Kel says

The first longer books I ever read as a kid, definitely put me on to a love of reading. ?

Emma Ruth says

This series is so creative and fun. And don't you just love the cover art? It's fuel for the imagination.

I also love that we got three pixies for the price of one, though I don't think it's possible for a person to have the hiccups for as long as Violet did.

MissA says

The funniest part was Sammy Spider because it was funny to see the Goblin all funny.

Desiree says

love this series.
