Meghann Alford says

What an awesome box set!! These two ladies know how to put a book together and these three stories just prove it over and over and over again. All three books are from the same series and are phenomenal. Absolutley great reads that you don't want to miss all in one great box set. I voluntarily reviewed an advanced copy of this book.

Don't Say A Word: So hot! I love a story about a strong independent woman, Lacey, who doesn't feel having a relationship is what completes her. She still has her fun but she is committed to her job. That is...until she meets Hanson. A raw, sexy story about a PR person and the bad boy of football. Apparently cleaning up his image means getting dirty, very dirty! Very sexy story, absolutley loved it.

Don't Forget About Me: Wow what an emotional story!! This is a follow up to Don't Say A Word, about Hanson's best friend Brian and the one that got away. This is an epic second chance romance and these ladies put an entirely new spin on the plotline. I absolutley loved it! They had my emotions ping ponging as much as Sadie's did. And Brian is the most patient, understanding man ever.

Don't Stand So Close: This book follows after Don't Forget About Me and is about a new player to the team, Jacob. Like the previous books, Jacob has some media issues and that is where Kina comes into play. These two have some serious chemistry and it doesn't hurt that she has had a crush on him for a long time! Though they fight the dreaded R word for as long as they can, eventually, they both succumb. Love truly is a beautiful thing. Great read!!

Don't Stop Believing: A bonus novella at the end this story has a few chapters with each of the three couples. It shows them living life, going through struggles and coming out the other side even stronger for it. Another great read and a nice quick glimpse into their lives a little while down the line.

Don't Say A Word: Hanson and Lacey. Lacey a strong independent woman determined to make it on her own. A PR agent assigned to Hanson to clean up his womanizing ways and a DUI that got him suspended from playing for six games. During that time working with Lacey Hanson learned that giving was better than taking and working with Lacey made him a better man. A reverse man woman playboy relationship.

Don't Forget About Me: Brian and Sadie. Sweethearts from high school on prom night they were together for the first time then everything went wrong. Five years later they ran into each other at practice and later started talking to each other. She was the light of his life that he had lost. She could not remember any thing after prom and thus lost touch with everyone and everything.

Don't Stand So Close: Kina and Jacob. Jacob is a pro football player who is traded to his hometown pro team after being suspended from the sport the previous season. Kina is a PR Rep assigned to clean up Jacob's image. Kina's twin brother was once Jacob's best friend but the friendship ended when Kyle failed to get scouted by the pros. Neither Jacob nor Kina want a relationship but they both have a need and only the other could satisfy. Very HAWT. .

I voluntarily reviewed an Advance Reader Copy of this box set. These novellas were about each of the three couples struggling to compromise on obstacles most couples face.

Don't stop believing by Eva Luxe and Julianna Conners. This is a box set but each book can be read as stand-alone there is a connection running through, these stories just get hotter and hotter.

Don't say a word by Eva Luxe a sublime four star-read. This is the first book by this author I have read, I have read several by the co-author, and I am sure Eva Luxe will go on to write some of my favourites, she has a great talent that I know will only go from strength to strength. Hanson is an alpha of the highest order!! I could think many a play we could try on the field. Secrets have a way of coming out and this story will show you a great time. If you are looking for a full length story with a HEA, and some great situations thrown in for good measures this is the story for you.

Don't forget about me a sublime five-star read by Eva Luxe and Julianna Conners. These two write a compelling story, you will not be able to put this story down, this is such a sweet and hot story the chemistry is great and you will love Brian and Sadie. I love a good second chance romance and this was a great example. Would you give up the one you love for their sake? Would you be strong enough to help them remember?

This is a great story and if you are in the mood for hot and sweet then this is the read for you.

Don't stand so close by Eva Luxe and Juliana Conners a sublime five-star read. This is the third or fourth book by this pair I have read and each get hotter and hotter. Mmmm big brother's best friends are a touchy subject with me and this made it so much sweeter for me. If you are after a hot read with drama a plenty and some of the sauciest sex imaginable you will love this read.

Don't Say a Word

A beautiful story about finding love when you are not looking for it. Hansen and Lacey both played the field but fell for each other when she was hired as his pr rep. I love how their relationship was not a walk in the park and you got to understand their struggles. This book was a fantastic read.

Don't Forget About Me

A second chance at love between Sadie and Brian. I love how Brian held Sadie in his heart even though Sadie did not remember him. I love their story and it pulled at my heartstrings.

Don't Stand So Close

A great read. Kina is Jacob are hot from the start. What started out as a one night stand turned into a beautiful relationship. Loved the proposal.

Don't Stop Believing: Bonus Novella

Love reading about the three couples and their continuing hea.

I voluntarily reviewed an Advance Reader Copy of this book.

I received an ARC and have voluntarily reviewed it.

Don't say a word

I enjoyed reading this story about Hanson & Lacey. Hanson is a Football Player but he is also a player off the field too. Lacey is a PR consultant who is going to help sort Hanson out. Little do either realise but they will help each other. They share some hot chemistry and Lacey ends up pregnant. Hanson is the one that in the end convinces Lacey to give him a shot and a chance to create a happy family together.

Don't forget about me

I enjoyed reading this story about Brian & Sadie. They were High School Sweethearts but due to a tragic accident Sadie can't remember him at all. She rejected him after the accident but he never stopped loving her. After a few years apart Sadie started working as a trainer for the cheerleaders on the same team as Brian. Sadie gradually starts to get her memory back and that scares her but with the help & love of Brian she returns his love.

Don't stand so close

I enjoyed this book about Kina & Jacob. Jacob used to be friends with Kina's brother Kyle but the boys fell out when Jacob was scouted & Kyle wasn't. When Jacob got traded back to the Florida Sharks, Kina & Jacob met up by accident in a bar. They hit it off and couldn't keep their hands off each other. Kina is hired as Jacob's PR manager things were awkward between them as they wouldn't admit their feelings for each other. They have to come up with a plan that will make his image better and when they do finally admit their feelings, Kina has the perfect plan. The characters have great sexually chemistry and an even deeper love for each other.

Don't stop believing

It was great to catch up with the whole gang and find out how their lives have changed and how they have grown.

Merry Jelks-Emmanuel says

I voluntarily agreed to receive an ARC of this book for an honest review. This complete set of books takes us into the lives of athletes and gives a look at their professional and personal lives. I love how the authors choose to approach the players and the drama the intensity of the relationships with the women that they are involved with their concerns and then the solutions to their problems. If that isn't enough the love interest and the steamy romance has fanning ourselves. These are by far well written stories along with dynamic characters that have us sitting on edge as we turn the pages of these stories.

Michelle says

This is a well written collection of the South Beach Bad Boys. I've read all three books and the novella that ties them all together. They are all great reads full of sexy alpha men and the beautiful women who love them.

Don't Say A Word:

Hanson, a professional football player who has been suspended, is told he needs a PR manager. Lacey is

hired by the team to help Hanson with his reputation. I loved the off the charts chemistry between Lacey and Hanson. This well written sweet love story has developed characters, hot sex scenes and a great HEA.

Don't Forget About Me:

I love Brian and Sadie's second chance love story. It was hard how Sadie kept pushing him away but I adored how Brian never gave up on their love. This story pulled at my heartstrings. The journey Brian and Sadie go down make this story a very compelling, memorable story full of angst, frustration, tears, toughness, softness and love. This is an excellent read and I could not put it down until the last page and what a great ending. I look forward to reading more books by this duo in the future.

Don't Stand so Close:

This is a sweet sports romance about Jacob and Kina. Kina has always had a crush on her brother Kyle's best friend, Jacob. Kyle and Jacob no longer talk to each other because Jacob had been scouted and Kyle hadn't. Jacob is a football player on the Miami Sharks and Kina has become his PR Manager. These two have great chemistry and they can't seem to keep their hands off each other. Can they find a way to make his image better and get their HEA at the same time. I really like this Sports Romance Series and how we get to know each of the players as a person not just a player. A great storyline and great characters make this a must read.

MJM says

This set of sexy love stories by the well known authors Eva Luxe and Juliana Conners is a set not to be missed! I have already read three of them and loved each and every one of them. If I had to choose which was my favourite of those three it would probably have to be Don't Forget About Me which is a second chance romance surrounding Sadie and Brian. There is a well rounded storyline with enough background to wet your appetite to want to read it, with sizzling chemistry between them and red hot steamy sex scenes. Having said that I loved the other two as well and couldn't put them down either. Then there is the bonus book, Don't Stop Believing, which brings all the stories together in such a way that you can see how they're getting on in their HEA's. This is a superb set that I will be re-reading in the future as they are so good!! Enjoy. I received an arc of this book and voluntarily leave my honest review of it here.
DEFINITELY RECOMMENDED.

This is a great book written by Eva and Juliana. Four heart stopping stories.

Don't Say A Word - Lacey has been brought in to get Hanson who is a professional football player to clean up his reputation. From the first meeting their chemistry is off the charts. Can this relationship stay professional or will Hanson get the woman and possibly lose their careers?

Don't Forget About Me - being high school sweethearts Sadie and Brian had a unthinkable accident. Sadie lost her memory and Brian was forced to move on without her. Five years later they meet and all Brian wants is a second chance to open Sadie's memory. Their love was a true soul holding love that Brian believes Sadie is ready to remember her past. Can they navigate him being a professional football player and all that comes with that?

Don't Stand So Close – Kina is a PR agent hired to work with Jacob after he has some issues with an ex girlfriend and he has been traded to a new team in Miami. Kina has a twin brother who always finds himself in trouble as he never got over how his life has played out and the one he blames is none other than Jacob!

Kina and Jacob meet at a bar and have some one on one not realizing their professional paths will interact the next day. Can Kina keep her brother in the dark about what's going on with Jacob? Will Jacob ever overcome his past mistake that follows him to Miami?

Don't Stop Believing – I love it when an author gives us an extended epilogue to catch up with all the characters from this series. To read about what's going on after their story ended is wonderful.

I voluntarily reviewed an ARC of this book. Wow! I was so excited to see that the three books were put into a box set and included a bonus novella that gives you a look at what the three couples and their families are currently up to. I read the first three book and have left individual reviews of the ARC's I received. I enjoyed getting to see what the couples have been up to since the last time I read about them. Ms Luxe and Ms Connors did a fabulous job in tying all their stories together. I must say my two favorite couples have to be Brian and Sadie and Kina and Jacob. Fantastic read!

Maria says

This is a box set of three books. The first one is Don't say a word

Hanson is a professional football player with a bad reputation. His coach had it with him and is hiring a PR manager named Lacey. He is not happy about it he likes his many one night stand and does not see the problem but if he wants to stay on the team he has to do it. There is only one problem Lacey is beautiful and for the first time in his life he wants more. Second book is Don't forget about me.

Brian is a professional football player and best friend with Hanson from the first book. Five years ago he lost the love of his life Sadie a girl he has been dating for two years. After a terrible accident she lost her memory and didn't want to see him. Brian never recovered from it and when he sees Sadie again as a cheerleader coach all the feelings are back. Can he convince her to give him a chance and will she ever remember how good they were together?

The third book is Don't stand so close.

Jacob is a professional football player with a lot of trouble going on in his life. His new team in Miami is hiring him a PR manager. But it turns out that the PR manager is Kina his ex best friend's sister and the girl he has a one night stand with last night. The box set was great. I love sports romances and I loved this one. It was exciting and sweet and romantic. I can highly recommend these books

Nicki - The Overflowing Bookcase says

A beautiful collection of stories and one novella that wraps everything up.

Don't Say A Word

Hanson is the pro football bad boy who has been suspended. Lacey is the PR manager hired by the team to get Hanson's reputation out of the gutter. What neither of them realize is that working so close together brings the fuel that sparks their attraction. The chemistry between the two characters is off the charts. But

can this bad boy be tamed? Can Lacey open herself up to a future with a client? This was a great story with wonderful characters and I loved the twist in the plot that was the turning point to the relationship.

Don't Forget About Me

Brian and Sadie were high school sweethearts, but a freak accident the night of their prom leaves Sadie with no memory of Brian or the love that they shared. Walking away from her has always been something he regretted, but when Brian sees her across the football field he cannot get her out of his mind. When they kiss for the first time, memories surface, but will Sadie give him another shot or will the paparazzi that follow the famous football player be too much for her to handle? My emotions were all over the place with this story. I had moments where I laughed and moments when I was in tears. The characters were so honest and true and the story was heartwarming. This is a must read.

Don't Stand So Close

Jacob needed to fix his image as an angry football player with assault charges pending. When Kina becomes his PR manager, the sparks that started with bar sex explode into a relationship that they try to keep just physical. But when pictures of them surface, will Jacob ruin not only his image but her career too? With great characters and a storyline that keeps the reader's interest this is a book that should not be missed.

Don't Stop Believing

Life, marriage and family has a way of throwing you a curve ball and making good things even better. Whether it be deciding to have another baby, relocating for a job opportunity or even purchasing a bigger house for the expanding family, all three couples continue with their stories while making decisions and memories. The one thing that holds true is that communication is key to never stop believing in the love you feel from your spouse.
