great!

It was pretty entertaining, and I think I will keep reading the mangas, but I am still looking for the novel.

---

## Shannon says

This manga was too fast-paced without enough explanation to even begin to understand what was going on. It was rather disappointing.

---

## **Jessica-Robyn says**

At the time I first found Scrapped Princess the summery of the story sounded promising and I was willing to give it an honest try. Unfortunately the manga just doesn't do anything for me. After reading Volume 1 I didn't feel compelled to read Volume 2.

Although Scrapped Princess has an compelling premise its overall story lacked interest and the characters didn't grab me in a way that made me connect with them enough to keep reading the series.

---

## **kerrycat says**

I adore this anime, and finally getting around to the manga - not disappointed.

that poor cat, though . . .

---

## **Heather Withington says**

A really quick read that I enjoyed. I feel for the characters, and the ending made me tear up (the cat!!). However, it felt a bit rushed and I had to go back and re-read a few times to follow what is going on, but otherwise good. The art work is lovely and well drawn.

---

## **Zoe says**

I watched the first few episodes of the anime. I really like the series. The story is pretty original (well, maybe not the outline, but the details. Basic: Princess in trouble, protected by siblings. Details: Twin princess is scrapped, sister does magic, etc.) and I really enjoy it. There's only slight seriousness to it, but only enough to make sure it's not a full-out comedy, but it's still a heavy-light read. :)

---

## **Waterfall says**

Cute, but both the story and especially the art was quite confusing at times. A little rushed.
