This was my first graphic novel and I can honestly say I thoroughly enjoyed it. I loved the pictures, they were really cute and colorful and the plot was smooth and easy. But one thing that bugged me was how they created something involving fire and mechanics on a roof without being caught by a mob filled city. Unrealistic. I also wouldn't recommend this exactly just because you have to be at this stage to enjoy both the book and the tv show and I really like the tv show! Altogether fun read 4/5 stars :)

### **Isabella says**

It was good except I recomend this book for Ninjago fan's like me who watch the series and read the book

### **Seung Lee says**

I enjoyed this book because it is a nice parallel universe to the T.V. series. However, the story gets repetitive after a while.
