## **The Good Girls** Allison M. Dickson

For the last five years, Nina has been turning tricks at a mob-run brothel to pay off her debt, but the Madam is willing to let her go free if she sees one last client, a mysterious recluse with a chilling reputation.

It was an offer she couldn't refuse. One more client, one more trick, and all her troubles would finally be over. Or would it be the beginning of a new unspeakable horror that could obliterate Nina's mind for good?

# From Reader Review The Good Girls for online ebook

## Jenna Scribbles says

This is the second book that I've read by this author. Her ability to paint a scene in my mind is amazing. So well done - the ending setting inside the mansion, eeew, shiver.

The opening scene was a little heavy-handed. Too many: "eyes like glaciers" "teeth like alligators" "mean as..." I suggest she cut down on this sentence format.

That is my only complaint. Overall an awesome and very creepy short story.

---

## Zoe's Human says

If you are going to read Strings (which you really should), either skip reading this or read Strings first as this short story evolves to become that novel. With that said, it was wonderful to read the first couple of chapters of Strings and then come back to this to see the evolution of the story.

This story is absolutely sick and horrifying in the best possible way. I have a feeling I'm going to deeply regret having read it alone at work at night knowing that I will be walking home alone at night. I've already shrieked and dropped my ereader device once tonight just because the phone rang.

**WARNING:** If you've been an abuse victim, this story could serve as a trigger for you depending on your personal healing path, where you are at on that path, and what your current vulnerability level is like. (view spoiler)

---

## Laura says

There are few people I take suggestions from when reading indie author's work. This one was one of the few. The Good Girls is maybe the scariest story I've read in a long time. Quite vivid, quite disturbing. Five stars.

---

## Adam Light says

I thought this was a very well written, and pretty freaky short. I enjoyed the buildup to the ending. This story worked on all levels for me. Good Job!

---

## Dawn says

Well that was...interesting? Made me think I'll say that much.

### **Vix says**

AMD certainly has a way with words, the descriptions given are very mental image invoking; plus she is very blunt, no shying away from rude words here! but a nice smattering of "big" words too.

The age old story of girl meets bad boy, does bad things, gets into worse things.... ends up on the "game" with a wizened hag for a Madam, but she manages to retain her dream..... aaahhhhh.... AMD treats us to a little haunting build up of one last trick, but there is always a catch!

And so poor Nina enters the house (of doom) the heat and horror is ratcheted up and I actually felt goosebumps on my arms! Ha, that was nothing compared to what was coming.... omg... freak fest! I wont give it away... but yuck, if this does not make you pull your toes in or give you a little shudder.... are you already dead?

As for the two parting comments... yes you pulled my strings...eek and WOOOHOO a full length novel! can barely wait!

### **Jennifer says**

The reason I titled this review Insane is because that is the only word that describes the happenings in this short story. Once you are sucked into the main characters, Nina, world you are captured until the story finishes.

I have to admit when I started this story I didn't expect in my wildest thoughts it would take such a drastic and wild twist. This story takes you in to the depth of metal and sexual torture like no other I have read. When you start it you realize this is a story about a prostitute that wants to buy back her freedom by paying off her debts that she owes from making the wrong decisions in live and a person would think that would be dark enough to be able to build a hell of a horror around but this author takes this story in a maddening direction that leaves you with a feeling of fear and dread.

Great story!! A great read for horror fans of all kinds.

### **Jairus Reddy says**

This short story is perhaps one of the best I've read in a long time. Very creepy, vivid, had me enthralled the entire way through. If you haven't read Allison Dickson, do yourself a favor and pick up this story and begin down the path of pure genius writing.

### Shadow Girl says

I thought I had added a review here when I posted my discussion of *The Good Girls* on my blog. Rather than re-writing a review, first I'm going to search here, to see if I have rated a different edition, or something else equally strange. Until I'm sorted, join the discussion of **Allison Dickson's** *The Good Girls* on BBB - <http://beckisbookblog.wordpress.com/2...>

### Byron 'Giggsy' Paul says

One of Dickson's best stories to date, and definitely has the most haunting and grotesque climax.

Anticipation of a possible terrible outcome slowly builds throughout the story, but there is always hope of an escape and happy ending for our 'good girl'. But Dickson holds back the happy endings and delivers the reader to the unthinkable! Dare you read it?

### Kim Jackson says

Wow....Awesome book.  
I loved it.
