### **Aneela ?the\_mystique\_reader? says**

Captivating story of a guy who discovers himself and the mysteries of the world while on the quest of finding his love.

---

### **Arfa says**

Is attaining the highest level of spirituality the only way to gain love? Hashim Nadeem answers the questions. The events of the story are well-linked.

### **Ammara Abid says**

3.7/5

Very intriguing, dramatic & intelligently written.

Irrespective of the fact many loopholes were there, many phenomenons need more detailed account, still I like it.

The novel started off like a typical love story, a rich guy fall in love at first sight, leave all the things for her but what then??? How? Why? Where?

here comes the magic of the writer. I always say Hashim Nadeem is an intelligent writer, he knows how to pick up the story and brought it to another level and that's what he did in this one. First 40 pages were average but after that it became interesting and more interesting. Not an exceptional story but still a good one to read.

### **Ftm sair says**

sahr in the novel is the mussmerizing character for me..he is the one who got the right path means "eshq-e-haqiqi" through "eshq-e-majazi" that he found in the face of Zohra..for that purpose on require proper guidline from a proper and well-observed teacher that Sahar got from Sultan Baba..i learn from the novel how to sacrifice for love either for a person or ALLAH...  
i can't found words to pay tribute to this greatest novel and the writer..
