Another funny and interesting Bailey School Kids tale. The kids encounter a square dancer whom they suspect of being bigfoot (and of having eaten the dentist).

Adventurous and interesting.

### **Micaela Semien says**

It was so suspenseful!

### **Haelyn says**

Very short. I like Bigfoot, so I rated it 4 stars

Eddie notices huge tracks on a dirt trail while visiting Ruby Mountain. He becomes convinced that the tracks he has spotted are prints of Bigfoot. This would be a book I would have in my class for students to read for fun.

The collection of "The adventures of the Bailey School Kids" stories are among my all-time favorite children's books. Witty, mischievous and fun, these short and silly books continue to bring giggles to the young and old. Just as I have enjoyed them as a kid, my own children also love them today. I even catch myself re-reading them (alone) from time to time. What can I say? I guess I'll always be a BSK kid at heart.

Gabriel: "What I liked about it is that they were saying this man was Bigfoot. I didn't like it because he didn't talk very good."

Oooookay, kiddo. ? ❤

Read these all in while I was in middle school and loved them, giving them a 3.5-4.0 for my past 12 year old self.

### **Stephanie Allen says**

A school group goes on a trip to Ruby mountain where they meet an overly hairy, extremely large man. Eddie, Liza, Howie and Melody investigate to find out if this man is actually Bigfoot. This book is a fun read for kids and also teaches not to judge people by their appearances.

I remembered these books being quite funny, but now after every corny one-liner, I keep hearing the "wahh wahh wahhhhh" background music from Scooby Doo. Still, very amusing. Reluctant young readers would enjoy.

**Nick says**

Weird book. I think its weird because four kids were going after something they didn't know existed.

---

**Malia says**

I think my boy cousins would like this one too.
