## **When You Can't Find God** Linda Evans Shepherd

The storms of life visit us all, and at times we find ourselves ill-prepared to weather them. Where is God when everything comes crashing down? Where is he when a job is lost? When a child goes astray? When the diagnosis is cancer? Does he even care? In *When You Can't Find God*, Linda Evans Shepherd shows readers how to see God in any circumstance, even when it's hard. Compassionate and practical, Shepherd offers strategies for surviving difficult times, giving your troubles to God, praying through the pain, and finding peace, hope, and joy once more. She also shows readers how to use their sorrows as a tool to draw nearer to God. No one is exempt from pain and trials. But for those in the midst of them, there is hope.

I am very much enjoying this book. All of us go through times in our lives that make it hard to figure out where God is at. Reading Linda Evans Shepherd's book is helping me deal with some of those feelings. I love page 71's quote, "You belong to God, so no matter what the enemy is able to accomplish in your life, God will turn the tables on him and turn your disaster into a miracle." And the prayer on page 49 just blew me away. "Dear Lord, I'm ready to let go. I'm ready to give up control of my burdens. From now on, these burdens of \_\_\_\_ are yours. I give them to you to carry. While we're at it, would you worry about them for me? I give you permission to come up with your won solutions. These burdens no longer belong to me, they belong to you..."

There are prayers after each small, quickly read section. I've begun to look forward to each prayer because it helps me to synthesize what I'm learning from Linda's writing.

If you're in a place that feels alone, abandoned, and like you've lost your dreams I highly suggest taking time out to read When You Can't Find God: How to Ignite the Power of His Presence.

Each name or attribute of God has three devotionals about it, covering what the Bible says about it, what it means to the reader individually, and how it applies to reaching out to others.

At times convicting, at times unbelievable, and sometimes a bit naïve, and yet sometimes practical and

relatable. This book was all over the place but still engaging enough to continue to the end. I got it free, so

### **Mary Murphy says**

I don't think there is a person alive who has not struggled with "finding God" through times of difficult circumstances, or wondering if He even cares. If you are one of those people, Linda's book will help you walk through your pain and awaken you to an understanding of God's tremendous love and purpose for your life. Your problems may not go away, but you will face them with renewed hope and joy. This is a book of substance, NOT pages of feel-good "fluff".
