# Up in Smoke

*Pittacus Lore*

## Up in Smoke Pittacus Lore

This is the third novella, continuing the exciting story of Six and Sam. Following their dangerous battle in the mountains of Montana, the couple has now been ripped apart.

Sam is imprisoned aboard a ship that's miles off the coast of Mexico. His Legacies have been taken away from him. He doesn't have any back-up. And if he can't find a way to free himself soon, he's going to become a lab experiment.

Although safely recovering at the Human Garde Academy, Six has had her abilities stripped as well. Ignoring everyone's warnings, though, she decides to mount a rescue mission with the help of Nine and her young charge Nemo. But it's three of them versus who knows how many teens with Legacies who may be working for their enemy....

Six and Sam may no longer have their powers, but does it mean they're truly powerless?

## Up in Smoke Details

**Jamie ||-// says**

Obsessed with anything Samix to be honest, so if it has Samix in it it's getting 5 ?

---

**David Lightcap says**

**Next adventure**

Another thrilling adventure with our heroes and the new batch of villains. What is going to happen and where will the journey lead us in this on going war.

---

**J Quant says**

**3.5 stars**

*I have conflicting feelings about this book.*

The world building and story was good, I will remain in love with this universe and all the possibilities that it has, the direction that is taking and the pace in which it moves. There I had no issues.

But the characters were... Well lacking. Not even exactly the characters but rather their interactions with each other. It just felt like some of the chemistry was missing. It may have been due to the situation, but in any way it just wasn't satisfying.

(view spoiler)

Leaving that behind, the plot just got more interesting. It took a surprisingly dark turn that I wasn't expecting at all - responsible to most of the rating at the end - and adds a great depth to the story.

Still this side stories are not that bad. Is useful to remember that this are side stories and the main action happens in the main books. This are ways to fill us in, in what may become important details.

Ni sé porqué sigo leyendo esto, bye.

---

**Jessica says**

Definitely my favorite of the novellas so far, and I'm very interested to see how this will tie into the next book.

---

### **Thomas Norstein says**

Six is amazing. Like, she just is. Even without her powers, she still kicks butt and it's amazing. She'll be back, no doubts.

I like how Nemo has gotten to the "capable" level where she can fend for herself. Her character has really grown during the past two shorts. I feel like she's kinda stubborn about Ghost, but I get it, they were friends.

Honestly when Seamus said that there was something Sam should've known about his dad, I thought McKenna was going to become some secret Mogadorian double-agent or something. I didn't forget about what Seamus said, and I'm glad that Sam remembered to follow up.

The tease of John and Marina... I wanted them to show up so badly.

---

### **Carmen de la Rosa says**

"Up in Smoke" no está a la altura de la emoción de las novelas anteriores. En esta separados, Seis y Sam se esfuerzan cada uno por descubrir qué está pasando para poder vencer las amenazas más recientes en su contra. Utilizando la inteligencia y sus habilidades de combate (aunque no sus legados, que han sido bloqueados), determinan en la medida de sus capacidades cómo vencer a estos enemigos más nuevos.

Me encanta leer aventuras de Nueve, pero todo ese drama romántico que siempre ocurre con Seis y Sam, es tedioso y la trama en general se pierde.

---

### **Mimi says**

Separated, Six and Sam each struggles to figure out what's going on so that they can defeat the newest threats against them. Using cleverness and their fighting skills (although not their Legacies, which have been blocked), they determine to the best of their abilities how to overcome these newest enemies. "Up in Smoke" does not quite live up to the excitement of the earlier novellas.

---

### **Katie says**

Love reading adventures of Nine, Six and Sam but the others and the overall plot just miss the mark
