**Hilarious**

This book was to freaking hilarious! I laughed until I cried all the way through! Raja, Corey, & Tata are a hot mess. When she climbed on that dresser I wasn't no good after that. I felt out. This was only my fourth book I've read by her and I so can't wait to read more after this! Spectacular

**Natavia had me laughing out loud!**

I can always count on Natavia to capture that true urban culture with passion and laughter. Rico and Raja are young so it shows in their behavior towards one another, but I was happy to see growth in these two by the end of the story. I loved the supporting characters too.

### **Book worm**

Just like the others I really enjoyed this book. Raja was just a little to much to handle but, Rico handled her. That was messed up what his auntie did to his mom all because she wanted attention. Let's not forget his mother was foul every time she approached Rico. Domo differently got what was owed to him.
