### Whiskey and Gumdrops (book 1)

One woman. One case of self-denial. One hunky best friend who wants a lot more.

Watching the man she thought she'd marry tie the knot to someone else spurs small-town waitress, Mandy Mattson, to finally pursue her dreams of opening her own restaurant.

But she can't do it alone. . .

Mandy's going to need the help of her sexy, long-time best friend, Frankie Smith. He has everything she needs--and more. She fell for him years ago, but has never allowed their friendship to evolve into something more. After all, he's "Frankie fall-off-the-tower Smith," and she has no intention of giving her heart to a dare devil like him. But what happens when Frankie asks Mandy to take the biggest dare of all?

Readers call this best friends romance "heartwarming" and "fun."

### Rum and Raindrops (book 2)

One nature guide. One accidental forest fire. And one steamy investigator hot on her tail.

Life would be easy for Jen Kulak if she hadn't just burned down the forest she depends upon for her business's wilderness adventures. It would be even easier if she hadn't accidentally fallen head over heels for the fire investigator tracking her every move.

When the pressure on Jen heats up will she run like she has in the past? Or will she find the strength to fight the accusations that could cost her everything, including her own happily ever after?

Readers call this high chemistry romance a "must read!"

### Eggnog and Candy Canes (book 3)

Sometimes enemies make the best boyfriends.

Nurse Katie Reiter's nemesis, Dr. Nash Leham is back in Blueberry Springs and he came for one thing—Katie. Will their battles turn to stolen kisses in the midst of a Christmas storm or will Katie find her happily ever after in the arms of another?

Katie loves to be in control, and so does Nash. And while the two may have butted heads in the past, when a family member falls ill on Christmas Eve, Katie knows there is only one doctor in Blueberry Springs that she trusts to help the Reiter's pull through in the midst of the blizzard. But what she doesn't count on is how her heart begins to sing for the man she's always considered an enemy...

Readers call this enemies to lovers romance "funny" and "witty."

#### **Very emotional**

This was a great book from the beginning. It had a lot of love ,a little suspense wondering who was going to end up winning their true love. Could not put it down until I finished it.

This set was a great read.The characters in the books keep you turning the pages. Each character becomes like a old friend from one story until the next.

### **Pam says**

**Whiskey & Gumdrops** - This is a sweet little HEA although it seems like Mandy was never going to get an HEA. Everything she could do to push Frankie away, she did. The book really follows a screw up girl next door down to the path to growing up & showing maturity. The items she was ashamed of ended up being her greatest strengths. After pushing everyone away, she realized that the path to her future was because of her small town relationships not in spite of them. I really liked this book.

**Rum & Raindrops** - I loved this book! In Rum & Raindrops, we get to know more about Jen. Jen is a local nature guide trying to get her small business off the ground. She offers guided hikes & canoe trips. After she had registered for a camp site, there was a fire that almost took out Blueberry Springs. Jen is second guessing herself about everything she did although her friends make fun of her for being so anal about her rules while hiking/camping. While out looking at the site in a misguided attempt to find clues leading to someone else, she runs across Rob Raine, the fire investigator. The chemistry is hot & sparks are flying. Mix in the investigation, her well meaning friends, his family & you either have an HEA or a disaster or BOTH!
