**Great read**

Great ideas and I plan to make several items. My first project will be the 2-ply blanket for my daughter.

**Nina says**

Has some very nice simple patterns, a few have diagrams. Great for beginners. Good directions. You can make scarves, pillows, blankets, mittens, throws, hats and more.

**Nice Collection**

I really liked the variety of projects. Although either no sew or easy to sew, these projects are attractive as well as practical.

**Wendy Taylor-Hamilton says**

**Great ideas**

All the ideas came with very detailed instructions, which I love. Not all the projects came with pictures. I think most people, myself included, would like to have pictures for a reference. The no pics is the reason for only three stars.

**Simply fleece**

So glad pictures were included. Instructions were easy. A free book that was actually good. Recommend this free book. Vreat

#### **I learned a few excellent techniques for knotting**

Great photos.....tons of cute ideas that you can tailor to your own projects. Excellent book. I will be keeping this one for sure.

#### **Love**

Can't wait to try some of these crafts. The directions and templates make it not seem overwhelming. I will be giving friends and family made by me gifts this Christmas.

I was a bit disappointed by this book, as its cover looked so promising, but when I read it, the majority of the book was taken up by variations on hat and scarf patterns. If that's all you're after, this is the book for you! If you want more, then look elsewhere. I got this when it was free on sale, and I'm glad I didn't pay for it, or I'd have been very disappointed indeed.

#### **Easy gift ideas!**

I love the ideas in this book, and the no sewing of most of the items is great! I can't wait to try something of these!

### **Linda says**

Really easy to follow directions and has pictures as well. Great projects that would be great to do with young teens, handicapped individuals and elderly and also fun for everyone. Great charity projects.

Simply Fleece by Bonnie Scott

This book tells you how to use fleece to make simple easy gifts. Some you have to sew, some you do not. Pictures of the projects and other drawings showing measurements and how to do certain things. Easy to follow step by step instructions along with list of things you will need.

Hats interest me as they are very versatile.

Items for your pet are also included along with Christmas ornaments.

Other works by the author are highlighted at the end.
