**Defending the Lost: A Kurtherian Gambit Series** Justin Sloan , Michael Anderle

**A time of reckoning has come for the council of Toro, a bandit city about to burst with corruption and injustice.**

*Valerie refuses to allow her world to rot, and she's brought friends to help her teach the council a lesson.*

As if that weren't enough, Cammie and Royland have begun to rule the former pirate island.

This involves ensuring there are no nearby threats, so while these two might be perfect for each other, they have business to attend to before they can sit back and bask in their newfound positions of power.

And down south, New York has risen up out of the sewers it once occupied.

**It's a new world, one Sandra and the others might just one day soon be able to enjoy without bloodshed.**

Someday... *maybe*.

*Defending the Lost is part of The Kurtherian Gambit Universe.*

# **From Reader Review Defending the Lost: A Kurtherian Gambit Series for online ebook**

**Holly Lenz says**

**An entertaining vampire, werewolf, and human adventure**

Valerie is back and she's still kicking butt along with all of her vampire, werewolf, and human friends in this entertaining adventure. This book should read fine independently, but it works much better if you read the whole series.

Contains graphic violence and language.

---

**Wanda binz says**

**Keep it rolling**

Keep the stories coming they are great with fun secondary characters and I like that it shows people can choose to do right.

When the shit hits the fan people still want justice. ENJOY

---

**Jane Shambler says**

**Still going**

So, Valerie is now preparing to cross the pond to Europe. She has defeated the masters of Toronto but Robyn decided to stay with her parents. Devastated but still set to see justice done Valerie returns to Cammie and Royland.

This isn't as explosive nor as funny as The Queen Bitch series but it's still good. Maybe Valerie will be reunited with Michael. I kind of miss that link. As I said it's still good. Enjoy!

---

**Christina Watson says**

**Great series**

I have really enjoyed this whole series and have also branched out into other books by these authors. This book really brought together some great characters and developed the story of the ability of humanities evil to be helpless against the rage and fury of justice.

---

## **Leslie Baptiste says**

**This book is back to grateform.**

This book was much better than the last, a lot more action, adventure storytelling and no soft core porn. This book had a great storyline, less filler I can now in good conscience and this book over to my teenagers so they can continue reading the series.

---

## **Amba Jane says**

First off, I'm an avid fan of the TKG series. It is an interesting universe that's built upon pretty solid ground. I enjoyed this book mostly because there was a lot of action and was fast moving. The book starts strong and the characters were interesting enough, overall it came together well. Was a good read despite some predictability.

---

## **Matty says**

**Another must read**

I love Valerie almost as much as Bethany Anne. This book was another fast paced action ride which is what I love about all the Kurtherian book series. If you follow the Gambit then this is obviously a must read. Can't wait to see what happens on the other side of the ocean.

---

## **Gaileen Crowell says**

**Continuing to be fascinated!**

Justin, you're the best!! This series is almost as good as Bethany Anne's with Michael A. I say that tongue in cheek because you both have great plots and fascinating characters. Your story is running so well. Sure glad you got the computer back when you did. Lol! Thanks again for the work. Looking for more of the best.

## **Rosemary says**

Defending the Lost - a review by Rosemary Kenny

Another outstanding creation from Masters of the Fantasy Universe, Justin Sloan and Michael Anderle, this new episode in the Kurtherian Gambit series will take your breath away!

Valerie, Robin and their crew head to Toro(nton)in Canada taking the fight for Justice and Honour to the remains of the Pirate elite.

Meanwhile Werewolf Leader Cammie and Vampire Royland rescue a young boy taken as a slave, vowing to

return him to his Scandinavian family as soon as peace has been restored to Prince Edward Island.

How do Valerie and Robin go undercover at the Elite Ball?

Who do they see unexpectedly at the Ball?

What event is to be held after the Ball?

Where does Robin reunite with her parents? What happens next?

What do Cammie and Royland use to get to the rebels' fortress?

How do they meet Bertha? Who kills the pirates' leader and how? Who is left in command of the Island?

What happens back in Old New York while Sandra, Diego and Jackson are in charge?

As the action leaps thrillingly between Toronto, Prince Edward Island and New York, battles, threats and evil enemies are encountered and overcome, slaves are freed, friends found and as always, Justice and Peace are restored. More please!

### **Velma Hayes says**

I like this series as part of the Kurtherian "Guardian, as in BA's world." It's very nice to have all the expansion (by different authors) into what different characters are doing with the basically same time line. I loved that you brought TH into this as well, (he's my favorite not vampire/werewolf person). I'm going to have to go back to the beginning, which is my favorite, and re-read this series. I think I might have missed something. Can't have that now can we. This one is fast paced, but too short on the fight scenes. Valerie's badass, but so are some of the other characters, so make them bigger. Always a fan of Justin Sloan ... I want more and more.

---

### **Karl Poff says**

#### **Harder and harder to read**

I am a big fan of the KGS and I have branched out into the various off shoots, unfortunately where this series started well it has, for me, become a bit of a drudge. Normally I don't have a problem with stories that have 3-4 different story lines but Valerie's story has gone cold. I don't feel there is any forward progress for her or character development. Meanwhile the other storylines fall flat. I have noticed the same problem in the Terry Henry Walton series. It's possible the universe is getting spread too thin or simply the rush to publish is beginning to take its toll.

---

### **Nipa says**

#### **Wow!**

I hope that Val and Robin get their HEA. Can't wait for Sandra to have her cub. I would love to see Cammie with a couple of kids. I think she would make an excellent mom.

As per usual Justin Sloan you really did an excellent job with this book. I'm really enjoying seeing all the characters mature and accept themselves for who they truly are and work towards what really matters.

Making earth safe so that humanity can once again flourish.

---

**Suz says**

3.5 stars

I'm blazing through these and not keeping up with my goodreads on marking them read.

These seem to have finally found their groove. Fluff to be sure, but entertaining fluff.

---

**linda says****Your Best Yet!**

Valerie herself has grown and outdone herself. Got to view the intimate side of her falling for Robin. Royland and Cammie have gone above and beyond to carry out Valerie's dream for the new world and its people. Also taking in a child as their own. Sandra and Diego are with child and keeping New York what it should be. A safe environment for families. Can't wait to see what character their baby will grow up to be. Seems like the world is working well for its inhabitants! Can't wait for you next one Justin!!! Keep up the good work!

---

**Scott says****Excellent addition to the series**

USA is wrapping up well as the plan to bring those under a peaceful rule but there is still holdouts and internal strifes threaten to tear what progress has been made. More a 4.5 stars this one although some good scenes and ideas of what other communities are like gives a good feeling to the progress being made
