## A Midsummer Night's Heat Judy Mays

Third story in the Heat series. Belle can finally take a vacation. Her father Artemis is happily married again, and more than capable of managing the family business without her for a few weeks. Alex may be Alpha of his Pack, but he lost the woman he expected to marry to another werewolf. One whose werewolf father had mated a real wolf, then taught their cubs to assume human form. Abomination! When Belle finds Alex in the woods, bleeding from a gunshot wound, she takes him to her cabin—and her bed—and nurses him back to health. But what will Alex do when he discovers the woman he's falling in love with is a sister to the man he hates most, a woman who had a wolf for a mother?

## **From Reader Review A Midsummer Night's Heat for online ebook**

### **Lady Entropy says**

Um livro de lobisomens eróticos, que infelizmente sofreu do mesmo problema que "O Décimo Terceiro Poder" da Madalena sofreu -- o meu ser uma Roleplayer. É difícil ficar impressionada com o mundo que a autora nos apresenta (entre rapidinhas) quando o Werewolf: The Apocalypse apresenta um espetacular mundo sobre lycantropos. Infelizmente, retirando o world build, tinhamos... sexo à canzana. O plot era fraco e aguado, sem conflito. Não morri de tédio, mas... não fiquei com os calores.

---

### **Flor Márquez says**

Aburridísimo.

---

### **?Sinful says**

The first Heat book I've read, the first Judy Mays book as well.

I liked it. Flew threw it. At a time when I was picking up books and setting them aside for weeks, this one hooked me for the duration.
