Karly says

Oh my god, this is so damn funny. I laughed so hard. 10/10 recommend. It's so dirty though (obviously).

Jeannette Nikolova says

Also available on the WondrousBooks blog.

This is the "What did I just read?" type of book. Actually the entire time I was asking myself "Whaaat?"

That is to say, **Just the Tips** is very funny and the graphics are hilarious. The tips are fantastic as long as you do NOT follow them, too. Not to mention that there is a fine choice of the worst pick-up lines in the universe.

What I didn't like in **Just the Tips** is that the jokes are very hard to get for non-Americans at certain moments. Many people, who I can only assume are prominent American figures, are mentioned throughout the book and I just couldn't laugh because I've never heard of them and don't get the joke. And then there were also some things that I did get but were too far fetched to be funny.

But, considering that this is a 97 page book, you can give it an hour of your time. I still think that the good jokes somewhat compensate enough for the bad ones to give you a laugh. However, do also keep in mind that the content of the book is very explicit.

Starra – HugBooks says

Fucking. Hilarious.

Brandon Forsyth says

Imagine my horror when I discovered that this was not, in fact, a helpful book, but a collection of blue (balls) humour.

Seriously though, one of the things I enjoy about **SEX CRIMINALS** is that it uses crass humour to explore themes of sexual repression and mental health. This is a collection of dick jokes.

A half star for every time I giggled uncontrollably ends up at 2 stars.

Tara says

Yeah, this is so amazing. I laughed out loud, almost peed myself. Sheer brilliance.

Jeb says

Lots of laughs.

Sunny Purdin says

tee hee dick jokes

Acton Northrop says

Filthiest book I've ever read including Five People You Beat Off in Heaven and The Curious Incident of Doggy-Style in the Night.

Sam Quixote says

Matt Fraction and Chip Zdarsky's *Sex Criminals* has arguably the most unusual and varied array of readers' letters at the back of each issue. All are sex-related letters of embarrassing and funny stories, questions, jokes, and so on.

Just the Tips collects a number of these into one hardcover coffee table book. It's all here from True Tales of Finding Porn to True Tales of First Times, Ask The Sexperts, and Sex Tips, including some new material like the Fraction/Zdarsky written/drawn Hot Positions, Movie Reviews of the movies featured in the comic's sex shop, Cumworld, like Hard-On Fink, Pick Up Lines and Dirty Talk.

Some are amusing, some fall flat, and more than a few are just meh. As you'd expect from a book made up of letters, the book is mostly text with a few line drawings thrown in every now and then. It's nicely laid out though. It's also not at all necessary to read this to understand the main series comics - this is instead an oddball spinoff.

I'm a huge *Sex Criminals* fan but Just the Tips is a very one-note kind of book that's fine for picking up for a few pages while on the loo, but not that great to read like you would a normal book. It's basically just a joke novelty/gag gift for Sex Crimz fans.

Anthony says

A crude and perverted companion book to one of the best comics to come out recently, Just the Tips is made up of letters from the single issues of *Sex Criminals* along with new material from Chip and Matt. It doesn't tie in with the story or the characters of *Sex Criminals*, it's more of a book about Fraction and Zdarsky seeing how much they can get away with. And it's funny. And sometimes you're wondering (especially with the

stuff from readers?) if any of this shit is actually true. But who cares when it has you laughing out loud, right?

Rebekah Gordon says

It feels kind of insane to give this dumb book 5 stars, right? But also it's SO funny and also strangely smart and I think I like it more than sex criminals, at this point?? Idk. I just laughed out loud a LOT.

A.J. says

A hilarious joy for anyone who wanted the best bits of the letter column of **SEX CRIMINALS** all compiled in to one delightfully awkward stocking stuffer that you can't actually ask your mom to get you for Christmas so you have to buy it yourself and hide it in your sock drawer.

Eric Mesa says

This book is like the 90s movie *Booty Call*. It's funny in a really dumb, immature way. What's sad is that the tips in all those women's magazines should be treated with about as much seriousness as these tips, but some people actually take them seriously. It also includes some hilarious joke sex positions and reader-submitted stories.

Elizabeth says

I went into this with pretty high expectations and was absolutely not disappointed. This is one of the most hilarious things I have read in a long time.

I'm a big fan of both Matt Fraction and Chip Zdarsky, and I love *Sex Criminals*. I will forever save the love note Chip wrote to me:

This was a joy to read all the way through. It was silly and filthy in all the right ways. 100% would recommend for anyone who has a mind in the gutter and a good sense of humour.

Elizabeth says

Matt and Chip really nailed it.
