Nobody knows speed like Ida Belle.

Behind the wheel of her hopped-up Blazer, she's the queen of the back roads. But when someone tries to kill Hot Rod and steals only black SUVs from his shop, Fortune worries that excessive horsepower is the least of the trouble that comes along with her friend's new ride. When it becomes clear that the car thieves didn't get what they were looking for the first time around and Ida Belle's vehicle becomes their next target, Fortune and Gertie are determined to protect their friend.

Ida Belle is determined to protect the Blazer.

### Gail Koger says

#### Fun read

Another hilarious adventure with Fortune, Ida Belle and Gertie. I highly recommend this book. A nice mystery and I love the hijinks

### Donna says

In case you haven't read any of this series, Miss Fortune is a CIA assassin with a bad guy after her so she's incognito in Sinful, Louisiana until things die down. Only 3 people know her real identity there-- Deputy LeBlanc (who she's dating) and 2 older ladies who were once spies, Gertie and Ida Belle. In this adventure, their friend Hot Rod is attacked in his shop and Ida Belle is in danger because an SUV she bought from him may have evidence hidden in it. So where else could they hide the SUV except in a storage facility owned by the local mob. See how that turns out.

I love this series! The scenes in it are ridiculously funny. I like the break from reading dark mysteries and thrillers to laugh out loud at the ladies antics. I have no idea how the author thinks up so many hilarious adventures.

### Amy says

Love the mystery and Big & Little ~ aka my favorite mobsters. Not a fan of the tension with Carter but I suppose it is going somewhere. Conclusion was confusing but nothing a little exposition didn't clear up. The real question is...WHY DOESN'T MY LIBRARY HAVE THE NEXT TWO BOOKS IN THE SERIES? I might just have to buy them.

### Pamela(AllHoney) says

The tenth book in the *Miss Fortune Mystery* series by Jana Deleon. The recount is in and the rightful Mayor of Sinful takes her place. And Hot Shot, a local mechanic, is assaulted and in critical condition at the hospital. But he manages to get a few words out warning that Ida Belle is in danger. So naturally, Fortune and Gertie, along with Ida Belle, must find out why.

Love this series! But I do have to admit it's getting a bit long for my taste. I see that there is at least one more book coming in the series and that's great. I do highly recommend this series to those who love quirky characters and a lot of laughs.

### **The best yet!!!**

I love this series. I'm always anxious for the next one. Fortune, Ida Bell, and Gertie, are up to their necks in mischief, mayhem, and murder!! The three of them are a hoot!!

This particular book was full of fun and a really surprising twist!! Just when you think that's it..... A must read!

### **Laughing the way**

What a wonderful way to spend some time. Visiting with Gertie, Ida Bell, and Fortune was a laugh fest. I could just imagine these ladies doing these crazy antics. It would make a great movie or better yet a tv series.

I am looking forward to more adventures.

## **JoAn says**

Hook, Line and Blinker by Jana Deleon was a first rate mystery with enough laugh-out-loud moments to keep me entertained from beginning to end. As usual, Gertie creates chaos as Swamp Team 3 joins up with Big and Little Hebert to solve a mystery that has put Ida Belle's new love, a black 4X4, into jeopardy. And the cliff-hanger at the end makes me impatient to read the next one.

## **Una says**

A lot happening in this story, not all of it good. Just enough bad to get Fortune, Gertie and Ida Belle deciding they need to solve the crime(s). Get the local mafia involved and what you have is pure chaos again. So outlandish that you can't help but smile or laugh out loud. Love this series!

## **Rebecca says**

This series is just silly fun. Not even remotely bored with it yet. Yay.

---

## **Patty Leach- Hupp says**

I enjoy this series and tend to laugh out loud. The characters are well built and enjoyable.

A delightful read as always!

### **FangirlNation says**

Jana Deleon's newest, much-anticipated Miss Fortune novel, **Hook, Line, and Blinker**, is a strong addition to the whole, delightful series. Fortune, a CIA agent in hiding in Sinful, Louisiana, has had a couple quiet weeks when the Sinful grapevine, which is tied directly into Ida Belle, lets the senior lady who is the true controlling force of everything in Sinful that her friend Hot Rod has been nearly fatally attacked, and the only thing he managed to say as he was taken to the hospital was that Ida Belle is in danger. Hot Rod is known for fixing up vehicles to give them lots of power and fancy details, and Ida Belle recently bought a hugely souped-up SUV from Hot Rod.

### **Anita says**

When Ida Belle got that supped up, black, turbo powered Blazer in Later Gator, I just knew nothing good was going to come of that. What is hidden in Ida Belle's new love and who wants it bad enough to kill? Well, what can I say? Fortune, Ida Belle and Gertie are up to their eyebrows in it, again. Carter just knows that the three of them are in it, again, but just can't prove it. I kinda think he really doesn't want to bust them anyway. Fun read and a mystery to solve.

### **Emmie says**

Jana Deleon outdoes herself with every book. A great series with a memorable quirky cast of characters. Hillarious!

ANOTHER WINNER!!

The latest installment in the Miss Fortune Mystery Series is another winner! It's such delightful entertainment from beginning to end. The girls - Fortune, Ida Belle & Gertie - are doing their best to keep the streets of Sinful, LA safe from crime. For a sleepy little small town, Crime has managed a uptick since Fortune has come to town. That fact alone just complicates her relationship with Carter LaBlanc the Law in the town. This book finds the girls in more dire straits than usual and we learn what lengths they are willing to go to protect each other and who they are willing to work with to accomplish their goals. Great

entertainment!
