Strap in for another tour through the highly charged Clone Wars Adventures!

As the fires of the Clone Wars burn across the galaxy, heroes on both sides of the conflict emerge, and no matter what the outcome, the galaxy will be forever changed. Presenting four more pulse-racing tales of knock-down, drag-out action and adventure, all told in the same stripped-down stylization as Cartoon Network's micro-series.

## Star Wars: Clone Wars Adventures, Vol. 5 Details

Date : Published May 10th 2006 by Dark Horse Books (first published April 26th 2006)

# **From Reader Review Star Wars: Clone Wars Adventures, Vol. 5 for online ebook**

## **Angela says**

Suitable for children aged 8+ and those who have seen the cartoons.

Four tales in this volume. Secura helps some Ewoks, yes Ewoks, kind of fun and unexpected. Senator Organa goes on an important mission and shows how brave he is. Clone troopers try to save a planet. A padawan is on a hostile planet when order 66 comes through. This series is starting to look at death more, and that's good for a book that is based on a war. A good read.

---

## **Chad Quintero says**

The first story was the best. There was a huge continuity error in the last one. Strange since this is a Dark Horse comic and they contradicted their own story lines.

---

## **Austin Dahlke says**

Probably my favorite of the Adventure novellas. I enjoyed the final story the most, where the Padawan Joc was forced to suffer some survivor's guilt after Order 66. The Ewok story was also good with a somewhat bittersweet ending. It was also nice to see a story centered on Bail Organa, Shaak Ti, and Antilles, especially the latter who hasn't appeared much. The story about the clone troopers also came to a fairly bitter sweet, if not downright downer, ending. Interesting stories that look at death and the unfortunate casualties of war.

---

## **Chantell Petrell says**

Was okay. Plot was a tad weak.

---

## **Hillingdon Libraries says**

Find this book at Hillingdon Libraries

---

## **Sisp4c\_ryanlee says**

Another great book!

---

## Ata says

This was surprisingly good. Liked both the art and the stories. Need others in the series now.

---

## Jaime K says

This was a weird compilation of stories.

In **What Goes Up**, Aayla is on Endor. ENDOR! That was honestly irritating, even though it's not like Endor is in the Unknown Regions. Anyway, she discovers both Clone and droid carnage, and comes in contact with a battle droid that acts abnormal for a droid. The droid explains the situation: the Ewoks want a monster destroyed, the same one that took down the Clones and droids.

**Bailed Out** was about Bail going to Metalorn, where there is an intense prison system that Shaak Ti is held up in.

**Heroes on Both Sides** was a great story of the Clones fighting Dooku and Grievous's troops on the Viidaav mining world. They hope to detonate the surface, despite the fact that the Viidaavs are fighting for them. The Clones discover that the Viidaavs have additional plans.

**The Order of Outcasts** takes place on Ragmar V. A Jedi apprentice is on his first solo mission when Order 66 is issued. He has to learn to trust the local outcasts to no longer be against him.

## Jared says

### Star Wars Legends Project #162

**Background:** *Clone Wars Adventures, Volume 5* was released in April 2006. It collects four stories in the style of Cartoon Network's animated *Clone Wars* series: *What Goes Up...*, *Bailed Out*, *Heroes on Both Sides*, and *The Order of Outcasts*. The first, second, and fourth were all drawn by the Fillbach Brothers, who also wrote the first one. The second was written by Justin Lambros, the third was written by Chris Avellone with art by Stewart McKenny, and the fourth was written by Matt Jacobs.

*What Goes Up...* stars Aayla Secura on Endor. *Bailed Out* features Bail Organa (obviously) and Captain Antilles. *Heroes on Both Sides* centers around an ARC trooper and a Separatist commander. *The Order of Outcasts* is about a one-off Jedi Master/Padawan duo. All 4 stories are set near the end of the Clone Wars, 19 years before the Battle of Yavin. The last one deals specifically with Order 66 and its aftermath.

**Summary:** In *What Goes Up...*, a tribe of Ewoks forcibly recruit Aayla Secura to fulfill the prophesied defeat of a fearsome monster.

In *Bailed Out*, Bail Organa meets with Wat Tambor to discuss joining the Separatist cause, but he actually has another purpose in mind.

In *Heroes on Both Sides*, the natives of Viidaav find themselves abandoned in a trap set for the Republic

forces by Dooku and Grievous, with the destruction of everyone on the planet the likely outcome.

In *The Order of Outcasts* a Jedi Padawan finds some very unlikely allies when the troopers under his command suddenly turn on him.

**Review:** Check out my review of *Star Wars: Clone Wars Adventures, Vol. 1* for some general thoughts that apply to the series as a whole.

*The Order of Outcasts* is probably the weakest of these. It has some fun character design, but forgets to make the characters themselves compelling. The rest all have at least something going for them. *What Goes Up...* is probably a bit too long for what it is, and it doesn't make sense that a battle droid can translate for Ewoks, but it's a funny device so I'll let it go. I'm always game for a good Aayla Secura story. *Bailed Out* features a nice little twist in the middle, and of all the characters in these stories I think Shaak Ti looks the best in this highly-stylized aesthetic. *Heroes on Both Sides* does a lot with very little, and relies heavily on visuals over dialogue in a way that's pretty effective. Overall, fine but still ultimately forgettable.

### Marco says

It was a good book and a graphic novel book.

---

### Travis says

These little digest-sized comics are anthologies full of short stories about the Jedis in action, with the occasional story of the clone troopers.

Really nice, done in one stories, full of action, adventure, humor and hardly any of the angst and heavy foreshadowing that hurt the other Clone Wars comics and novels.

Also, fun to see a lot of background characters getting a turn in the spotlight.

---

### Jesse says

I liked every story in this volume, but especially the one featuring Bail Organa (and Leia making a cameo)!
