## **Silber: Das zweite Buch der Träume** Kerstin Gier

Liv ist erschüttert: Secrecy kennt ihre intimsten Geheimnisse. Woher nur? Und was verbirgt Henry vor ihr? Welche düstere Gestalt treibt nachts in den endlosen Korridoren der Traumwelt ihr Unwesen? Und warum fängt ihre Schwester Mia plötzlich mit dem Schlafwandeln an?

Alpträume, mysteriöse Begegnungen und wilde Verfolgungsjagden tragen nicht gerade zu einem erholsamen Schlaf bei, dabei muss Liv sich doch auch schon tagsüber mit der geballten Problematik einer frischgebackenen Patchwork-Familie samt intriganter Großmutter herumschlagen. Und der Tatsache, dass es einige Menschen gibt, die noch eine Rechnung mit ihr offen haben – sowohl tagsüber als auch nachts ...

## **Tanja Voosen** says

Ich weiß gar nicht, was ich groß zum Buch sagen soll -- Ich fand es in erster Linie sterbenslangweilig! Ich meine, bis knapp S. 360 passiert einfach NICHTS (zumindest in meinen Augen lesenswertes). Liv war mir sehr unsympathisch und ich halte sie nun für ziemlich dumm (Die Sache mit Arthur und Emily schockt doch nun wirklich niemanden!!!) und das Einzige, was ich mochte war Grayson, weil der einfach toll ist. Kein einziges Mal habe ich gelacht und für mich ist einfach die Luft raus...vielleicht nur raus aus der Reihe, vielleicht auch raus aus Kerstin-Gier-Büchern...und ich fasse es nicht, aber die Bloginträge von Gossip Girl Secrecy fand ich noch am amüsantesten vom ganzen Buch. Wer genau das jetzt ist, kann ich nicht bestimmen, was die Sache einigermaßen spannend macht. Ich tippe mal auf Florence, Penelope oder eine komische Traum-Liv xD Das wäre doch echt mal eine Wendung, oder? Wenn rauskommt, das es den Dämon echt gab und der alle Träumenden irgendwie gaga macht und es eine Traumversion von Liv gibt, die das selber gebloggt hat xD

## **Kyoko SWords** says

Un libro que gusta pero no tanto como el primero...

Siento que se perdió mucha de la esencia y de las cosas interesantes que nos ofrecía el primero: ese misticismo, los asuntos demoniacos, el misterio... Y nos fue reemplazado por otras cosas no tan interesantes como los chismes, dramas personales y personajes de relleno.

Me gusta la participación de Mía en este libro, tiene más protagonismo y juega un papel importante; sus aportes son agradables (incluso a veces son DEMASIADO y cortan el tono del libro). Pero no concibo el giro que ha tenido Liv aquí, pasa de ser una niña astuta y valiente a una muchachita enamorada y empañada por su lástima.

El juego de los sueños, todo el enigma alrededor, Arthur y Anabel, Grayson y Secrecy hace que sigas leyendo el libro y mantiene tu interés; el problema viene con la pequeña insatisfacción que sientes cuando lees el último capítulo: y es que sientes que al libro le faltó algo, te sientes ligeramente estafado porque el climax nunca llegó.

3 estrellas y leeré el siguiente porque QUIERO SABER QUIÉN ES SECRECY (otra versión de Gossip Girl).

## Irmak says

Bu kadının anlatmışndaki tatlılık gerçekten baylıyorum. Okurken akıp gidiyor sayfalar. Yine çok keyif alarak okudum ama bu kitapta pek olay olmadı için 1 puan kardım. Olay olmaması beni şıkmadı ama her şey son kitapta peş peşe ve hızlı hızlı olacak diye korkmama sebep oldu. O yüzden bu kitapta daha fazla bir şeyler görmeyi beklerdim. Yinede dediğim gibi çok güzeldi. Üçüncü kitabı aklımda merak ediyorum. Sanırım aksiyonu en bol kitap o olacak :')

4.5 or smth

I JUST WANT LIV AND GRAYSON TO BE TOGETHER  
IS THAT TOO MUCH TO ASK

(Also I think I'm out if that reading slump induced by Throne of Glass and the fact that after reorganising it, my bookshelf looks magnificent but doesn't really leave any space for more. \*cough\* I THINK I'm out of it ...)

-----

THERE IS A COVER (nobody edited it yet, but there is)

THIS COLOR I CAN'T EVEN

omg

"dream on"

omg

-----

June? June is fine. I'm okay with June. \*eye twitch\* I can wait. I can wait. I WON'T burn any buildings just because I wait for Silber 2. Silber 1 wasn't even cliffhangery, so it's all good.

I can wait, I can wait, I can wait...

\*lights fire\*

I can wait...

I CAN'T WAITTTTTTTTTT >.<

### Nina says

This book was just as good as the first one and a great second part of the trilogy! It was once again a very quick read and this time I also started to really connect to the characters! I'm excited to see how this series will end and decided to give this book 4 out of 5 stars!

### Sharon says

I really, really want to love this series, as I am a HUGE fan of Kerstin Gier's other work. However, this just got a bit too...cliché YA. **It could be sweet at times, but it lacked the originality and charms from her other series.**

I was feeling the romance in the 1st book, but nope, I'm done here. Henry was just bringing too much of the cliché romance from other YAs I've read. **Too much secrecy, bad communication, and nonsensical angst.**

**In general, most of the females who were present in this book sucked:** 3 bitches who picked on the protagonist for no good reason, 1 love-crazed, superficial girl who was sorta Liv's best friend, but heck Liv didn't even seem to like her most of the times, 1 gold-digger, 1 murderous psychopath (literally). I was done with all of their shit.

**The "dream-traveling" plot was still an interesting idea like in the first book, but I think this one**

**lacked direction.** I felt like it was a fun concept, but I was bored at times. I think this book was more focused on Liv's life at home and at school than the dream plot. I would usually be OK with that, but a lot of the stuff she was dealing with at home and at school weren't fun to read about. Not terrible, not scarring – just unpleasant (except for the stuff about Lottie and Mia). **Also, there was perhaps too much attention on the school gossip website (Gossip Girl style).** Also-also, the villain of this book had such a childish, stupid reason to enact revenge. I mean I suppose a lot of villains do evil things for no good reason, but I'm just like reallyyyy??? Furthermore, I saw the mystery of who the villain was a mile away because I mean.. this book didn't have many characters, so it wasn't hard to guess.

Anyway, ranting aside - there were some sweet moments in this book. The only good, pure characters would be Lottie, Liv's au pair, and Mia, Liv's younger sister. In addition, Grayson, her almost stepbrother was pretty sweet at times, despite his flaws. These characters were immensely caring and good to Liv. **They were funny and warm and the true bright spots of this book.** I appreciated that.

This book was not... the worst. It was pretty entertaining at times. However, as a whole, it was lacking. For my own preferences, I wanted some good, healthy female friendships and some good, healthy romance and some good, healthy self-love from my YA. And if not those, I would like some kickass character developments from lowly state to self-actualization in these areas. Anyway, this book had a few good moments, but it was definitely not my cup of tea. I'm giving it **2 stars**.

I am looking forward to see how the next and LAST book would be like because who knows? Things might turn around.

Things that you might want to know (**WARNING: Spoilers below**)

Is there a happy/satisfying ending? (view spoiler)

Love triangle? Cheating? Angst level? (view spoiler)

Tears-worthy? (view spoiler)

Humor? (view spoiler)

What age level would be appropriate? (view spoiler)

-----

I don't really believe in "second book syndrome" but OK I'm really hoping this book will make me love this series. I absolutely adore this author but I am not (yet) entirely convinced on this series.

Also, that cover is absolutely gorgeous!♥♥?

\*\*\*Review posted on The Eater of Books! blog\*\*\*

Dream On by Kerstin Gier  
Book Two of the Silver Trilogy  
Publisher: Henry Holt and Co. (BYR)  
Publication Date: May 3, 2016  
Rating: 4 stars  
Source: ARC sent by the publisher

Summary (from Goodreads):

Things seem to be going well for Liv Silver: she's adjusting to her new home (and her new family) in London; she has a burgeoning romance with Henry Harper, one of the cutest boys in school; and the girl who's been turning her dreams into nightmares, Anabel, is now locked up. But serenity doesn't last for long.

It seems that Liv's troubles are far from over--in fact, suddenly they're piling up. School gossip blogger Secrecy knows all of Liv's most intimate secrets, Henry might be hiding something from her, and at night Liv senses a dark presence following her through the corridors of the dream world. Does someone have a score to settle with Liv?

Romance, adventure, and danger abound in Dream On, the second book in the Silver trilogy.

What I Liked:

What an excellent sequel! There were so many things about this book that really worked for me. This book is classic Kerstin Gier, with humor and a few awkward situations, realistic teenage speech and actions, and a hilarious and yet deceptively strong and capable heroine. Also swoony boys (and NOT in a triangle/square/pyramid "swoony boys" way). This book was a really great sequel, and an lovely addition to the series, and I can't wait to read book three!

Liv Silver doesn't dislike her life so much; she's adjusted to living with her mother's boyfriend and his twin children, along with her, her sister, and au pair. Florence (one twin) is awful, but Grayson (the other twin) is actually a nice person, a fantastic brother that Liv never had. And Liv has been enjoying her time with Henry, the boy she adores and has been dating for over two months. And the mess with Anabel from book one is over - or is it? Someone is haunting Liv's dreams, and it's not just Liv's dreams - but Mia's too. And someone's been leaking personal information of Liv's to Secrecy, the school's blogging gossip. And what's more, Henry has been even more secretive than usual. Does it have to do with the dream world? Can Liv

seek out the danger before someone gets hurt?

I love Liv! She's funny and adorable and sweet - so sweet - and she likes to talk. She's one of those people that talks in a stream-of-consciousness kind of way, and it's hilarious. She's honest and kind and protective of her sister, her au pair, her boyfriend. I like how she seems somewhat absent-minded at times, but she's sharp as a tack. There are so many funny scenes, and also several times when I experienced some second-hand embarrassment. Ha!

Henry is her boyfriend, and he's a pretty important character in both this book and *Dream a Little Dream*. Henry is really good at dream weaving/walking (however you want to call it), and he and Liv meet in the dream world often. Henry is devoted to Liv, and cares about her a great deal. He's affectionate and kind, and also protective. Did I mention that he's pretty swoony? I like him a lot, secrets and all. He has many secrets though, and it drives Liv crazy that it seems like everyone knows more about Henry than she does. I don't blame her for getting irritated about his secrets - they are secrets that affect her.

I like the pair together. In this sequel novel, as one would expect, there are some conflicts with their relationship. Most of the conflicts have to do with Henry's secrets and Liv's doubts. I like that there are insecurities that one would find in any budding relationship, and there are also conflicts directly related to the paranormal dream aspect of the book. I like Liv and Henry together. There are plenty of swoony moments in this book, but also some heavy and heartbreaking moments. But the romance overall is good, and there is no love triangle. Also, the ending of the book makes up for some of the conflicts during the book.

The conflicts that have nothing to do with the romance are troubling, and the climax climbs steadily until we reach the great reveal of what is happening. And even then, not everything is revealed. I like that the larger conflict of the overall plot of the book isn't a save-the-world-or-everyone-dies kind of conflict. It's serious and dangerous and crazy, but not on a world scale, which I found refreshing. And the high school gossip is not nearly as bad as the synopsis makes it out to be - it barely bothered me (and Liv, and everyone else)!

I like how close Liv and Grayson become! Being stepsiblings forced to live together wasn't easy in *Dream a Little Dream*, and so I really liked seeing them get closer. Grayson looks out for Liv on more than one occasion, like a good big brother. Their relationship is purely platonic and sibling-esque!

I've mentioned the characters, relationships, romance, plot, overall plot... I think I've covered it all! I really liked this book, and the ending is not a cruel cliffhanger like most sequels of trilogies are. I repeat: no cliffhanger! I mean, the story is definitely not resolved, and I am dying to read book three, but there is no cliffhanger!

What I Did Not Like:

I'm still a tiny bit confused as to what exactly Henry was doing in his dream world (think mermaid scene), but I think this will be better explained in book three. I was hoping we'd get a more solid answer about this in particular, but I think it's one of several things that we'll know more about, in book three! Gier always does a good job of answering questions and wrapping up series.

Would I Recommend It:

I love this series and highly recommend it! I know there were a number of people that didn't enjoy *Dream a Little Dream*, but I am enjoying this series. Gier's books are so lighthearted and fun, and realistic and relate-

able. If you like paranormal books about dreams (the dream door concept is new!), this is definitely a series to try!

Rating:

4 stars. More, please! I don't know how Gier does it, but you can tell her stories and writing are different from most YA stories and writing styles. I loved her Ruby Red trilogy, and I am hooked on this Silver trilogy!

### **Zoha says**

It was underwhelming!

---

### **Stacee says**

I've really enjoyed al of Kerstin's books, so I was beyond eager to get my greedy hands on this one.

As always, I love Liv and Mia. Their relationship is filled with banter. Liv is a snark machine and being in her head is a lot of fun. This entire cast of characters makes the story interesting.

The downside to the second book in a trilogy is that it's sometimes seems useless. And while I did enjoy this story, I don't feel like any of it was necessary. Sure, we did find a few things out, but mostly it felt like nothing progressed plot wise.

Regardless, I'll definitely be reading the next book. I can't wait to see how it all ends.

**\*\*Huge thanks to Henry Holt for sending me an arc in exchange for an honest review\*\***

---

### **Mel says**

4.5 stars rounded up because I really thoroughly enjoyed this!

This book takes place a couple months after book 1 left off and I felt that the time jump didn't impact the series in a good way. In fact, I think it was actually really well done. I felt like the character progressions were fine the way they were and that relationships didn't suffer or feel too advanced.

Plot wise, I liked the overall theme of this one better than book 1, but I didn't like individual plot points. The Mr. Snuggles plot point was ridiculous, the love interest drama was sort of thrown in seemingly for no reason, and I felt it actually caused the strong female character to disintegrate a bit. I love her still, dearly, but I think she can be so much stronger than she was in this book for some of it.

Overall, enjoyable. Cannot wait to finish the series, I should get the last book tomorrow from the mailman, and I cannot wait to finish off this trilogy!

---

### **Alexa says**

I am SO angry that there keep on being insinuations about a possible romantic relationship between Liv and Grayson, from both outside sources *and* Liv and Grayson displaying attraction towards each other themselves. JUST KISS ALREADY! You know, I'm already pretty sure that Henry and Liv is endgame, but just give me one kiss scene between these two and I will die a happy woman.
