Toxic Logan Chase

Till Death Do Us Part

Nathaniel Hayes is the type of man who takes what he wants without asking. Life hasn't ever been a willing servant to his desires, but that's soon to shift. When his latest scheme turns deadly, he is more than willing to push to the edge of his limits for wealth. Finally, the two things he has always wanted are within his grasp, but which will he choose? Love or Loyalty?

Jenna Webb is wedged into a life of pretentious f*cks, who are more concerned with the appearance of being somebody rather than doing it... She's exhausted from over-the-top dinner parties, materialistic suitors and hypocrisy at its finest. The last thing she wants in her life is another pompous alpha male pretending to be someone he isn't. When offered a chance to live fully alive, will she take it? Will it be worth the cost?

True freedom isn't always what it's chalked up to be. Especially not when vows are involved...

This is a full-length, standalone bad boy crime novel. Buyer beware for naughty language, naughty sexual acts and very, very naughty boys. No Cheating, HEA.

WOW!! I got an advance copy of this book for an honest review and . . . WOW!! I couldn't put it down once I started! I thought I knew where the book was heading and then something came out of left field and surprised me totally! Definitely worth the time to read this non-traditional love story, where both leading characters except the other for who they are and realize they don't need to change to find love!

This one started off with a bang and kept on going. I thought sometimes the sex hid the underlying story as it was hard to follow in places but on the whole a very good first book.

I received a complimentary ARC of this book and this is my voluntary review

WOOOOOOOOOW!! I literally couldn't put this book down!! I loved it. What I didn't love was the con. That really did disgust me, even though I know people do that. I'm just glad Nate changed his ways, in a manner of speaking. Now I'm waiting for the next book!!

I usually don't like male writers but Mr. Logan Chase CAN write & I'll definitely continue to read his stories!! His romance scenes are HOT & not too overbearing. Everything flowed just as it should!! This book was spaced beautifully, I was able to follow along with no problems what's so ever. It wasn't rushed, more of an erotica (even though the sex scenes were HOT AS H*LL), but also it wasn't blah either.

Thank-You, Thank-You, Thank-You, Thank-You!!

Bad boy, Nate meets good girl, Jenna. I absolutely loved this book. There are so many twists and turns, I was never sure what was going to happen next, so I just had to keep reading to find out. Logan Chase has done a great job developing the characters, to the point that you like them, and you feel their emotions. He also has developed the storyline into a well written story, that grabs you at the beginning and keeps your attention throughout. I voluntarily reviewed this advanced copy, and I highly recommend this book.

Dark and decadent!

Nate and Jenna's story is not for the faint of heart, I just had to put it out there. But if dark and decadent is your type, then this book is up your alley.

The relationship of Nate and Jenna is so twisted, sinful and toxic. At the same time, it's hot, passionate and beautiful. I mean, when you pair up something dark and light things are surely gonna get exciting!

I enjoyed reading about Nate and Jenna, they have complicated lives in different ways and they work at situations to become better for themselves and one another. I highly recommend reading! I cant wait to read the next book!

Nate has a love hate relationship with his best friend Ashley she's in love with him but he uses her.

Jenna hates her family & their life style she wants to support herself not rely on her family's wealth.

Nate has been visiting the cafe Jenna works in for a year slowly falling in love with her he's no good for her but do her feelings match?

There worlds end up more connected than you would think but can they find the answers & will he make the right decision?

Sara says

This story is really "Toxic." I feel like it took an eternity in reading this book, that's how toxic it was.

There are too many things wrong here. First, This guy was truly evil and he didn't even have an excuse for it, how to protect others or some kind of justice code. Nope, nothing, zero. He doesn't fall in gray zone like the MCs either, he's just pure evil.

The poor excuse of female protagonist was pathetic. She was a bitch, and for the record I have nothing against it, just don't try to make her look "innocent" by force, it's really annoying.

Sara says

Holy smokes!

Wow! A book that keeps spinning and twisting things around. Makes you cheer for the bad boys to get their good girls. When friendship pulls through. Great book. Going to download the next one.

Stephanie says

The worst

This is possibly the worst excuse for a romance I've ever come across. It has graphic outside the relationship sex. THEY NEED TO PUT WARNINGS SO PEOPLE CAN AVOID THEM IF THEY DON'T LIKE OUTSIDE THE RELATIONSHIP SEX. IT'S ALMOST AS BAD AS CHEATING IN BOOKS. Nate was the worst person ever. I didn't want him to get an HEA. He was a horrible horrible immoral, gross, slutty manwhore. He wasn't even with just one person in that way. It was so gross. He even tried to pretend women were Jenna and slept with women after he and Jenna had plans. Why on earth would this be in a romance? I get that this is a dark romance, but that has nothing to do with this. This is a separate thing, and warnings should have been included.

Again I realize this is a darker book, but this guy is a murderer. He's not the gray area type like in MC books or whatever when stuff is done to protect people. This guy is evil.

The book had errors that should have been fixed before publishing. One chapter was mislabeled.

Toxic - Logan Chase (5 Stars)

**** An unapologetic , Dark Ride through Hell to find Heaven on the other side !!**

Nathaniel is a Heathen with an unmistakably crude attitude who has been running a scheme with his best friend and brother for years without getting caught , Taking what they want , killing for money, using Any Means necessary even their own bodies , but when he sees something he wants and finds totally irresistible ..it's his and he has to own it .

But What he wants is something he can't haveJenna's Heart, because he may just break her .

Jenna is happy working at a coffee shop and does everything she can to make sure nobody can attach her to her family . She even changed her last name , but when she decides to live a little and flirt with a Handsome Devil of a Stranger , she is hooked desperately by blood pumping desire .

Until a close family foe helps her piece together the mystery of what's really going on behind the new man in her lives creepy , intimidating ways and it lands her in serious trouble.

Where do I began. this believe it or not is a debut standalone novel and it's FanfreakingTastic !!

Logan takes us on an unapologetic Dark ride through Hell to find Heaven on the other side .

I loved the Drama , Action , Mystery ,some tiny bits of romance , Crazy Mad Sexual tension and those Sex scenes were ...OMG Delicious !!

What was really enjoyable about this read was the fact that Logan made it darn near impossible to actually put the sucker down with all the twists in the storyline.

I really just loved the pairing of a determined Criminal who clearly has a drop of a heart left in his body desperate for an emotional attachment but Opening his heart only gets him hurt because of what he's involved in so he puts up that wall and fights , but what he doesn't know is Jenna's a Strong Woman who doesn't back down when things get tough, because of the kind of family she grew up within.

That in itself made Nathaniel & Jenna's Chemistry completely Toxic , but in aI want more kind of way , if you know what I mean . I just know I am biting my nails until the next book is released

Bad boy naughty contemporary read.....

Kindle Unlimited standalone book. He's a killer. Her brother is murdered and she knows his new wife killed him...could her new lover have been part of it? Kinky and some really naughty parts so he warned if you dont like that.
