Shooting with Soul: 44 Photography Exercises Exploring Life, Beauty and Self-Expression Alessandra Cave

Shooting with Soul is glorious and beautiful book for anyone who loves to take pictures. Whether you are an aspirational photographer, artist, creative mom, or blogger, you will enjoy expanding your understanding of this medium by exploring 44 weeks of unique and reflective prompts and exercises aimed to demystify seemingly “techie” topics and enhance your creative self-expression. No matter what camera you own, an SLR, point and shoot, or even a camera phone, this book offers tips and methods for any device that snaps a photo. New technology is making it easier to share photography, and interest in photos is being fueled by the popularity of photo-based apps and social networking sites such as Pinterest, Instagram, Hipstamatic, Flickr, and tumblr blogs. Sharing photos with friends and family has become as easy as pushing a button, however, finding the right photos to take and coming up with creative concepts for jaw-dropping photos remains something that needs to be explored and fostered.

Shooting with Soul teaches successful photography methods through an approach that is very much like journaling. By putting deep thought and feeling into the process, and into the exercises, which focus on personal exploration and autobiographical information, you will become able to create images that are infused with soul and that connect you with your viewers more deeply, whether they are friends and family, a professional art audience, or followers of a blog or website.
