Ms. Yingling says

E ARC from Edelweiss Above the Treeline

Alex wakes up in a jail, being watched over by the evil minions of the Order. Since he has just found his mother, he wants to make sure she's okay. Luckily, Ren is nearby and manages to break out of her cell. The two also find Luke and decide he is now trustworthy, so let him out. Once they have Dr. Todtman and Dr. Bauer, they have to find a way out of their prison tomb, especially when they come across Alex's father, who is now a Death Walker and who plans to use his army of the undead to attack New York. Clearly, the kids need to get the book of Lost Spells back from the Order, but that won't be easy, especially since armies of mummies keep popping up at the most inconvenient moments. Using their power as amulet keepers, Alex and Ren manage to get the book, but they still have to travel to the Metropolitan Museum in order to finally put the Order to rest... and not everyone in their group will survive.

Strengths: Egyptian mythology, running around Cairo, lots of action, fun characters, tweens saving the world-- this has everything a perfect middle grade fantasy book needs. It even has great sound effects during the many fights: "Fuhhh-SHOOOOP!" is one of my favorites, and there was an especially brilliant one for the sound of glass breaking that I forgot to bookmark. Northrop does an excellent job on whatever he writes, so while I enjoyed this series, I'm excited to see what he comes up with next!

Twenty years ago, this would have been published as an 800 page young adult book, and only the most dedicated readers would have picked it up. Part of me would prefer that, but the packaging is rather brilliant. Middle grade stories under 200 pages do best, and these are available in inexpensive paper-over-board bindings that beg to be picked up at the grocery store or at a book fair for a gift for Groundhog's Day for an avid tween reader. The publishing schedule is also brilliant, with all of the books coming out within a year.

Weaknesses: Paper over boards. My biggest pet peeve. I tried taping some, but the tape peels at the edges and gets weird. There's just no way to keep these in good shape, which irritates me. If it's Wimpy Kid, it doesn't bother me, but when it's a series I would like to see have some longevity, I'm irked.

What I really think: Buying and keeping until the series is a pile of dust on the shelves.

Jackie says

Having finally found his mom in Egypt, but losing The Lost Spells, Alex and his friends Ren and Luke now have to escape their prison stronghold, save his mom and Todtman, find the spells, and save the world. And, in the mix of it all, fight the Order and their leader...not a small task.

Drawing on their strengths, as their amulets give them, the young trio must go it alone into the underworld, once again, to recapture the spells. Encountering strange beings, living mummies, and powerful death walkers, danger is at every turn. Finding portals that will allow them to enter into worlds, either past or present, that will help them in their quest, good vs. evil duels it out to the bitter end.

In these battles, they lose a very important member of the group, yet their commitment to right the wrongs is

paramount, even though their hearts are heavy. A fitting conclusion to the series, *The Final Kingdom* will wrap up this kid-friendly series nicely.

This may be a nice alternative to young readers are daunted by the shear length of Riordan's mythology series. It could have been written as one book, yet this series is divided up into manageable installments.

Yusuf_BigfootHunter says

VERY VERY VERY AWESOME BOOK.
I HAVE NO IDEA WHEN I FINISHED OR STARTED

Rubin says

It is a good book

Ileana ile says

Alex, Ren, Luke, Totman y la doctora Bauer se enfrentarán a la última aventura para salvar al mundo y los codiciados conjuros perdidos, amistad, aventura, amor y lealtad son una de las cosas más importantes para que el mundo esté a salvo y no esté en las sombras y dominio de los caminantes de la muerte y su líder de la orden.

Matthew says

Going to give this entire series a 3/5. Overall, it was good. It didn't wow me, it didn't shock me, I didn't love it, but I enjoyed my time reading it. The Egyptian mythology references were pretty awesome seeing as how that's what I took in school - but it still wasn't enough to be the best series I've ever read. Still, I'm glad I read it.

Jenn *loves dragons and wolves* says

This was a fun series to read. Anubis is my favorite Egyptian God so I was happy when he made an appearance and I just loved Pai the little cat.

Denise says

A decent finish to the series, but my son grew tired of reading the series, I guess his Ancient Egypt obsession had finally subsided!

Nedyah says

Llegó el esperado final de esta saga infantil que ha mejorado por entregas. Una historia entretenida, divertida y muy amena que me ha hecho pasar unos ratos de lectura de los más agradables y, sobre todo, disfrutando mucho de la cultura egipcia y su mitología, un punto muy favorable porque me encanta todo lo que esté relacionado con el Antiguo Egipto, sus creencias y deidades.

Tal y como se desprende de la sinopsis, el mundo de los vivos tal y como lo conocemos está a punto de desaparecer. La Orden se ha hecho con el pergamo de los Conjuros Perdidos y pretende hacer uso de ellos para instaurar un nuevo poder en la tierra, un nuevo mundo gobernado por los Caminantes de la Muerte y su séquito de seguidores, destruyendo por el camino a toda la raza humana. Y así, Alex, con la indiscutible compañía de su mejor amiga Ren, su primo Luke y el egipólogo Todtman, emprenderán la última y mayor aventura de sus vidas con el fin de recuperar los Conjuros Perdidos antes de que sea demasiado tarde y, así mismo, rescatar de nuevo a la madre de Alex de las manos del enemigo. Pero los peligros aumentan a cada paso, y más si para recuperar los Conjuros han de adentrarse en el Más Allá, con deidades egipcias y espíritus capaces de acabar con ellos de un soprido. ¿Qué pasará? ¿Conseguirá Alex y sus amigos encontrar los Conjuros antes de que la Orden haga uso de ellos? ¿Logrará encontrar a su madre? ¿Se tendrá que sacrificar Alex por el bien mayor? [...]

Cindy Roa says

Un final satisfactorio e inesperado para las aventuras de los Guardianes del Amuleto, ¡sin duda una saga que me disfruté de principio a fin!

Thomas Norstein says

[

Alex remains naive as ever. Even in the *final* book when the stakes are higher than ever, Alex still manages to make a dumb mistake. Todtman could've lived if they hadn't wasted time

Susan says

Perfect ending to a series that is full of everything that a reader needs in a book.

Jdtolbert2003@yahoo.com says

I enjoyed the ending. It was unique and quite the twist. It also proves that even in the darkest of times there is

still hope and victory can be snatched from the jaws of defeat.

Dandelionsteph says

Unfortunately, the scene shown on the cover never actually happens. They do meet Anubis, but not like that.

Paula says

This last installment of the “Tombquest” series presents the final showdown between Alex, Ren, Alex’s mom, his cousin Luke, Dr. Todtman and the Order and the legion of Death Walkers. Alex is devastated to learn that his father is indeed the leader of the Order and his goal is world domination with the power of the amulets that Alex and his allies hold. His mother finally reveals to Alex the details of his early life and his father’s obsession with the Book of the Dead. For the final confrontation, Alex and Ren must enter the Underworld and use the Book of Lost Spells to defeat the mummies as they try to take over New York. Readers will learn about mummification and Egyptian mythology painlessly. Fans of the series will no doubt relish this conclusion. The action-packed series is a good choice for reluctant middle grade readers. The length of the books is just right to hold attention and the narrative is easy to read and understand.
