Robert F. Young

The 40th Golden Age of Science Fiction MEGAPACK®: Robert F. Young (vol. 1) Robert F. Young Robert Franklin Young (1915–1986) was an American science fiction writer born in Silver Creek, New York. Except for the three and a half years he served in the Pacific during World War II, he spent most of his life in New York State. Although his career spanned more than thirty years, and he wrote fiction until he died, he remained little known by the public, in the United States as well as abroad. He started publishing in 1953 in Startling Stories, then Playboy, The Saturday Evening Post, and Collier's. His work had a poetic and romantic style that many compared to Ray Bradbury and Theodore Sturgeon. This volume collects 20 of his science fiction and fantasy stories:

Nice find

This author wads new to me, I'll admit, and I was glad to encounter these stories. While not as polished as Bradbury's or Sturgeon's, these tales are in the same vein: lyrical, reflective, and darkly humanistic. Worth an hour or two for a fan of the nuances of speculative fiction.

Scott Winegar says

Not my type of contents

Why do authors try to put words that have no context to the story. It seems this one was trying to impress someone , and had a dictionary to prove it . Ill keep Mr young off of my reading list in the future. I'm glad I only wasted .99 and a small amount of time on this collection
