A New Vampire Girl - Born Out of the Night
Born Out of the Night

Doctor Aaron Velour is the on call physician for one of Chicago's biggest hospitals. It's a good job for someone like him. Someone who likes late hours. Someone who doesn't like being around people.

A person with very special needs. A vampire.

He never thought he would find love until he met her... his special patient...he felt connection he's never experienced before. He doesn't understand it. She's just a human. He shouldn't have any feelings for her at all. Yet he does. Should he tell her about his feelings? More than that, should he tell her what he is?

The decision is made for him when his past catches up to him, and the whole world gets turned on its ear.

Vampire Pleasures
Power of Love (Vampire Romance, Romance, New Adult, Contemporary)

Our heroes are beautiful, elegant, smart and sexy...
Their only needs are blood... and love...
and they have all the time in the world for each other ...

Immortal life...immortal love...

Vampire Terrors or Night Horrors
Night Horrors (Vampire Romance, Romance, New Adult, Contemporary)

As the world plunges further into chaos, and vampires devastate more and more of the human race, our heroes begin to realize that without humans, there will be no food. Animals will give them some of the nutrients they need, but not all of it, and not for long. Someone has to defend the human race, if vampires are to survive. Oh, the irony.

Along with a few other like-minded vampires, our heroes descend through the night, saving humans, killing the vampires trying to take over the world, fighting a losing battle the whole time that they're learning to love each other.
