## Virgin Jenika Snow

\*Each book in the "A Real Man" series stand on their own. The only thing connecting each book in the series is they feature real men claiming their women.\*

She will be the only one he'll ever want.  
He was the first boy she fell in love with.

### Quinn

I met Isabel when I was ten.  
I fell in love with her before I even knew what that meant.  
I knew from the moment I saw her she was it for me. No one else compared to her, and I'd do anything to make her mine. But I was afraid of losing the friendship we have, so I've kept my mouth shut.  
But she's leaving me, and I know I can't keep how I feel inside any longer.  
Saving myself for the girl I loved isn't a hardship, but something I'm proud of. When it comes to Isabel giving her my virginity, and making her see we belong together, is all that matters.

### Isabel

Quinn is like the other half of my soul, the one person I can talk to about anything. He has the bad boy thing going on but is also respectful as much as he is a rebel.  
He is the first and only boy I will ever love.  
Being forced to move across the country, and leave him behind is like leaving a piece of myself in the process. But telling Quinn, I am madly in love with him could put a strain on our friendship. I didn't know if that's something I can handle or risk.

### Quinn

Nothing can keep me from Isabel. She is it for me, and I mean that in every conceivable way. Nothing can keep me from her. I hope she's ready because there isn't anything or anyone that will stop me from having her as mine.

Warning: This story is quick and dirty, and filled with a virgin hero that wants his heroine to be his one and only. It's drama free, and has insta-everything going on, so be prepared to have an overload of sugary virgin goodness.

A safer book you will never find.

They are each other everything and have always been. For me it was cute and hot but very drama less. I don't mind cause sometimes you need less drama.

It would have been 5 stars if they had given an epilogue with a baby or two.

The next book in this series looks good also.

Can't wait

Great read and just hit the sweet spot for me.

3.5 - Another entertaining and stimulating smutty read!?

Yep, I'm officially hooked on Jenika Snow's writing style and her addictive stories. Virgin is book #2 in A Real Man series which told Isabel and Quinn's story. This author definitely knows how to write a sexy as sin book and sugary-sweet erotica!

Quinn and Isabel met when they were 10 years old, became inseparable and best friends. As the years went on, their relationship grew stronger, their friendship tighter and their feelings evolved into something else...

Since the very beginning, Quinn knew he wanted her in his life forever. He's now nineteen, plays hockey and he's madly in love with Isabel. She's his world, the air he breathes, the most important person in his life. Afraid to ruin everything between them, he never once told her his true feelings.

When Isabel finds out that her father got a promotion and that she has to move across the country with her family, she's devastated. She doesn't know how to tell Quinn any of this, especially that the position her dad is taking needs to be filled right away. The idea of leaving Quinn, the other half of her soul and the one guy she's hopelessly in love with, is just unbearable.

For Quinn, nothing can keep him from Isabel. He has always been her protector and she's it for him in every conceivable way. There isn't anything or anyone that will stop him from having her as his.

Quinn is one yummy virgin and I loved the way he shows Isabel a side that he doesn't allow anyone else to see, and that make Isabel love him even harder.

I really enjoyed this short, sweet and HOT story that gave me just what I wanted. I am so ready for the next one!! :))

If a quick, sexy read is what you are looking for then this is the book for you.  
Isabel and Quinn have been the best of friends since they were ten years old..They have grown up together, and instead of feeling like family, they end up falling in love/lust with each other. When Isabel's family decides they need to move due to her Father's job, Quinn wants to make sure she knows his true feelings for her. From that point on, there is a ton of sex, and then the readers get some great epilogues.

My biggest complaint is that there just isn't much depth to the story. I know it is meant to be short; but I have read short stories that can pack a real punch. If you go into reading this knowing that what you are getting is an insta love read with hardcore sex; than it shouldn't be an issue!! Just don't pick up this story if you are expecting full character profiles, and a storyline that is extremely fulfilling!!!

There were a bunch of editing mistakes that could have been corrected as well. That is a peeve of mine. I do overlook it is a few, but there were quite a few in this particular read.

***“You were mine before you knew it.”***

Short. Hot. Sweet. Beautiful.

This was a very short story, yet so full of love and passion. I have no idea why it took me so long to read it, and when I did, I was blown away!

Quinn first met Isabel when they were ten. He protected her from being bullied, and since then, they'd become best friends. He knew that he fell in love with her the moment he saw her and she was the world to him, but had never told her. He was afraid if she knew it, their friendship would be ruined and he would lose her. Meanwhile, Isabel felt exactly the same as he did. He was her everything. With him, she felt so protected, so warm, and so content.

One day, Isabel's parents told her that they were going to move across the country due to her father's promotion. With less than two weeks before Quinn and Isabel would have to live thousands of miles away from each other, he decided to tell her about his feelings for her and he would make sure she knew that she was his—only his.

***“This is irreversible, Isabel. You are tied to me. You are mine no matter what.”***

This book thoroughly took me by surprise. I didn't expect it to be so sweet like this! Ooh yeah, I loved it and enjoyed every page I read. Quinn and Isabel were such a lovely couple and the fact that they kept their virginity for each other was totally hit the spot for me. So cute!

***“Isabel, there isn't anything on this fucking planet I wouldn't do for you.” I leaned in close, so we were eye to eye. “There isn't anything I wouldn't do for us.”***

Now if you think you're ready for ‘sugar overload’, then pick this one up. You'll love it!

What a sweet and hot little read! You can't get much better than two virgins who have been together since they were kids...definitely soul mates. My biggest complaint...I wanted more..more of these two and marriage and babies.

## **Sophia Triad says**

Quinn and Isabel are just 18 years old, still in school, best friends since they were 10, secretly in love with each other and both virgins.

The will admit their feelings after Isabel's family decides to move in another town...And they will finally become one under the stars.

A simple, totally safe story.

Lots of "You are mine" and "I am yours".

Two points of view.

Two main sex scenes: their first time where everything is described in EVERY detail and another one after two years together.

A comfort read which does not require deep thinking, but it will make you feel good.

### **3,5 STARS**

I'm really glad I bought this story on Amazon. The blurb is amazing and just what I've been looking for in a short book. Alexa Riley fans, this one's so for you, seriously! It's super sweet with OTT hero and not an annoying heroine, also the plot is cute. What more could you want, right? OK, no action there, sorry, but still this a wonderful story about two young people, who've been friends for forever and now want to take the next step in their relationship. Of course there is one plot twist but it's nothing they can't overcome.

Yup, not even ashamed of admitting that... Quinn, OMG!!! I want him!!! He's so sweet and totally OTT and possessive towards his girl, that alone makes me feel super good. And besides that he's also not an idiot and knows how to make things work, so that a huge plus in my book.

As for Isabel...well...lets just say she's not an angel when it comes to things that have to do with the bedroom. ;) I was really surprised by her but it was a pleasant surprise for sure.

All in all, this book is fun and sexy and just go get it already!!!

4.25 stars!

So this was definitely erotica (like book 1 in this series) BUT (unlike Book 1), there was also a real romance too. There was lots of sweetness. The connection between the h and H was dreamy.

3.5

Short, sweet and hot.

Bit too much repetitiveness with their names and she may want to get the constant gushing between her legs sorted out, but still enjoyable.

### **Karla says**

3.5 stars!

My goodness this was insanely hot, a short read but hot! The MC's were so sweet and in love with each other, with the hero being OTT possessive, but here's something different, his a "virgin" I liked that they were both each other's first.

Definitely enjoyed this short, and super sexy novella I know I would of rated it higher if it would of been a bit longer. I wanted more and that's always a good thing....I have to say that epilogue was just perfect though.

If you're looking for something short and hot, this is definitely for you.

You'll need to turn your brain off for this one, though.

This was a late night audio for me.

Go buy the audiobook and enjoy.

You'll find some clichés here and there, and I did roll my eyes at all the typical possessive "alpha" lines, but

they won't stop you from following the story.

ENJOY!
