Alpha Rancher Bear

Zoe Chant

Alpha Rancher Bear *Zoe Chant*

A take-charge alpha with commitment issues + a midwife who's not about to give up control of her well-ordered life + a roadside winter disaster = an explosive romance that's about to blow up everything they both thought they wanted!

Alec Tanner isn't looking for a mate. The tough, reclusive alpha of the Pinerock County bears likes his life just fine. Even if his solitude is because of his emotional walls rather than actual desire to be alone. Even if there's a part of him that can't help but envy the companionship his clan brothers have found with *their* mates ...

Charmian Russell can't imagine letting a man into her life. The Pinerock County midwife is doing just fine on her own, thanks, and she doesn't want a boyfriend to boss her around. Especially not an infuriating (but smoking hot) alpha like Alec Tanner. Even if he does make her weak in the knees ...

But when their car goes off the road in a snowstorm, suddenly these two proud, controlling people have to rely on each other if they're going to make it back alive. And there's nothing like trying to keep warm in a blizzard to make it harder to fight the sizzling attraction pulling them together. Can they learn to let someone else in, and find the happiness they've been missing?

Alpha Rancher Bear is a hot, standalone bear shifter romance, third in the *Bears of Pinerock County* series. No cliffhangers!

LizBookAddict says

Nope, still not feeling it.

I'm gonna give up here

Opinionated and Brutally Honest Reviews says

Alec redeems himself finally. She doesn't let him push her around and he comes to terms that his dad was abusive.

It is good enough for a free book.

Patricia Hohmann says

Alpha rancher pear

A great series this was book #3 bears of pinerock county I'm off to book #4 Zoe Chant is a great writer can't get enough of this series

L M says

Alec is the alpha but has been a bit standoffish for some reason. When he meets his mate in the form of the midwife Charmain, who is looking after Saffron's pregnancy, he runs scared.

Charmain pushes their relationship onward and I really enjoyed their story.

Read in the box set

Cindy says

Great book

I really enjoyed reading book 3. I couldn't put the book down. I can't wait to read the next book in this series..

Cassandra says

My Thoughts - 5 out of 5 Unicorns - I loved it!!!

***I choose what I read and review based on what intrigues me!! No one tells me what to think, feel, or write about any book! I have bought this book last year because I love and own most of Zoe's books!

The cover is a great match to the story!

This is the 3rd book in the series! It is for adults only due to the steamy content.

This is Alec's story!! YAY!!! It is about time he gets his mate! I love how Charmian knocks Alec for a loop. It was a great story watching them learn to compromise and grow together. The clan keeps growing, and I love it! No bad guys in this book, but the weather is an issue and brings trouble.

I highly recommend to any HEA shifter fans out there because Zoe Chant knows how to write a great story that you will enjoy! I can't wait for Gannon's story!!!

david l hutchison says

Good stuff

Delightful story with two people used to being the boss. story and two people learning to combine talents and strengths to become an awesome duo.

Rosemarie Grainer says

Still going strong

I liked this story a lot. No one was chasing Charmian, but that doesn't mean things are simple! Not for Alec! He has fought change to his clan so much, that originally he plans on ignoring his bear, and her, too!

This story has less action and more character development than the last one did. We still have a sexy bear shifter, but he has met his match with this strong willed midwife. The steamy scenes are still there, as are the great secondary characters. Read these in order. I am sure if you enjoy shifter romances, you will enjoy this series.

Jen Cothran says

I am binge reading and have quite a few of Zoe Chant's books that I had one-clicked and wanted to read, but would always have something else come up. I have to say. TAKE THE TIME AND READ ALL OF HER

BOOKS!! They are each unique, some follow a specific group, but each can stand alone and have a happy ending. They are feel good and quick reads! I absolutely love all her books I have read! And they never leave you feeling like you're missing something at the end.

Stories in Review says

Very quick, great read.

Bronwyn says

Another super quick read from this author. I liked this one, the characters were nicely developed and I loved that the h was successful, independent and not easily scared. The H was a hot alpha but with fears of his own to overcome. Great secondary characters, just wished it was longer!

Jessica Frances says

Alpha Rancher Bear is the third book in the Bears of Pinerock County series and while it can stand-alone, I would recommend reading the first two books first to understand the secondary characters better.

This was an enjoyable addition to this series, and I absolutely loved Charmain. I loved that she was strong, smart and stubborn. She was a great match for Alec and this was a nice, sweet story. The only part I found a little lacking was that there was no real action. They meet, the banter was fun, the chemistry was hot, and then not much else happens. A small hiccup which is easily sorted out and that is it. It made for an angst free read which isn't always a bad thing, but it did mean the ending felt a little flat. Overall I would still recommend this to fans of this series and paranormal romance fans. It was well written and would make a great afternoon beach read.

Diana Page says

Charmian and Alec's story starts off completely rocky, gets worse, then finally the two hard headed alpha type duo come to understand that soul mates can't run from their fate. Excellent book 3 of the Pinerock County series, with alpha bear Alec finally getting his own mate. 4?'s and I can't wait for Gannon's story in book 4 !!

Leanne says

Wow these men/bears are awesome
