Perfect Holiday Story

This story was warm and refreshing. And also an example of how not to judge a book by its cover. Sassy was so keen on proving herself to a man that wasn't worthy of her love that she almost missed out on love at first sight, even though it came about in a most unusual way. As fate would have it Knox showed his true colors and drove her right into the arms of Ace where she belonged. Although a Christmas story, I would love to see where things go from here!

Loved it!

This was a book to make you fall in love with the storyline. I have been to Belize, and it is a beautiful place for romance. I'm so happy for Ace and Cassie. I wanted to punch Knox in his throat. The nerve of him. He needed to go and have several seats. What a punk. This is a must read and a great romance, just in time for the holidays.

grear read

a great love story I loved me some Ace. I'm glad Sassy turned out to be a good person and not a bougie stuck up person. I'm glad she believed in him. Knox was a jerk for real.

Short and sweet

Honey that Ace and Cassie (Sassy) kept me laughing. Those two could not get along at all in the beginning. But after a short period of time they they a complete 360. And couldn't keep each other off their minds. I'm so happy Ace got his self together. And Cassie too. Loved the ending ♥?

This Was A Bomb Love Story

I really enjoyed reading this story. I was team Ace from jump. I love an underdog that has to make it through the struggle. Sassy was not one of my favorites but after her reality check she's alright with me. I loved the way they fell in love. It was different and that is what made me love it the most.

LOVED IT

I really enjoyed this novella and I couldn't put it down. At first, I was put off with Sassy for being so judgemental. Really loved Ace Boggie and Sassy, they're just what the other one needed. This book had just enough of everything that made it a great read. Highly recommend and job well done Princess Diamond.

This book had me in my feels tearing up at the Christmas dinner and Ace's letter. He was such a stand up guy that ran across some bad luck. I will say Sassy worked my nerves at times though. Great job Ms Diamond

Alisa Arthur says**Another great read!!**

Christmas in Belize was just awesome. Sassy and Ace kept me laughing and intrigued. I knew they were meant to be together. It was good they realized it as well. The family and ex drama only added excitement and a surprise twist. Great writing makes me want more.

Renee says**Yes**

This was a great book. At first I didn't like sassy because I felt like she was a stuck up judgemental ignorant person who thought that she was better than people. As the book went on I got to see the real sassy. I loved ace for her she needed a man who could humble her and put her in her place. I would love to see more books like this from you

Paula Milan says**Satisfied Reader**

Opposites indeed attract. I loved Ace character and even though he was put in a compromising position it all worked out. Sassy was living for her parents but with Ace by her side he showed her how to live for herself. Knox was a butthole and I'm so glad Ace saw right thru him and dropped some knowledge to Sassy. This was definitely a great read

amenia says**Very cute**

Enjoyed this story thought it was cute. It reminded me of the Christmas story you watch on the hallmark channel just a hood Version. Enjoyed how it had a realistic vibe to it. Had minor issues but didn't take away from the story. I would love to know what happened to Eli.

This was good from beginning to end definitely a great story . Ace was struggling he lost his job and also his fiancée left, he went down after that driving while drunk he got locked up on DUI . I'm so glad Sassy and Ace got their happy ending . Sassy is now working at her dream job and Ace got his Dog app running . Knox was just trifling . Best Christmas story
