### **Antoinette Scully says**

My three year old picked this out and it was cute. Young readers will recognize the characters from the Grinch story. It's a simple story set at Christmas but not necessarily a Christmas story.

The Grinch heard the bells ringing and heard the Whos singing and he went to Cindy-Lou's house. They were making treats for the Grinch's pet/friend and surprised Max. I would recommend this book because it shows kindness and love by getting someone a present and showing other's how much you care about them by putting hard work into it. I liked this book because it shows you how to care about other people, but it might be a little to easy for a 6 or 7 year old reader.

### **Madison Persinger says**

This is a good book for beginning readers. It includes repetition and rhyme that is beneficial for young readers. Its pictures also act as good clues for deeper comprehension.

This book fooled me! It actually had a lovely twist that I didn't see coming and it made me fall in love. I love the Grinch. I love "Step Into Reading" books. And I love sharing this story with people.

With Neo leading the charge, we checked out our favourite holiday villain, to see what he had in store. It would seem that Whoville is not entirely safe, as the Grinch is peering down and has a plan that involves much flour and a pre-heated oven. Arriving to see Cindy-Lou, the Grinch sets about mixing and making, stirring and baking, all in an attempt to get everything working in order. However, his canine, Max, almost spoils the entire surprise that he and Cindy-Lou have in store for everyone. Neo did very well reading this piece, laughing at the rhyming antics while showing a dedication to all the words on the page. His concentration is second to none and his love of reading is growing with each book we find.
