**Midnight Coven** Tara Brown

"Wake up, Lorelei . . ."

Icy words, whispered upon her lips in the night, used to scare Lorelei Huntington.

But that was before. Before her mother tried to have her killed, before her world went back 50 years, before the magic of the swap found its way into Lorelei's blood.

Now she finds the whispers and the cold breath of the dead a comfort.

That is until she is warned, by a vaguely familiar ghost, about the secrets of the blood thirsty family she resides with.

Whit's family, it seems, are not all they appear to be.

Just like Lorelei's mother is not the only ghost haunting her.

When Lorelei discovers the Midnight Coven, she is forced to choose between love and survival.

But survival comes at a cost, one she isn't sure she is willing to pay.

Don't miss this sexy paranormal romance!

### **I have fallen in love!**

Tara Brown has made me fall in love with these characters. Midnight Coven is the 7th book in The Devil's Roses Series and it just keeps getting better and better. I love Lorelei, she has become quite the character.

During the first 6 books of this series I didn't care much for either Marcus or Dorian, although I did start liking Dorian more in the book Death, but this shows Dorian and Marcus 's true side and they are definitely growing on me. I can't wait to see what's in store for the Roses next.

The one was really good. I fell in love with Marcus and Lorilei while reading this book. I'm also happy to see the way Lorilei's story ties in to the rest of the series. I kept wondering how that was going to work. Great job as always TL.
