**A Tale of Two Sisters (Disney Frozen)** Melissa Lagonegro , Walt Disney Company (Illustrator)

Walt Disney Animation Studios presents an epic tale of adventure and comedy with Frozen. When a prophecy traps a kingdom in eternal winter, Anna, a young dreamer, must team up with Kristoff, a daring mountain man, and his reindeer on the grandest of journeys to find Anna's sister, the Snow Queen Elsa, and put an end to her icy spell. Encountering mystical trolls, a hilarious snowman named Olaf, Everest-like extremes, and magic at every turn, Anna and Kristoff battle the elements in a race to save the kingdom from destruction. Directed by Chris Buck (Tarzan) and produced by Peter Del Vecho (Winnie the Pooh, The Princess and the Frog), the comedy-adventure Frozen journeys into theaters in November 2013. This Step 2 Step into Reading leveled reader brings all the magic and adventure of Frozen to girls and boys ages 4-6 who are just learning to read on their own.

## **From Reader Review A Tale of Two Sisters (Disney Frozen) for online ebook**

### **Tara Strosnider says**

This book is a simplified version of frozen for little kids who have or havent watched the movie to read. Its great for kids who have seen the movie because it doesn't matter if they have seen the movie or not its a great simple version of Frozen its cute and adorable simple to read. Beautiful pictures just like your watching the movie over while your reading the book. And its also a great lesson for sisters and having that special bond with your sister which is amazing for kids that have a sister its important to have that sister bond or sibling bound with siblings growing up together and Frozen shows that in the movie and this book which is amazing. Adorable and highly recommend this for Frozen lovers. :)

### **Heather Jo says**

megan summer reading 2017, children's book, leveled reader, easy reader, frozen, Disney, movie tie-in, ready to read level 2, first grade, second grade,

---

### **Sierra Brewer says**

This book was about Anna and Elsa (sisters) who go through ups and downs in their relationship once Elsa accidentally strikes Anna with an ice bolt from her magically hand. Elsa freezes their whole town once shes is crowned queen, by accident of course.

This book was okay. It was mainly just a play by play of the movie Frozen. This could be used as an extension for children to better understand or remind them of the story of Frozen but it is not detailed. Only written in fragmented sentences with lack of emotion. For children who have never seen the movie may lack interest in the book.

---

### **Jerry says**

On par with the other *Frozen* books I've read...which is a very good thing.

---

### **Mikaela Fu says**

This book was based off of the movie that was made. In this book there was a lot going on that kept the readers attentions while reading it.

### **Jerry Bradley says**

#### **Decent, wish it was longer**

I liked the book, it stayed to the story from the movie. I wish it was longer. But a good read

---

### **Jamie says**

Elsa and Anna are sisters. Elsa has a magical power. She accidentally strikes her sister as young girls. She hides away from Anna for her safety. Anna only wants to play with her sister. The sisters grow to adults. Elsa becomes queen. Anna meets Prince Hans and wants to marry him. Elsa doesn't approve. Elsa strikes a bad snow storm and runs away. Anna seeks for Elsa in the storm to get her to stop the storm. Prince Hans takes care of the kingdom. Prince Hans really only wants to take over the kingdom. Anna finds Elsa with the help of Kristof, Sven, and Olaf. Elsa accidentally strikes Anna again. A wise troll tells Anna the only way to save her is by an act of true love. Elsa saves Anna. Moral of the story even when things get rough family is always there for you.

---

### **R. says**

Another overly-simplified Disney story. On the other hand, what do you really expect from a level 2 introduction to reading? This was another one that my daughter picked out as her choice book during a shopping expedition. Not overly surprising given her current love for Frozen. The artwork is pretty, but the story itself is very choppy. Despite the simplification, I think this could have been achieved better without making it sound so stilted. It does help with the idea that there is no more on that page though and it's time to move on to the next. Doesn't mean the page won't still get stared at for the art after though.

---

### **Ame says**

This is a great book for testing comprehension, since you can't easily just pause the movie every few seconds and go "Okay, how is Anna feeling here?" or "Who is that character?" (I mean, you could, but your kids would get angry).

---

### **Kristine Hansen says**

Unless you've seen the movie "Frozen" you're going to find this story jarring. Simplified so that beginning readers can handle the text without too much problem (there are some big new words, which is good. They'll stretch to learn them) - we hit this point of oversimplification. Meaning you get the barest details, no transitions from one part of the story to the next, and so no linear plot that you can follow easily.

Unless you've seen the movie.

While I understand most people given this book will have seen the movie and so it's not a problem - the book can easily become a tool for learning to read using a story that the child is familiar with - I still don't like the choppy feel to the book. This could have been much better.

---

### **Landen Michael says**

I liked this book, it was very good. I read it to my little sister twice. I wish the book was longer, but I really liked how most of the words were easy to read.

---

### **Arwen says**

What little girl doesn't like Frozen? This book tells the story of just Anna and Elsa, leaving out most of the rest of the movie. Still it will delight little readers who love the movie.

---

### **Caitlin says**

My 3-year-old son is currently obsessed with Elsa. We just checked out all of the Frozen books from the library, and so far this one is my favorite.

### **OTHER "FROZEN" BOOKS**

Anna's Act of Love / Elsa's Icy Magic is a 2-for-1 with cute illustrations, but I like this one more because, as an "easy reader," it is perfect for my preschooler to start recognizing words (especially since he is familiar with the movie).

For older kids / readers, there is also a junior novelization, which is basically the script turned into novel form.

And then there is Frozen: The Essential Guide, which is for fans of the movie and reads like a magazine. That one seems to be directed more to preteens.

The only thing I don't like about this easy reader is [SPOILER] that it implies Elsa deliberately blasts her sister with ice in the ice palace.

---

### **Rosa Cline says**

My 2 year old granddaughter LOVES the movie and so thought she would enjoy this book, as she loves being read to. Because she knows the movie so well, this book bored her. It was written very basic (even more basic than I've seen most level 2 readers) very choppy... "Elsa and Anna were sisters." "Her magic hits Anna." "Anna is very cold." If it flowed more gently I think children could forgive that parts were missing

that wasn't in the book. But it was so very choppy made it uninteresting... but it WAS Frozen and had the loveable characters in it.

---

### **Nola says**

A bare-bones, simplified version of Frozen for early readers. Beautiful illustrations. As it's such a cut-down version, the story is a little abrupt. But easy for young readers, which is the point. I just wonder if it might be better for children who have already seen the movie.
