## Moving On Anna Jacobs

Molly Peel feels trapped by her family: her ex-husband Craig cannot seem to abandon his controlling ways despite abandoning her for a younger woman, her lazy son Brian has long been taking advantage of her generosity, and her selfish daughter Rachel is embarrassed by her. When she is blamed for ruining Rachel's wedding in circumstances beyond her control, Molly decides enough is enough and makes a clean break to Wiltshire to begin a new life. However, the persistent interference of her ex presents difficulties. Can Molly find the courage to stand up for herself and finally move on?

## Den says

Basically Molly is being bullied by her ex to sell her house as he needs more money and will go to any length to get it including threatening their children. But Molly has had enough and finds the inner strength to get on with her life, move away, find a job and a new partner and friends who believe in her and don't make her feel useless.

## Jay Phillips says

Nice chick lit about Molly and her family who consist of an ex husband Craig and her two children. The format of the book was mainly having the four main characters stories mixed together on one chapter. Even though Molly was the main character, I found her story the least interesting. Though she was clearly 'moving on' with a new job and eventually a new man Ewan, her story failed to move me.

## Kelly Callaghan says

The story starts with Rachel's wedding - Molly has been left out of the preparations. On the way to the wedding (not in a limo like the rest of the family) she is involved in a car accident and arrives late. At the reception she passed out and spends the night in hospital. But the rest of her family believe she was drunk and show no sympathy. After the tortuous year Molly decides to move on and her ex husband ups his bullying game.

Sometimes it is relaxing to read a book where all the plot lines are telegraphed and where you know everything will be okay.

That was surprisingly enjoyable. I especially enjoyed that the martyred, down-trodden mom got some confidence pretty early on in the book, because the first few chapters were painful.

### **Carole says**

An easy light read for a rainy afternoon. A woman who stands up for herself and wins.

### **E.A. Harwik says**

I liked this novel. It's a modern story from Anna Jacobs, such a biting, not uncommon, topic to script around. A divorced woman with adult children living at home, who enslave her to being available, pick up for and pay their rent. An ex-husband who encourages the children to exploit the situation as he always did before running off with a younger, more streamlined 'piece'. Sound familiar? You need to read how Molly Peel decides to escape from her lot. You'll enjoy her journey, delight in her new found confidence. I did. Five stars.

The first couple of chapters were painful but as Molly began to heal and regain her confidence I found myself enjoying the book.
