Tamed by the Beast Grace Goodwin

When Tiffani is mated to an Atlan warrior believed lost to mating fever, she will stop at nothing to save him, including sneaking into an Atlan prison to seduce his beast....

Sick and tired of the dead-end path her life is taking, Tiffani Wilson heads to the nearest Interstellar Bride processing center to start over. She's promised an amazing mate, an Atlan Warlord who will not only relish her plus sized body, but heal her lonely heart.

Commander Deek of Atlan has lost control of his inner beast and sits in an Atlan prison cell awaiting execution. Unfortunately, nothing can save an unmated male.

When Tiffani's transport to Atlan is denied due to her mate's unstable condition, she will stop at nothing to save him and the life she was promised. Her mate is out there, he's in trouble, and she knows she's the only one in the universe who can save him.

Deek and his inner beast take one look at Tiffani's soft, lush body and know they will do anything to possess her, even if it means pushing her sensual limits or taking her over his knee. But it's not just Deek's tenuous hold on the beast that stands in the way of their happily-ever-after, for Deek's descent into mating fever was no accident, and his enemies will not surrender so easily.

En un ataque de apetito por ofertas me lancé a comprar libros por Book Bub y fue por medio de este que en fue descargado en mi iPad, Tamed by the Beast junto con Assigned a Mate. Ambos escritos por Grace Goodwin que se ha desatado y desaforadamente entrega una lista de historias todas en el mismo tema: erótica en el espacio con hombres/seres de otros planetas. Los ingredientes de estas cortas entregas son los siguientes:

- Poco respeto por lo que BDSM en realidad es
- Sobre uso de palabras tales como fuck, cock, cunt, wet
- Tremendos tijerasos en todo lo que es lógica, argumentos que lleven la historia o sentido común

Todas aquellas que gusten de leer erótica de calidad, por favor abandonar cualquier esperanza de que estas series le vayan a entregar algo por el estilo. Ahora, si una va en busca de divertirse cambiando la palabra "fuck" por otras que empiecen tambien con "f", se van a encontrar con un festival de la risa.

I like a good alien and human romance book. This one started very promising, as the heroine is a bigger girl and I was looking forward to that. It is not very often that romance deals with the attraction to larger woman ... other then huge breasts on a lithe frame (boring). Sadly our girl in this story was hindered by crippling insecurities, which I guess many women are, but I like a feisty and self assured larger lady. The hero like so many of "romance aliens" is not really very different to us, only bigger and bulging with muscles. I would like to see some tails, horns and maybe some scales more often, but that just my particular fetish I guess. :)

Incredible!

Another story to adore! Brought across the universe to save a man in trouble and on death row due to his very nature. Tension is tight but with the action it only makes the passion more intense. Her bravery was immense, she was willing to take risks that others might not have for her intense bond to her mate, even before she has seen or heard his name. She is well rewarded and I was worried about the story as I had not read the synopsis as I am just devouring this series I haven't bothered to read them. I'm hooked. And I can dearly say that this seemingly serene story after the beginning did not disappoint!

Lock Me Up With The Beast And Throw Away The Key!!!!

Holy Atlan hotness, Grace Goodwin has hit another home-run... and this novel has nothing to do with baseball (except for the really BIG bat...did I just say that!?). I have a confession to make, I'm completely

addicted to “The Interstellar Bride Series” and “Tamed By The Beast” is one of my all-time favorite novels. Hot Atlan warrior beast...check... courageous, intelligent heroine...check... suspense and intrigue...check... awesome world building...check... enough heat to fry a Kindle... check, check, check! Professionally written and fast paced, this little beauty (ahem, the only thing that’s little) is one worthy five star read!

Go ahead, you know you really want to... one-click “Tamed By The Beast” you will be soooo glad you did!

Disclaimer: No Kindles were seriously harmed while reading this novel. Children 18 and over only!

Disclaimer for the Disclaimer... the term “seriously harmed” is not intended to include: overheating, scorch marks, minor melting or inconsequential fire that can be put out with an extinguisher. Fire retardant gloves highly recommended while reading.

Smokin’ hot from the first pages...

There was no zero-to-sixty here as the heat level started at scorching and never left! This was my first read in this series but it has whetted my appetite for the rest as Tiffani and Deek’s story heated up my Kindle in the most delicious way.

Tiffani is ready for a change. With nothing holding her to Earth, mating with an off-worlder sounded like her chance for a relationship, for a *family*. With an enticing glimpse of her mate-to-be she is more than ready. Little did she know she would have to gather all her strength and fortitude to claim what is hers.

“He’d been so rough and now was gentle. He could be both. He could be everything.”

Deek is big, brawny and beautiful. Okay, handsome. Over the top soldier handsome with an extra dose of strength to go with it. When he is saved by none other than his mate, he is shocked and surprised but smart enough to grab her with both hands. Did I mention he was good with his hands? *ahem*

“Mine.”

There is intrigue and friendship, betrayal and lust in this short story that raced along way too quickly. In-depth character development may have been sacrificed to include all the elements of a passionate, suspenseful plot but it’s impossible to complain when the results can’t be denied. *Tamed by the Beast* is passionate, scorching romance with emotions to tickle your heart. ~ Diane, 4 Stars

The exact same plot and storyline as some other books I've read in this series.

Julie Bryan says**Good story**

It's a good story, but the kindle book is over priced. It's really a .99 cent book. I'd probably buy most of this authors work for the heck of it if it wasn't so expensive. The characters are good but it is a typical romance, with a little spanking thrown in to make it spicy. For some reason that spanking thing for punishment and not just pleasure annoys the heck out of me (really? The woman is an adult, screw off!). but I understand the concept. It's a personal thing for me so I try to keep that out of my review.

This is probably my favorite couple of this series.....because his mate is bad ass. Tiffani finds out Deek's in his fever and scheduled to be executed, but she insists on being sent to him. She stops at nothing to save her mate, leaving her world for a man she has never met who's in beast mode....bad ass. She saves him a couple of times and I just love it. Did I mention that she's also quirky and funny as hell....I meant to. Definitely my favorite couple of the series. And you know how I love this series....one of my favorites, more like one of my favorite addictions. Always need more.

Tiffani Wilson doesn't have anything left on earth. She has no family a dead end job So she goes to the Interstellar Bride Processing Center, to try and find her mate. She is matched to an Atlan named Deek. Currently, Deek is in a mating fever and desperately needs his mate Tiffani or else he will be executed. Commander Deck is in the mating fever and his beast his taken over, the only thing that can cure the fever is the help of his mate. Tiffani finds out Deek's in his fever and scheduled to be executed, but insists on being sent to him. She will stop at nothing to finally have her happy ending. This was a short fast read that steams the pages. I've read a couple of the Brides books and this is my favorite so far.

Tiffani Wilson doesn't have anything left on earth. So what does a girl do, she goes to the Interstellar Bride Processing Center, to try and find her mate. There is a slight hitch in the plan, her mate is set to be executed. Commander Deck is in the mating fever. It's where his beast takes over, the only thing that can cure the fever is the help of his mate. Being an Atlan Warrior he is very strong and very big. Will Tiffani be able to tame her beast long enough to have a future?

Let's start, i'm not a huge fan of alien romance but there was something about this book that i just couldn't put it down. Tiffani is one brave soul. For one she put every last penny into this Bride Center to find a mate. She then finds out he is about to die before they get a chance to even meet. She has some balls to go and save Deek. Especially hearing all about the fever. Oh man she is brave. This book also had a hint of mystery in it. I won't say what about, i will say GO TIFFANI!. Deek, i kind of picture him as a bigger Dwayne Johnson. Just the description of him had me picturing him. Crazy, i know, but totally understandable. He is this selfless commander. He cares a great deal for his people and falls hard for Tiffani. The Atlan warriors are a possessive and jealous type. I don't normally like that but let me tell you it was sexy. Grace is a new author, but i instantly loved her.

Too much sex, too little story. Don't get me wrong. I LOVE good hot sex scenes but I want two or three parts story and one part sex. This seems to be the way this series goes though.

My favorite line "*Your bride fee will be donated to the Wisconsin Humane Society Milwaukee,*" Go Milwaukee.

Unfortunately, there wasn't any one thing wrong with the story, it was just kind of boring. :/ I love the insta-love theme. Too bad this was just okay.

Becca says

I think this was my favorite book in the series so far. I enjoyed having characters from a previous book, Mated to the Beast, play a large role in this one and I enjoyed that there was more plot to the story as well. I would have liked a bit more wrap up at the end, for example it would have been nice to find out what Tia's reaction was to the situation with her father.

Robyn says

Tiffani is alone in the world. Both her parents are gone and she never had siblings. Living a boring, nothing interesting life she embarks on an adventure to be with the "One." The true mate for her. The man that will worship her rubenesque body. Signing up for the interstellar bride mate program is her best option. She is matched to an Atlan named Deek. Currently, Deek is in a mating fever and desperately needs his mate Tiffani or else he will be executed. With her transport being cancelled or delayed and fearing for her mates life she embarks on a journey of a lifetime to get to Deek. The fire is raging and roaring when these two collided a break the fever. With a little backside slapping and a lot of Alpha male dominance can Tiffani let go of her past and see how amazing she and her future is?
