In part two of the Emoboy series, Daniel aka Emoboy leaves home and his first love, Blair. Now that he's across country, Daniel feels as if he and Blair are growing apart—and that maybe she is having second thoughts about him dominating her sexually.

Despite his love for his girl back home Daniel begins to explore Dominance and Submission with a group of people who are discovering their own budding desires towards submission. In this surprising twist of the original story Blair and the Emoboy, Daniel learns how to become a better Dom—not just for his new group of friends but also for the woman he loves.

This erotic, IR story continues the award winning tale of Blair and Emoboy. It contains graphic descriptions including BDSM. It is for adult readers only. All characters are 18+.

#### **Interesting**

This is a good series featuring Daniel and Blair. I am enjoying a fiction showing the true nature of a submission/dominance relationship. Hopefully, there will be more about this intriguing couple.

This author always has me rethinking my position on certain topics, and once again she has me switching sides. This is a Good read, It gives you just enough to spark your own curiosity. I gave it 4 out of 5 stars because I felt teased in the end, and wanted a little more.

What to say about this book? I know that BDSM and D/s is something that a lot of people are writing about now. Many without actually doing research or just doing on the top level research. It leaves a bad impression of the lifestyle to some readers. This book is in that group. Emoboy was not a responsible Dom and I hate to think that people will think that Doms act as he did. A responsible Dom would not acquire a sub under false pretenses, with no conversation or expectations on both parts. (view spoiler)

From the beginning of the story, it was hard for me to take it seriously. Even the parts that made sense, such as Emoboy wanting the best for his "subs" was soured. The punishments, the rewards, etc. were all out of place. The way Emoboy handled his girlfriend just made me roll my eyes even more than I had been.

I am not saying that Ms. Pace didn't look into the D/s world and find credible information but if she did then it just didn't come across on the pages of this book.

### **I Love Emoboy**

Daniel is incredibly sexy I think, I love how he loved Blair and vice versa. I'm glad everyone had their own happy ending. Melissa, Peter and Todd, and Tina. #greatallaround

#### **A really good book.**

This is a great book. I would love to read more about their story, say after Daniel graduates. So far he's asked twice, does he marry Blair? Do they continue deeper into the "lifestyle" or is it kept just between them? Are his students life long friends? Do they settle in California or return to Ohio? Do they have children? Just some of the things I'm wondering about. I would still HIGHLY recommend this book and any others written by Ms. Pace.
