New Vyr

T.S. Joyce

New Vyr T.S. Joyce

Vyr Daye is learning that not every happily ever after works in a straight line. He was supposed to be okay after he escaped shifter prison and found his mate, but for the past six months, his dragon has felt broken, and has an undeniable instinct to burn and claim the entire world. Four mountain ranges in six months and he's losing all control, and dragging his Sons of Beasts Crew, and his mate Riyah, straight to hell. It was never the other dragons the world had to worry about. It was always the Red Dragon inside of him. And now he must find a way to save the world from himself.

Riyah Daye has been hurt and spiraling, and for months, she's watched her mate do the same thing. But where she leaned on her Crew, Vyr distanced himself from everything he loved. She has a feeling she knows what's going on, but she's going to have to shake everything up to get the dragon's attention...even if it means fighting fire with fire.

Sometimes a man doesn't get the happily ever after he wants.
Sometimes he gets the one he needs.

Lions and dragons and bears, oh my! Don't miss this short story from the bestselling Daughters of Beasts and the Sons of Beasts series.

Content Warning: Explicit love scenes, naughty language, and piles of sexy shifter secrets. Intended for mature audiences.

From Reader Review New Vyr for online ebook

Jenny - Book Sojourner says

Wow. Loved it. This storyline went beyond my expectations.

Christine~justlovemybooks.com blog~ says

Oh wow! This book!
Review coming soon

Stephanie says

3.5 Stars

I liked this book a lot, and I'm excited for the new Tarian series. I think. I like how things happened in this book, but I want Vyr and Riyah to have biological children together at some point. I know families can be families without this, but I really want them to, although I really like what happened in this book with that. Lots of sadness but happiness, too.

Jenn (not Lily) says

So good! Have tissues ready for this one.

Darcy says

Reading this one makes Vyr's actions in the last couple of books make better sense. I hate what he lost, but like that he is trying to be better, that he is letting his mate and crew in. I also love that he approached the Daughter of Beasts and make nice with them all. It led to a very happy ending with a present so precious and wanted.

Dawn says

It's not often a book makes me cry tears of laughter then tears of sadness then laughter again! This story finished off the Sons of Beasts and daughters of Beasts series perfectly. It also makes way for Tarian which have been mentioned a few times in the previous series. Well done T, I can see why Vyr was calling you out for a bit more. If by any chance we could have an anthology of life according to Nox, this would be a treat!

Gloria Nuckols says

Holy dragon this was one of the most emotional stories I have read by TS Joyce and I have read almost all of them. The pain that Riya and Vyr endured was absolutely heartbreaking. But to be given such a beautiful gift to treasure in the form of Brayden was heartwarming. Absolutely loved this story!

Sherry Koch says

I thought maybe I was finally getting to a point where I didn't start ugly crying at the end of every book T.S. Joyce writes. I was WRONG - all the feels. I loved it (even though I generally hate crying) this book hit close to home for more than one reason and at the end it was happy tears for the red dragon.

Ame Eggers says**Shattered**

Shattered and put together like Kintsugi(the Japanese pottery repaired with gold).. is how I describe New Vyr! This story takes a couple we thought were settled and shatters their story only to beautifully rebuild it. You will cry along with Vyr and Riyah but the journey is so very worth it. Your heart will break for them and their crew but as always TS bonds them together for the best. Her stories just get better and the characters grip your soul

kookyquinn says

Did the beginning feel a little rough, disjoined and choppy to anyone else? It smoothed out but the first few chapters we're odd... Just me?

Pet says

I knew before I opened this book that it would hurt to read, I loved Vyr in his story and knew that only the deepest of pains could pull him away from his lady. I wasn't wrong, there are very dark parts to this story, but that TSJ humor makes you literally laugh through tears.
I love that I get these on KU and I really am loving every book I read. Highly recommend.

veda buntain says**Must read**

These books Never disappoint. I took a chance when the first book came out many years ago and I can't wait for the next sets. Please do yourself a favor and get the stories.

Clare says

If I could give this book a 10 Star I would. It was amazing and had me crying so hard, I'm going to go back and read the red dragon books just because they're amazing!

Charlotte says

This one had me in tears at the end. I love these stories. I think Joyce does a great job bring these characters to life through humor and personality. All of the stories are wonderful, but some of them, like this one, just bring forth the water works.

Well written as always! RECOMMENDED

Keri says

I have a T.S. Joyce addiction. I love these little gems. Looking forward to where the story ARC is going.
