**That Old Witch!** M.Z. Andrews  
**There's a new squad in town...**

Seniors, Phyllis Habernackle and Char Bailey are witches with a problem. Dealing with the recent loss of one of their oldest and dearest college friends, the women discover the dearly departed has bequeathed her estate to them! Unfortunately, she didn't leave it only to them. She also left it to two other old witches. Decades ago, the five women had been inseparable while together attending the Paranormal Institute for Witches, situated high in the beautiful Appalachian Mountains in cozy, Aspen Falls, Pennsylvania. But thanks to a betrayal no one saw coming, they've been feuding ever since.

Now the four witches, along with one geriatric mother, must come together to discover what tore them apart all those years ago and unravel a new mystery that is bigger than any of them could have ever anticipated. Will it pull them closer together? Or will the wedge that kept them apart for decades widen and ruin their friendship forever?

For fans of The Witch Squad Cozy Mystery Series - this new spin-off features an off-beat cast of hilarious witches that will have you laughing out loud. Rejoin old friends, Phyllis, Char, and Vic and meet new friends Loni Hodges and Gwyn and Hazel Prescott. Plus enjoy cameo appearances by some of your favorite characters from The Witch Squad.

Some mature language present in this book.

### **Chris says**

I was going to use this as my cozy bingo read, but I can't finish it. I cannot take 400 plus pages of this.

You would think it would be good. It almost sounds a witchy version of Golden Girls meets Murder, She Wrote. But nope.

I mean, I knew I was in trouble when I started - take for instance

". . . a sudden, fierce gust of wind whipped at the newly budded tree branches and sent a spray of gavel dust up into the air, exfoliating the front of the three-story Victorian and the back end of the old jalopy parked in the dirt driveway" (1)

or

"The pale, wrinkled skin on her outstretched arms sagged from just below her elbows to her armpits, her short elastic sleeves doing little to carry the burden of the excess baggage" (1)

or

"Arched white trellises covered in pink and purple clematis and lavender-shaded wisteria anchor themselves centrally" (2)

or

"With her nose still point to the clouds, Kat opened her eyes and ever so slowly dropped her chin." (3)

(I'm not sure how the nose stays pointed at the sky the, to be honest).

or

"She had only a few minutes to get out of the garden before the magic fertilizer with the rain coming down." (3).

There also are the following questions - if the majority of people in the town are okay with witches, then how is saying you went to witch school a conversation killer? How can never being married mean you have no family or friends? If the funeral director let you leave the funeral with a woman's ashes, you should not be surprised when you discover that she named you in her will. If you had to leave town for years, why did you run a diner there? I mean, how could you do that? If you leave in the town for, say, 40 years, and then left for a few years, say 5, shouldn't you know at least the old stories?

#### **Still laughing!**

I received this book free from one of the book sites. I do not remember which one! This is my honest and voluntary review.

Oh my goodness! What a laugh this book is. Think witchy Golden Girls. The characters are definitely memorable, especially Hazel. She's a woman who says whatever she wants & apologizes to no one. She will have you smiling and laughing through the book.

4 old friends have been angry with each other for years. Old grudges are brought up after the death of another friend. Witches are being murdered. It's up to the Coffee Coven to find & stop the witch killer.

Recommended for those who enjoy cozy mystery books and great humor.

#### **That Old Witch:The Coffee Coven's Cozy Caper**

This was a FUN book to read. I actually laughed out loud at times. These five witches seem to either cause trouble or be in trouble most of the time. How they get out of trouble and right the wrongs that have been done keeps it interesting. Hazel, the oldest of the coven, will crack you up!! I gave it a five star rating. I find it one of the best and most fun cozy that I have read in quite some time. I recommend it to be read by young and mature adults because of Hazel's mouth!!

---

### **Susan says**

#### **Good friends good witches**

Really enjoyed this story. The town has more than its share of witches and someone doesn't like it. When Kat is found dead and her will is read four friend must come together for the reading. What did Kat do—they haven't spoken in years. This is a great story of family and friendship. I recommend this book—the author calls it a caper but I call it a friendship story.

### **Krystyna says**

Seniors with magical stopping powers pull on the pants of SuperSleuth

A great start to a new series. Similar to the Witch Squad but with seniors in the main role and much better plot. The characters are diverse and go from the outright cantankerous to paranoid and doormat. All however are witches and when faced with what appears to be a witch serial killer join forces to out the culprit. Some great dialogue and situations lead to an entertaining read that will have you guessing until the end. A terrific read.

### **shirley wilson says**

#### **Brilliant !**

This book is laugh a minute it had me laughing out loud with every turn of the page , the character Hazel is so funny . I enjoyed the " witch Squad " series but this is so much better and funnier I just hope another book is in the pipeline and its not just a one off it would be such a shame .

---

### **Jeanne Brewer says**

#### **Delightful!**

If you are an older female or plan to become one in the future, join these witchy women as they attempt to figure out what really happened to two fellow witches in their small town. Down to earth and realistic dialogue ensues as they narrow down the possibilities and zero in on the culprit. A truly fun read!

---

### **Jessica Wilhelmsson says**

#### **Awesome.**

This book is really worth to read! It's a fantastic both fun and exciting story about 4 witches that get reunited after a lots of year because they all are in a will from a friend. The four witches and one of the witch mother (that Old witch) are then stumbling into a murder mystery with a lots of dramatic happenings. I hope your gonna like it as much as I did

---

### **Toria Bedell says**

I like this book, the women are funny and crazy. Phyllis, Char, Gwyn and Loni were friends in college but all lost touch after a lie was told to each of them that tore them apart. They are bought together by Kat dying from a supposed accident, but clues pile up and the ladies think foul play was involved. All the characters are funny and I enjoyed this adventure with them.

---

### **Marianne Turner says**

#### **Nice read.**

I read this book over the past 2 days. The characters, except for being witches, are entirely believable. Hazel reminds of of my own mother who passed a little less than a year ago. She too was feisty right to the end and always spoke her mind. Can't wait to read next book.

---

### **Mary A Moon says**

#### **Incredible**

What can I say? 5 stars aren't enough. Awesome plot, with lots of twists and turns; hysterically funny characters, and a little magic added in for fun. I loved this book!!!

---

### **Dorothy Bacon says**

#### **Not the worst book I've ever read but far from the best too.**

I tried, I really did try to like this book. I lost track of how many times a character "barked" or "bellowed". There are several sub plots that don't seem to add to the story but appear to be there to fill space. I have only made it halfway through the book and am having difficulty trying to force myself to continue. I don't have a clue as to why the grandchildren of one character call her by her first name though it is alluded to but she "doesn't have time to get into it now". There is one character who is convinced the FBI is spying on her. She keeps accusing another character of wearing a wire, she hates the color blue to the point of demanding people remove articles of clothing and has various other irritating quirks. I could go on for some time trying to list more convoluted issues but will settle for barking that this is a difficult book to follow and bellow that I doubt I will be able to finish it.

---

**lourdes loera says****Hilarious! An amazing book to keep you laughing.**

I completely love this book Hazel is a hoot. Everything that cones out of her mouth is hilarious and should've put on a T-shirt! These old ladies give the witch squad a run for their money. A must read book. Can't wait for the next book !!!!

---

**?Dani? ?Touch My Spine Book Reviews? says****Absolutely hilarious!**

You will love this group of elderly witches sleuthing! They have spunk and are just down right hilarious.? I recommend this book to anyone who is interested in a funny cozy with paranormal elements!? A Must Read!

---

**Barbara Hackel says**

As a reader of the Witch Squad series, I expected to be enthused about this new series that features the grandma generation of the Witch Squad girls. Somehow it fell short of expectations in my opinion. While I enjoyed the mystery aspect about the deaths of 2 witches, what I didn't like was the "personalities" and "conversations" the older witches had throughout the book. They seemed mean to one another and disrespectful of the person's feelings. Loni and Hazel received the brunt of this verbal nastiness, but everyone called each other out in unpleasant words. For a group of friends, they seemed about as friendly as a pet snake. I prefer a little more kindness towards friends in life and in reading.
