### **Jennifer Ricketts (Donnie Darko Girl) says**

The Trouble with Playing Cupid is a cute and sweet story that you can read in one sitting. December is a successful singer with a heart of gold. I LOVE December! I found her non-divaness refreshing, and she donates a lot of money to charities. She uses her fame and money to help others, and that endeared her to me for life.

Tom is a British actor and a total heartthrob. I wasn't quite rooting for a romance between the two at first because during the appearance on Trace Randall's show, Tom seemed a little bit like a jerk and too aloof for my liking. Does he not pay attention to who other people are? He didn't even know who December is! I'm pretty sure IRL British actors know American celebrities. They mix. They mingle. I was kind of like, "How dare you, Tom!" See how much I love December??

"When he played the role of a self-indulgent vampire..." = best line ever! I laughed so hard when I read that about Tom! Kind of sounds like a Lestat-type character.

When I realized there's more to Tom than what he shows on camera, I was on board for him to get together with December. I liked the buildup to their romance, and it was very sweet.

The Trouble with Playing Cupid had me laughing, swooning, and cringing - sometimes all three at the same time. I ended up loving the characters, especially December's bodyguard and stylist. There was more telling than showing sometimes, but it's a short read, so I think it was in order to give background on the characters. I thought The Trouble with Playing Cupid was a standalone going in, but once I found out there's a sequel, I'm looking forward to finding out more about December's best friend and agent, Clarissa.

I received a review copy of this book for my stop on the blog tour at Donnie Darko Girl.

Did not finish. I don't know why I even bought this book, the first few chapter is quite interesting. The moment the hero started to have possessive feelings or jealousy kind of feeling towards the heroine, even though he barely know her, just meet her once or twice, is the moment I lose the interest. How is it even possible. I don't really mind insta-attraction but the way it was written doesn't seems realistic, it seem like it was just puy there carelessly and I apparently doesn't like that.

This was such a sweet story! Loved everything except the way it ended, left me surprised to have reached the last page already without realizing it! Probably needed a few more chapters and a lot more tying up loose ends but it was so sweet and fluffy!

This was the first time reading anything of this kind, now I'm definitely glad I did. December was incredibly well written, she felt like a real person which made it a much more engrossing read.

The story was witty and all of the characters had their own charm my favorite being Trace. It was a great start to a promising series of books by Mrs Phillip and I would definitely recommend it to any fan of the genre.

This was a very sweet, cute, and fun read! I recommend it for anyone who likes romance stories where the hero and heroine are nice and respectful to each other throughout the story. This story was like a little basket of daisies.

I laughed and cried along with the characters. I fell in love with the story line and the Characters. I Love

Tom! He was the most down to earth man with a heart of Gold! December AKA Dee banter and sweet talk had me on a emotional roller coaster. I would love to have friends like Clarissa and Terrence. This book (genre) is a book that I have never read. Tamara wove magic when writing this and also has made me become a fan of Romantic Comedies. Awesome!!!

Who doesn't like a gritty love story. The romance plays out to be true to imagination with a real flare for an intimate setting and flawless character portrayals, the character 'Trace', being my favorite. The authors writing style sucks you in to the pages and I found I couldn't put it down.

I was actually late for an appointment yesterday as I was so engrossed reading this book on the train that I missed my stop lol. I hope Tamara brings a lot more romance to our lives, and I will definitely be watching out for more books to come by this talented new author.
