We like it big book blog says

I was so happy when the author contacted us about gifting Shayla's Story in exchange for an honest review. I first had the opportunity to enjoy Beverly Preston's works when I picked up No More Wasted Time some time early this year. I was more than impressed with the author's writing style and found it refreshing to read about a more mature couple; much different from the many books out there right now. So, you could all imagine how much I was looking forward to her follow-up novel. I knew I was in for a treat.

Shayla's Story is a cross over from No More Wasted Time. This novel takes us into Shayla's (Tom's niece and personal assistant) and John's (Tess' son) unexpected love story.

Shayla Clemins- Beautiful and sweet whose painful past continues to loom over her. Now given a chance to start anew, she becomes stuck in a dull relationship with a straight laced, political figure boyfriend, Mathew Huntston. I thought that the author did a fantastic job expressing the dryness of their relationship and Shayla's desperation a love of a lifetime "Mat stood aloof, patting her back mechanically."

John Matthews- Rugged and full of vigor who oozes with so much sweetness, I almost had to schedule an appointment with my dentist to check for cavities.. Totally, cheesy but on point. I fell madly and deeply in love with his character. I turn giddy when I get a chance to add a book boyfriend to my list. Beverly outdid herself with how well she wrote his character. He's far from the intense alpha male but the author manages to showcase his protectiveness. He is sexy and considerate. I was down on one knee, proposing by the end of the book.

Shayla and John have an instant chemistry. As a reader, I knew I was going to have the pleasure of seeing their connection unfold from the very first time they lay their eyes on each other. An attractive couple falling in love in one of the most breathtaking backdrop of Greece... What more can one ask for?!

One of the reasons Shayla leaves California is to take a breather from the pressures of her current relationship. What she didn't count on is a weekend full of hot rumblings in the sheets with a man she never would have considered to be her "type." What she doesn't realize, is that John is exactly what she's missing from her life.

"Sometimes the traits a man is missing can be just as crucial as the qualities he holds."

Shayla's reservations about John and what could come about their time together is the biggest hurdle that they face. I felt for the heroine's internal battle. I think at one point in our lives, we've all experienced a time where we fought to admit that what was right in front of us is the real deal. Given her past and her current obstacles, she continues to deny that a man could really not be too good to be true. I felt the heaviness that the author portrays through Shayla's character.

John, being the persistent and ever loving man that he is continues to surprise and amaze Shayla over the weekend that they share together. He weakens her resolve and eventually captures her heart with his ability to show her what true love is. The yin to her yang.

"Shayla took comfort in the safety of his arms. She knew he would never ask her to be what he needed her to be. This man would be happy letting her exist exactly how she was."

There were some dialogue between John and Shayla that I felt were too mature for people their age which took me off beat for a bit and I do wish that the book shared a bit of Shayla's past- it would have helped me connect with her character more.

However, I immensely enjoyed this book. Beverly Preston's classic writing style is commendable. She's able to write eloquent descriptions of scenes hot enough to boil pasta over. – “They traced each other's bodies in long, sweeping strokes, filled with intuitive fixation. Each flexing chord and rope in his muscles brought a new thrill to her fingers. A rapacious growl hummed in her throat as her hands roamed lover over his chiseled stomach.” This author can write one hell of a love story! She's able to give her readers characters that we can relate to and give them a romance we can all only dream of. A true modern wordsmith many hopeless romantics would give tackle hugs to. :)

I highly recommend this book. It will give you all a chance to meet John and manifest you into a swoonworthy mess.

Novel Grounds says

I Loved this book even more than the first! Seems to be a trend with me lately but its true. I LOVED getting to share Shayla's and John's story and how it developed. I found this story to be fun and I was enthralled from the start.

With the first book I wasn't sure where it was going, but with this story I felt I knew the characters well enough from the first to makes well educated guesses on their decisions. It was really great to read and I Loved getting more from this world.

I love series that work their way through the stories of different family members and Beverly takes it to another level with this one. We are given a glance at the other side of a family during the time of the first book. It was a fun way to read it and It had a lot of great elements that kept me turning the pages for more.

Shayla is faced with some hard decisions. Her boyfriend is everything right on paper. He has the job, the family, the life, but she isn't happy. Not really. With a last minute not desired proposal, and some crazy realizations Escaping to Greece is exactly what she needs. Its a breath of fresh air for her, and the view certainly doesn't hurt, especially if it looks like John.

John knows from the moment he meets her that he wants Shayla, and he isn't shy about telling her so, and her certainly isn't shy about showing it. I really didn't think I could feel more emotion in a scene than I did in book one, but the magic is worked again with these two.

Even with the story being a light romance, it still has deep spots, and Shayla isn't spared from the wrongdoings of other characters either. Someone is out to get her and is could turn her whole life upside down. She is faced with some tough decisions, but I really enjoyed watching her break the barriers that had been holding her down.

Another story full of finding love and forgiveness and really doing what is best for one's self. Shayla's has not had the easiest life and John is determined to better her future. Will she let him? You better read and see.

I promise you wont be let down in any aspect with this book.

Beverly Preston. Captivating story.

Shaylas Story

Leading on from No More Wasted Time, Shayla is the niece and the PA of Tommy Cummins the world famous actor. Shayla is in a relationship with Mat but he seems to be into politics more than Shayla.

Shayla has to go to her uncle Tommys wedding in Greece as he is marrying Tess who has two daughters and a son . The three of them and Shayla fly out to Greece by private jet, and that's when things develop between Shayla and tess"s son John . This is a brilliant story and I am sure you will enjoy following this story to the end.

5 stars. 26 August 2013.

Keri says

Really enjoying this series. The story between Shayla and John was so sweet. I loved that they hit it off from the start and nothing got in the way of their feelings for each other. I also loved that there was not big falling out or break up. That was a nice change of pace from most romance stories. I was not expecting the scary moment at the end nor the surprise in the epilogue. I was a little thrown as to whether it was an April fools joke on the 2 things or not? Guess i'll find out in the next story:)

Jillian - After reading No More Wasted Time I myself wanted to know more about both Shayla and John. I kind of had a hunch that this book would involve John somehow and boy am I glad it did!

Saffron - I really liked how they met on the plane! Man was there some chemistry there or what?

Jillian - It was instant!

Noemi - She really tried to dislike him but he made it to difficult lol

Saffron - He seemed to have some instinct about her and them

Jillian - There was really no way of not loving John. He is pretty much perfect.

Saffron - He was definitely better than that dillhole Mat. I REALLY really did not like him in the beginning.

Noemi - Oh I thought Mat was a tool in the beginning.

Jillian - Mat was such a toolbox! His mother was even worse!

Saffron - I like my word, Dillhole. lol

Jillian - Nice!

Saffron - Ok, seriously, his mother, there's one word that I would use for her and it's definitely not family friendly!

Jillian - Yeah I don't even say the word that I wanted to call her! She was just the worst kind of person. The only one that was normal was the Grandma.

Noemi - OMG She is such a tightass #\$_@%& that you could put a lump a coal up her butt and soon you'd get a diamond.

Jillian - Princess Cut!

Saffron - Loved her uncle Tommy too!

Jillian - I loved Tommy from No More Wasted Time. He was an amazing man. He didn't have to do the things he did for her but he took on the role as her father because hers was an awful man. He did so much for Tess and her kids too!

Noemi - Tommy was great. Shayla was the family he never had till he meet Tess. I'm glad he was able to find a true love.

Jillian -So Greece....Wow!

Noemi - Greece was WOW on so many levels lol

Saffron - Wow and Damn and... ummm... unbelievable? What a perfect setting.

Jillian - Can we go to Greece?

Saffron - For whose wedding?

Noemi - Forget a wedding just book us the flight!!!

Jillian - Right! No wedding needed!

Saffron - Dude, private jet! No booking needed! *finger snaps* Let's go!

Jillian - *Packing*

Noemi - Forget packing *Hailing a cab*

Jillian - HAHA

Saffron - Ok, before we get too excited here, we need to talk about Greece!

Jillian - We are...

Noemi - Party pooper

Jillian - The first night together in Greece was Hot! They couldn't stay away from each other.

Saffron - Yeah, yeah... Beverly wants us to talk about the whole book, not just certain parts

Noemi - But but.....the plane is waiting.....I'm sure she'd understand

Saffron - Haha! So yeah, they couldn't keep their hands off each other..... hands and other parts. *ahem*

Noemi - Well jeez just look at John. I wouldn't want to keep anything off of him either.

Jillian - Everyone else could see the connection as well. Especially his sisters.

Saffron - But it wasn't just his looks, he was such a gentleman too! And an awesome brother!

Noemi - They were a perfect match on every level.

Jillian - Yes they were!

Saffron - I was really nervous for them when the weekend ended.

Jillian - I didn't want it to end. That meant she had to make her decision and talk to Mat.

Noemi - I certainly didn't expect what happened to happen when she got back from the trip.

Saffron - Shit went doowwwwnnn! But I was fist pumping the whole time I read that chapter. lol

Jillian - Um no I was shocked for sure!

Saffron - Everything that happened was definitely for the best. I really liked the ending too

Jillian - LOVED the ending! There were some shockers in there!

Noemi - All I have to say is I WANT MORE!!!!

Jillian - YES! I saw that there will be more from this family and I cannot wait!

Saffron - That's awesome! I gave it 4.5 stars

Noemi - This was a great read. I give it 4.5 stars.

Jillian - I actually really loved this book. I give it 5 Stars!

"Sometimes at the precise moment, fate intercedes."

What do you do when everything that you thought you knew you wanted has been rocked, your world turned on its axis? Have you ever wondered what would happen if Mr. Right walked into your life when you really didn't want him too? That's the predicament that Shayla finds herself in when John happens. Yes, that's what I said, when John happens... a man Shayla was sure she disliked and maybe even hated.

I absolutely LOVED this book. This amazingly heartfelt romance is the second installment in the Matthews/Clemmins series by Beverly Preston. Shayla's Story runs parallel to Beverly's first book No More Wasted Time, and it does not disappoint. Beverly does an unprecedented job in taking you on an emotional journey following the immediate bonding of two people that can't fight the attraction between them. Neither can rationalize what is transpiring, but neither can deny the pull they have to one another.

"I have to know why you make me feel this way."

This is a story about that moment, that chance. Do you take the familiar road and leave your life in its mediocre state, or do you trust your instincts and listen to your heart?

"People come into your life for a reason, a season, or a lifetime."

The characters in this story are wonderfully laid out. I found myself wishing that this was my story, my life. I only wish that we all had the ability to mail order a "John" of our own (snicker as you will). John is a completely swoon worthy male lead. He is perfect, but not without faults. He falls hard for Shayla and refuses to ask for too much, at least in the beginning. He realizes she has a past and a complicated life. What he doesn't realize is how much she will affect him, and how quickly he will fall for her.

"I want you to know you're not a reason or a season, Shay.
You are the woman of a lifetime."

Beverly, Beverly, Beverly... you my dear have ROCKED this one out of all realms of any park!!! My hat is off to you!! Your writing is wonderfully descriptive. I have personally always wanted to visit the places in your books, but man if I've not seriously looked into airfare since reading them! I love the visuals you conjure in my imagination while reading your words. I love the emotions you bring to the forefront of my heart. I adore the tears you brought to my eyes! Thank you for an amazing experience and I for one hope you have another trip for your readers somewhere on the horizon!!!

"Everything that I am, everything that I have, every breath I take, belong to you."

Desire for an endless tomorrow...

4.5 nipple grazing stars... Shayla's Story is the 2nd book in the Matthews Family Series. It can be read as a standalone, however; it's a richer experience if you read No More Wasted Time first. Beverly Preston writes in such a descriptive colorful way that you actually feel like part of the experience, the family, the vacation destinations, the drama, and the love. I enjoyed this book even more than the first and can't wait for the next one to be released.

I LOVED this book, in the top favorites for sure.

Starting throughout the story I felt so bad for Shay. Mat is something else let me tell you and his mother. WOW, she is the ultimate lady dragon. When Shay sets off for her uncles wedding I was sooo excited! I wanted her to have an adventure and open up, get away from all the crap she left behind. She needed some time to realize, Mat isn't what she needed. We meet John, although if you have read No More Wasted Time, then you have met him already and if you haven't, I suggest you read it ;-) John is such a sweetheart, from the start of their interaction I immediately fall in love with him. I really love his sisters also and of course Tess and Tommy, everyone is wonderful. When John got her to open up and jump off the cliff I was jumping on the inside, this is exactly what Shayla needed! And that weekend is exactly what she needed. The wedding goes off without a hitch, except the tiny little photograph fiasco, I had a feeling about that. I'm sure you will also, but you will have to wait and see until the book ends to figure it out. Also a big shocker with Mat, I was blown away LOL. Wow, I really wish one thing was in the book though, when Shay told John. That would of been priceless!!!

And of course Bev throws in a MAJOR thing in the book that makes your heart stop and makes you cry break out the ugly cry. Sadly that is all I will tell you ;-) You will have to read the book to find out how this love story ends! I promise, you will not want to miss this AMAZING book! So proud of Bev such an amazing book! Thank you!

Some quotes I loved:

"Married? I always thought that boy was gay." (LAUGHED MY a\$\$ off)

"Sometimes the traits a man is missing can be just as crucial as the qualities he holds."

"You're the best workout I've ever had and we just barely made it through warm up."

You need some help? I could wash your hair, shave your legs, relieve a little tension? (I LOVE HIM, I want one!)

"No. You, Shayla, require an entirely new set of checklists."

"I haven't used a line on you yet. With you everything seems to pour out,"

"Don't you dare tell me you love me unless you plan on leaving Greece and coming home with me to Vegas. I'll buy a house tomorrow!"

"I want you to know, you're not a reason or a season, Shay. You are the woman of a lifetime. I know it will take a few days, but I'll be waiting for your call."

"This ring represents a lifetime of a great love, a magical love that I only hoped to know and understand one day. Today is that day, Shay. I don't need time to decipher if you're the one. You are the one."

"Everything I am, everything I have, every breath I take, belong to you."

"I remember. Don't think you're getting out of marrying me. John Mathews. You're stuck with me forever."

**ARC provided direct from the author in return for my honest review*

This is the second book in the Matthews/Clemins family series although it can be read as a standalone, however I would suggest you read No More Wasted Time first as this will enhance the full glorious, blissful and heart wrenching experience of a read into a world where love and life are never taken for granted.

We were first introduced to Shayla in the first book – No More Wasted Time (Tess and Tommy's story). Shayla has been working for her famous movie star uncle (Tommy) as his PA for the last ten years, ever since he took her under his wing after she escaped from her life of drink related violence at the hands of her father and the indifference of her mother. She is in a safe, if staid relationship with Mat, who is in the throes of the politics trail under the domineering steer of his mother. On paper Mat is everything that Shayla should need but his blasé behaviour towards her is secretly telling her something is missing. After a disastrous Thanksgiving with Mat and his family, she gladly welcomes an escape to her uncle's surprising invitation to his wedding to Tess in Greece.

It is here on the private plane taking them to Greece that she meets Tess' son John for the first time. The beautiful, protective John who she hates after he took his fists to her uncle when believing a gutter press article that Tommy was cheating on Tess. All had now been cleared up but Shayla still cannot get over the brute tactics she felt John undertook. However, after a frosty start, she gets to see first-hand how gentle and protective John is and she starts to see John as the person he really is.

Things start to hot up in Greece when the relationship starts to develop and Shayla is thrown into the passionate world that John creates for them. It is then she needs to decide – does she play it safe and go back to Mat or does she jump freely with her arms open wide into the unknown but tempting life that she knows John can offer?

Oh I absolutely loved this book! I first fell for John in the first book, loving the way he took over protecting his Mom, Tess and his sisters, JC and Tracey after their father died. To now see him in this book with Shayla, a very sexy and desirable man in his own right was breathtaking I loved the part where they both found out about their ages. I won't spoil it by revealing but it took the book up another notch for me. I was thinking "You go for it Shayla, just do it!" Fabulous!

The locations were another winner in this book. I could really feel I was back in Greece with the little white houses and the sea breezes wafting in the evening. But then we were transported to Christmas in Colorado and the snow. The book took you on a journey with a total spectrum of locations and atmosphere.

When reading the first book I remember wanting a little more angst and Beverly Preston did not disappoint in this book. A huge curveball was thrown right in just when you thought we were on our way to HEA land.

Oh. Em. Gee. It was a 'heart in the mouth' moment thinking that something totally different to what I was expecting to happen.

I absolutely loved this book and was sad when it ended. A truly beautiful and amazing read.

Cara Arthur says

Beverly Preston has done it again! I've been waiting for this book since reading (and loving!) "No More Wasted Time" and was not let down! Such a wonderfully written, sexy, yet romantic story.

This book is "Shayla's Story" (hence the title), the niece of movie star Tom Clemmings (we met him in No More Wasted Time). Shayla is in a serious relationship with Mat - a member of an uber-political, unemotional, and career-oriented family. She feels like something is missing in her relationship, yet Mat completes nearly every category in her checklist of good guys.

Without giving anything away, Shayla runs to Greece to clear her head. While there, she encounters someone that makes her feel like she's never felt before - but is she being silly? Is she throwing away the "right choice" in Mat?

Ms. Preston throws us a few curveballs in this delicate, highly-charged, incredibly sexy, and simply romantic story about a group of people figuring out who has "come into our lives for a reason, a season, or a lifetime". If you haven't read "No More Wasted Time" you wouldn't HAVE to in order to understand this book - but it is wonderful, so I don't know why you wouldn't want to. Download it & "Shayla's Story" and find yourself lost in a world where life, maybe not easily and may not without heartbreak, but regardless, has a way of working itself out.

I RECEIVED AN ARC IN EXCHANGE OF AN HONEST REVIEW

I really enjoyed this book. I read book 1 in this series, No More Wasted Time, a while back as a freebie I picked up on Amazon so when I saw there was a book 2 featuring Tom's assistant/niece, I jumped right on it and I was not disappointed. In this book, everyone is headed to Greece for the wedding of Tom and Tess.

Shayla is fed up with life. She feels like she is not as good as anyone and her supposed loving boyfriend, Mat, is too interested in his work and family to even notice. Mat and Shayla haven't been intimate in weeks. He is always traveling and never has time for her anymore. And if that isn't bad enough, his mother absolutely despises Shayla and will stop at nothing to tear them apart. When she feels like things couldn't get worse, Mat proposes to her in front of his family at Thanksgiving and she doesn't answer him. Mat is too interested in politics and gaining votes that he doesn't realize Shayla is not happy. Needing a break from him and her life, she packs up and runs to Greece for Tom and Tess's wedding. What she didn't expect was the sparks and chemistry that she and John have...

John is Tess's oldest child and son. His life has kind of been standstill and repetitive ever since he lost his father. He, his mother and his two sisters only had each other left so they stayed close together and John assumed the role of man of the house. Now that his mother is marrying Tom, he couldn't be happier and begins to live his life a little more freely. While in Greece, he and Shayla connect on all levels. When he

finds out about her boyfriend and the proposal, he asks her to give him one weekend to prove they have chemistry and what it takes. Shayla eventually agrees and this is when the sparks started to fly!

Will Shayla finally leave the safety net of Mat and have a bright future with John? Will John push Shayla out of her comfort zone and prove to her he is worth the risk? Will John and Shayla finally get the happily ever after they deserve?

I really enjoyed this book. John was so sweet, kind, caring, and total animal in bed! Shayla was also awesome and I really felt for her. She did not have the best childhood and all she wanted was to feel safe and loved. I love how John wanted to get to know her. I also loved how he waited for her because he knew what she had to do. There was a slight twist towards the end that had me on my toes hoping everything was good and thank goodness it all turned out ok!

I also loved the ending. Super freaking sweet and I can't wait for the next book in this series!

Lisa Gillis says

Loved this trip to Greece from the comfort of my favorite reading chair!

Shayla's story is as magical a love story as the destinations in the book. Beverly Preston takes us with Shayla from LA to Greece, Las Vegas, to the ski slopes of Colorado for the Christmas Holidays. I had trouble putting this book down. It is a must read!

Donna 'toomanybooks' Rodgers says

Shayla's Story' was one of those books that I was eagerly waiting for and after finishing I wasn't disappointed, for me it was worth the wait. Shayla is the niece of Tom Cleminns who was featured in 'No More Wasted Time'. I love how this story takes place at the same period as NMWT, but told from Shayla's POV. Her back story is she is estranged from her family and went to live with her uncle Tommy as soon as she was able. A reason – On paper she has the perfect life. She is assistant to one of the top movie stars in the world. She has been dating Mat who is the perfect boyfriend from a very political family. Although Mat is reserved and into his political life he does treat Shayla well, but something is missing. I won't reveal what happened with these two but at some stage Shayla decides to get away and attend the wedding of her uncle Tommy and fiance Tess Mathews, located in Greece. It is on the plane ride over that Shayla and John meet and the sparks were jumping off the pages between these two. A season - John is a bit of a hot head, a play hard kind of guy, but he is also very protective of his mom and sisters, which is such an endearing quality. During the wedding weekend these two basically fall in love. Who would not fall in love with someone you are attracted to while visiting a romantic country over a 2 day period? (It happened to me while visiting my future husband in Ireland and yes it was a quick visit). Shayla refuses to make any commitments about her future while in Greece because she still has a boyfriend at home and she wants to do the right thing, but this leaves John confused and angry as he wants Shayla now and doesn't want her with anyone else. Not giving much away, Shayla confront's Mat over his lack of affection for her and asks him do they have a future together. Mat comes to a realization of his own. I really just want to tell you what happens next but I can't. You have to read it yourself. A Lifetime - Beverly Preston loves the HEA and she makes that known so you can guess the outcome . It is beautiful, it is romantic, it is what you want as a reader. John is a book

boyfriend you will grow to love. He is sexy and fun, loves the outdoors and is solid in his devotion to his mom and sisters and now, Shayla. The Epilogue was perfect and I admit I got a little teary eyed. I hope you all will love it as well.

I would recommend this book to others, no questions asked. It can be a standalone but I think you need to understand the story of John and you get more of him in 'No More Wasted Time'. I love Beverly's story telling and am looking forward to the remaining stories in the series.

Ms. Preston again impressed me with her ability to vividly describe the settings in her books; whether it is water in Greece or the slopes in Colorado she transports the reader to these locations with her masterful use of words.

Book 2 in this family saga tells the story of Shayla Clemins, Tom niece and John Matthew, Tess's son. Book 1 is No More Wasted Time and I highly suggest you read it first.

Shayla had a tough life growing up, her Uncle Tom took her in and she now works for him. As the book opens Shayla is with a man she thinks is everything she could ever want, stable, kind and well off.

That is until John Mathews walks into her life. I adored watching Shayla and John connect; not only does Shay experience emotions she has never felt before but she also sees a family connection she has never experienced. Shay watching John interact with his sisters warmed my heart, she sees what family really means and truly sees the man John is inside.

John is honest, protective, hot as all heck and wise beyond his years. This young man buried his Dad and stepped up to care for him Mom and sisters. I should also add Shayla finding out John's real age made for a few very funny exchanges.

John and Shay's connection is something the reader will feel, it is hot, passionate and all encompassing.

Toward the end Ms. Preston had me gripping my kindle hoping things worked out...wishing that John and Shay will find there way back to each other, and no this statement is not what you think, it is not some formula we break up scenario that almost costs this couple everything... and Yes you are going to have to read it to find out what I am talking about.

I will say I loved the ending to this book... I had a smile from ear to ear; it left my heart happy and excited to read more about the Matthew/Clemins family. Ms. Preston has created a wonderful cast of characters that I look forward to continuing to read about as this family saga develops.
