## A Gangster's Daughter Part 3 Leo Sullivan

“Damn you’re a bad bitch.”

“What?!” She sat up on her elbow.

I put the condom on; it was a Magnum and it still looked too small on my dick. Kadisha must have noticed it, too.

“You sure that condom ain’t going to break?” She asked.

“Nawl shawty,” I said in a husky voice as I eased between her thighs, spreading her legs wide.

“Go slow,” she muttered and placed her face in the crook of my neck.

As I tried to ease the head in, she whimpered in pain. I tried to put one of her legs on my shoulder; she resisted.

“Huh, uh, I ain’t ready for all the free style stuff. Let’s just focus on getting it in first.”

I nodded my head; I didn’t want to talk. I eased the head in and Kadisha flinched like she had been burned with a hot iron as she lassoed her legs around my back.

“Ouch! It hurts. Can we use some type of lubricant?” She whined with her face pressed tight against my neck as she breathed hard quavering underneath me.

“Gurl, as wet as your pussy is, we definitely don’t need lubricant,” I said while caressing her ass in preparation for deep strokes.

“But it hurts,” She said, pouting in a sexy voice that turned me on even more. I pulled out, spit on my hand, and wiped it across my dick.

“Ugh!” Kadisha wiggled.

### **Taz Will says**

If I haven't said it before then I'll say it now, these are waaaay too short! With all the action, mystery and the way the characters are developing you can't put it down. This is a page turner regardless of all the mistakes with the editing, and for the record I can't stand it when they say, "getting alone" shouldn't it be "getting along"? Idk, some cities say different things but in each book that has been buggin' me like crazy. I still think the person(s) behind all this is the father and Big Bee. I don't think Latoya had anything to do with it, it was probably the mother or Big Bee that's the informant. Then again the cop keeps coming up so he may have something to do with what's going on as well. There are so many possibilities as to what's really going on. I can't wait to figure this out it's just too good to stop.

First of all, I want to say I admire Mr Sullivan for the foreward that preceded the story. He proved he listened to his readers and did what he could to make it right. With that being said, this book was the ish!! I couldn't wait to turn the page yet I didn't want it to end. I just wanna know-who's the snitch? Was what the girls did in the end worth it? Can "the family" be trusted?

**Latoya**

This is a good book. Kadisha is ruthless can't wait to read what's going to happen. Mellow is as cool as cool gets, but he does love Kadisha or he will murk her.

**Denise Gilliam says**

This book was so good. It started right where it left off. Kadisha was no joke. She is on the hunt to find her father. I loved how she has taken charge of her family like her father had always done. I hope she finds out what she needs to find out before it's too late. I can't wait to read part 4. This book was a page turner from the first page and trust me you will not be disappointed.

**Tyler Moore says****Better and better**

This had many twists and turns, and kept me on the edge of my seat the entire time. This is an incredible series of books so far.

**Wilki J says**

A lot of unfortunate events have changed Kadisha. For the better..or worse depends on which way you look at it. She is stronger and wiser and ruthless as her father. But when foes are closer than friends and trust is a factor, it leaves one exposed to many elements that are unbecoming.

I enjoyed this read. Once I got out of my book funk, it was a fast pace read as always. There was a lot of drama and many questions were answered while others were not which leaves room for another installment. There were some issues with errors as with the other books. Personally I think it could have ended within three books so it won't drag on too long but I look forward to reading the next book in the series.

### **Treasure Malian says**

I love how the story line is progressing. And although I love the series I hope the next installment is the end. I enjoyed watching kadisha come into her own. I hope her and mellow can stabilize their relationship a bit. Can't wait to finally get the answers we been waiting for since part 1. Good Job Leo.
