## Adam Cathy MacRae

My name is Adam Patrick Gordon, and I am a ghost of Culloden's battlefield. Restless I am, for much unfinished business pulls at my soul—and my heart. I left my sweet wife, Mairi, behind, heavy with our first child, to face the Government Army on behalf of Prince Charles. I was one of the unlucky few from the Glenbucket Brigade who fell at Culloden that day in April, 1746.

What would I trade my ghostly existence for? Would a few minutes alone with our bonny prince give my soul the rest it deserves? I must convince Soni that all my heart desires is one more day with Mairi.

## **From Reader Review Adam for online ebook**

### **Faye Lawson says**

#### **Oh what he would give to have another moment, another chance to be with his wife!**

Adam Gordon wanted a chance to save his wife! He was one of the 79, but he didn't care about confronting Prince Charlie about the defection of the Prince, he only wanted a way to correct the mistake of things he left undone that played a role in his wife's death! Soni gave him that chance. While he was out and returning from walking his nephew home, he was able to prevent a young child from drowning and had to be reminded by Soni that his primary goal was not completely done. When Adam reached home he found his wife in early labor, and with the help of Soni was able to deliver two sons! To insure that the family would not suffer from the death of either parent Soni granted the surety that all would live, something tells me based on what her uncle Wickham said or implied there was a price for the constant bending of rules and the subsequent books on the men of Culloden should be most interesting reading, I am suitably intrigued!!!

### **Kathleen Lowery says**

#### **So happy**

It's amazing how many ways the get their wish, I am happy for Adam and hope he does escape, thank you

---

### **Ella Foisy says**

#### **Only my opinion**

The story line is good but doesn't have that magic a good writer does. One thing about all the ghost stories is I read different authors telling different versions.

---

### **jennifer croy says**

#### **Wonderful series! I cannot wait to read more**

I'm so glad I decided to pick up these books. They could be longer of course, but over all, very well written and contain characters that stick with you

---

### **Tasha says**

It's Adam's turn to go and get his chance to be a hero. Of course if you are keeping up these books this is #11 of the Ghost of Culloden Moor series. Adam isn't wanting a boon with Prince Charles though he just wants

to go home to save his wife and child. So Soni sends him home to see if he can do just that or if he would be still to late to stop destiny. Adam saves another little girl's life before finding his wife ready to have their child. He of course freaks (like most men would) and Soni comes to help him. You'll have to see if he gets to stay or if he leaves by yourself though. I enjoyed it.

---

### **Samantha says**

This one was super cute. I would say I honestly thought she was going to send Adam back because Soni had told Adam to tell his love that he was a ghost but now he gets to stay!! But my question is will William still remember to listen to his uncles warning and leave north or will Adam's wife remind them. I just hope in another book we find out what happens to his family.

---

### **Shelene's says**

#### **Beauty in unconditional love**

Heartwarming story were true love survives over centuries and always willing to make sacrifices to survive. Bring the tissue box with you because you will cry.

---

### **EvilAntie Jan says**

#### **A tale of woe**

Adam's story a tale of woe land regrets. A singular wish granted - for true love knows no bounds. A wish granted a future secure- thus is the tale  
Adam and his paramour Mairi.

---

### **Pamela Heckel says**

#### **Chores**

This is a beautiful story about married love. Adam returns from the ill-fated battlefield to finish his chores. The ghost has been haunted by the memory of his beloved and pregnant wife.

---

### **Kathy says**

Just prior to dying on Culloden Moor, Adam received word that his wife and child died during premature labor. His beautiful Mairi had gone after the sheep that had escaped the barn through a hole Adam never found the time to fix. Now almost 300 years later, he would do anything to turn back the clock so he could

prevent the deaths of his family. The Muir witch gives him that opportunity.

---

### **April says**

Adam: A Highlander Romance #11 in "The Ghosts of Culloden Moor" series by Cathy MacRae, but can read as a stand alone.

A quick read. Well written with engaging characters. The storyline is unique, and intriguing. This is a story of the men killed on the Culloden battlefield, the love of a Highlander, that only wish, is to spend one more day with his wife and their unborn bairn. Granted his wish to save his wife and child, for one day only. He returns home, saves a child from drowning, and sees his children born, yes, his children. A heartwarming tale of a witch, her powers, a ghost and the possibility of his HEA, but at what cost. A soul for a soul, and/or a life for a life. Will Adam return as a ghost, or get to stay with his family forever, but at what cost? Adam is a good, and loving man, who desperately loves his family and will do anything to save them. He also knows some of the future.

An interesting read, which leaves a few questions, to what happens to the witch. I see another book in the readers' future.

An enjoyable and satisfying Highlander Romance!

Rating: 4

Heat rating: Sweet

### **Mary says**

#### **Another great story**

This volume was a great story in the Culloden series. Can't wait to read the next book in the series.

---

### **Stephanie L says**

This is book 11 in the series. You will want to read the first short story, The Gathering, for the background of the Muir witch before you start the rest of the series. After that, each one can be read as a standalone .

Aww, Adam you stole my heart. ? Adam's biggest regret is leaving his young pregnant wife all alone when he went off to fight at Culloden Moor. The only thing he asks of Soni, the wee witch, is that he can go back and make things right for his wife.

I love these short, sweet stories. They are quick reads, with wonderfully, hot Scots!

---

### **Cherie Will Horrigan says**

**Wonderful!**

I can't say enough good things regarding the love and imagination in this series. The mystery if Soni is what I can't wait to find out. This book is sweet and please read all in the series! Starting with "The Gathering" if you haven't yet. I'm on to the next book!

---

**Jessica Duet says**

So good! Happy Adam got to be with his wife and baby.
