Bitter Sweet Love Jennifer L. Armentrout

Dez wasn't just Jasmine's crush. A gargoyle Warden like Jas, he helped her come to terms with her destiny—fending off demons and maintaining the balance between good and evil. He was her everything...right until the moment he disappeared without a trace. It didn't help that Jas's father had just announced that she and Dez would one day be mated. Hard not to take that personally.

And now he's back, three years older, ten times hotter, ready to pick up exactly where they left off. But Jas isn't taking that risk again. Dez has seven days to meet all her conditions and earn back her trust. Seven days filled with terrifying danger and sweet temptation. Seven days to win her heart—or shatter it all over again...

Carol [Goodreads Addict] says

I have never read a gargoyle book before but had a picture of what gargoyles were like in my head. This book dispels all of those previous beliefs. Jennifer Armentrout paints them as beautiful, both in their human skin and in their true forms. And though their ways of life may differ somewhat from ours, they love and protect one another just as we do.

Jasmine has loved Dez almost her entire life, from the day he came into their life as an angry little boy until the day he left. It was the day after her father announced that he approved of a mating between Jasmine and Dez, he just left, without saying good bye. For three years she grieved for him, never knowing why he left or whether he was alive or dead, until the day he came back and announced that he was ready to be mated with her. Jasmine has seven days to give him her answer but she has some requirements she wants fulfilled before she does so. Can Dez win Jasmine's forgiveness? Can Jasmine love him again and is she ready to make a lifelong commitment to him.

This is a wonderful first look into this new world J.A. has created. It is different from anything she has written before and I am so excited to see where she is going to take it.

Plamena says

5 amazing stars!!!

"I loved you the night you brought me pudding and stayed with me until I fell asleep. That was eleven years ago and my love for you have never faded. Not for one second."

Jennifer L. Armentrout is an amazing author. Every book she writes- I love!

So... *Bitter Sweet Love* is a prequel novella to her new series THE DARK ELEMENTS. It goes without saying- it's amazing! It's a wonderful beginning of the series. The story and the new world that Jennifer introduces are stunning and captivating...I loved every word.

Dez and Jasmine (two interesting creatures- gargoyle Wardens) are friends since they were really young. Dez is everything to Jas right until he disappears for three years without contacting her during this time. Now he is back and he wants to mate her. But Jas is not ready to forgive him so she agrees to give him seven days to convince her. Also she has some conditions he has to meet...

Dez is perfection!!! He is ready to prove his love. He is ready to give Jasmine everything she wants and to make her happy. But first he has to explain where he was for the past three years...

"But what I've told you is true. And like I said before, I'll wait. No matter how long it takes to prove that

I do love you, I will."

The novella introduces the characters from the next book- Zayne and Layla. Although this is a very short read I can say without hesitation- this series will be epic!!! If only I could read *White Hot Kiss* NOW.....!! !!!

RESEÑA EN EL BLOG: <https://bookstwins.wordpress.com/2018...>

Me encantó. Creo que lo tendría que haber leído antes que la trilogía principal porque así le hubiera dado más bola Dez y a Jasmine.

Además me súper emocioné cuando aparecieron Layla, Zayne y Roth (especialmente Roth, #TeamRothForever).

Creo que he terminando amando más a Dez que a Zayne, ese es un punto en favor de este libro.

Ashwood (?? ??). says

Although this was a really short story, it was amazing and sweet. Really enjoyed reading it.

Dez and Jasmine were an adorable pair, that got the ending they hoped for, so that was a plus in my opinion.

Also seeing Zayne and Layla as young teenagers was amazing. I still stick to the point that they remind me of close siblings. Now, seeing Danika freak out over Zayne, was perfect and hilarious.

My favorite part had to be when Roth (his younger self) showed up in the story. I've always wondered how he kept an eye on Layla all those years, when she was unaware, and finally got read it first hand! It was adorable he was watching out for her even before they were both thirteen.

So that was the complete conclusion to that amazing series and it couldn't have ended better.

3.5 Stars

How does she do it?

Gargoyles, Demons, Pukwudgies and who knows what other creatures are waiting for us in this new series.

(PS- couldn't find a good female gargoyle so pix looks more like an angel)

This novella is Jasmine and Dez's story. Both characters are Wardens (a type of gargoyle). They are old

friends who find their way back to each other.

During this short novella we learn about gargoyles of the New York area. Dez returns after a three year unexplained absence and claims Jas as his mate. Jas longs to fly, to explore and to battle. All of these activities, females are forbidden to participate in. Jas goes for broke and asks for all the things she longs to do before she gives Dez her answer.

The couple leaves the mansion and sets out on a mini journey. Here's where I wish the book was LONGER because I had a hard time getting invested in this couple's love for one another because I just didn't have much to go on.

I noticed that the next book, which will be a full length novel will not be more on these two. It will be about other characters which were introduced during their short journey. This saddens me because I would have liked to have gotten more of Jas and Dez. They had the makings of a great couple but for me just needed more.

So let me be the first to say that it was just decent. Yes it is a novella but I was kind of feeling bored and not excited most of the time. The only excitement I felt was at the end when the Upper Deamon appeared.

The world Jennifer created intrigued me and I need to know more. The good thing was that we got to see the world through Jasmine's eyes. She is a female Warden in addition to the actual story's lead, Layla, who is half-warder and half-demon. So we learned about the lifestyle of a Warden and now I can't wait to get lost in Layla's story. The Upper deamon which is probably the so called Roth that my friends are spazzing about seems like my new book boyfriend. (I was going to say Layla's love interest but nah!)

I also liked Dez a lot and I hope to see him around but Jasmine was boring and she didn't manage to catch my eye.

Anyway, I will not talk about Jennifer's writing style at all because I love it and I am going to analyze more when I finish the first book, which btw I am very excited to read.

Off to read some more and I'll be back with a full review for the first book of The Dark Elements!

Amanda says

This was a re-read because I read it over a year ago and I forgot how much I liked it.

The story follows Jasmine who is a gargoyle (yeah you read correctly... a gargoyle) who was promised to a young gentleman Dez that her family took in after a tragic accident. This is everything that Jas wants yet

after her father lets the rest of the clan know his intentions of them mating Dez disappears the next day without a word... urgh, men!

Jas is heartbroken which is completely understandable, imagine the love of your life just disappearing after your father swears you to him?! Dez turns up 3 years later (way hotter and a lot manlier) like nothing has even happened (again men urgh!) and expects everything to go back to normal. Jas finds this hard to swallow just like any female would, why did he leave? Was it because of me? Where did he go? So many questions yet so little answers.

So obviously, like any other female Jas doesn't take this too well as everyone rejoices at the fact that he is back and both of them are back on, she uses this to her advantage to lay down some conditions for their promise to each to go ahead. She has never really left her home so she wants to go see New York, Washington, Philly, learn to drive and even skinny dip, Dez like any red blooded male (gargoyle or not) loves the idea of this but also has one condition... he gets a kiss after each condition is completed... SWOON!

The story leads up to you meeting Zayne (again swoon) and Layla who have such an unusual story which I have fallen in love with already. The way he treats our little half demon had me in complete awwwwage smiling from page to page wanting to know more. Then out the blue, the untrustworthy hot stranger gets thrown into the mix which has you opening the next book before the previous has even closed.

I love Jennifer L. Armentrout, her writing style and the way she makes you swoon over characters has always made her my favourite author and this little add on reminds me of how much I love her books. In true Armentrout style it is packed with lots of heartbreak, drama, and more swooning than one girl could ever imagine.

Check out my blog <http://amandaminnockx.tumblr.com/> and please leave yours so I can have a look!

Katerina Kondrenko says

4 out of 10

It was ok and I didn't care about the characters at all. Layla's appearance was cute, many thanks for Roth, but the rest of the story is meh. Typical romance. Nothing paranormal.

The Dark Elements (?????? ???????):

- Bitter Sweet Love (?????-?????? ??????) #0.5/3
 - White Hot Kiss (????? ??????) #1/3
 - Stone Cold Touch (??????? ??????) #2/3
 - Every Last Breath (????? ????) #3/3

Pearl Angeli says

"Because loving you... loving you was bitter sweet."

Bitter Sweet Love is the prequel novella of the Dark Element series. I started White Hot Kiss few days ago but while I was reading the first few chapters, I found myself quite confused with various terminologies such as Seeker demons, fiends, Poser demons, etc. that I was wondering if there is a prequel that will explain all these things.

Thankfully I found this novella here on GR *facepalm* and I realized I should've read it first before White Hot Kiss.

Anyways, this novella is quite helpful because it explains those terminologies and it also somewhat gave me the brief narration as of how countless of demons scattered on earth, and what Wardens are, and what their duties are. So yeah...

This novella features the love story of Dez and Jasmine-- both Wardens who fell in love since they were still kids. The romance was okay. I found the characters sweet, but there's a downside. I thought their storyline was quite a cliché and a bit shallow.

At some point I found myself feeling bored simply because I could not connect with the characters. I think there's something wrong with me. :/

But this book somehow helped me clear up the confusion in White Hot Kiss, and it's basically a good introduction to the series so I didn't regret reading this. :)

Rating: 3 Stars

[I'm pretty sure he's Roth. (hi

Reddish says

Si digo que es adictivo me quedo corta. Jenn tiene una manera de escribir que hace que no puedas parar de leer y te engancha a los personajes de una manera alarmante. Nunca decepciona.

“—but with him, I wanted everything and that was frightening.”

Patrycja says

After this sweet and intense tease, I have to impatiently wait for White Hot Kiss. As much as excited I am to dive into Gorgoyle world, I worry about the love triangle thing. Fingers crossed, though, it'll be epic read.

bibliophile (Romance Addict) says

3.5 Stars

This novella should be read before starting *White Hot Kiss*, which is the first book in the series. Des has left Jas after their 'mating' was supposed to proceed. He left without informing Jas, or even saying goodbye. Three years forward, Dez returns, wanting her back, but Jas can't simply forgive him after he left her. She only has seven days to make up her mind, whether she agrees or disagrees to the 'mating' proposal.

The novella has a simple storyline, and it was ok for me. I didn't quite enjoy it as much as I wanted to because I didn't like Jas as much. The part when Layla & Zayne make up their appearance was my favorite. Let's not forget the 'demon' who watched Layla!!!

I gave this book a three stars because it was ok, the .5 was because I really liked Layla & Zayne's scene and I enjoyed how another person viewed her. It also pumped me to pick up where I left in the series...

Annaiss says

This is me:

Mary says

"I loved you the night you brought em pudding and stayed with me until I fell asleep. That was eleven years ago and my love for you has never faded, Jas. Not for one second."

This one's definitely the start of something new and AMAZING!!! JLA, you really do know the way to a broken girl's heart. This book came in at the right time since I'm still grieving the end of the Covenant Series. But for a few minutes... I'm so ashamed to say that I actually forgot all about my #1 book boyfriend, Aiden St. Delphi (so sorry *agapi mou*).

I'm such a sucker for second-chance romance stories and with JLA's creativity and way of writing, I really got what I was looking for and more. It's like gods and aliens are so yesterday and gargoyles are the shit right now thanks to *The Dark Elements*. It's the perfect combination of swoony and steamy romance with a heavy dose of supernatural action, and JLA never failed in holding me captive since the first page. I would've loved to read more about Dez and Jas' past and how they'll make up for lost time but hey, beggars can't be choosers and I just hope that I still get to see these two in the next books in the series.

But you know what got me all excited about this book? That little tease of what's to come in **White Hot Kiss**

and I can already predict that it will be a hundred times more exciting and swoon worthy than this one. Hell, I'm already in-love with both Zayne and Roth. And I already feel so much for Layla as the main heroine as well. Because of those scenes with Zayne, Layla, and Roth, I even forgot that this novella was about Dez and Jas. It was just that good. Le sigh.

I'm definitely counting down the days till White Hot Kiss is here. And I HIGHLY recommend you get in on The Dark Elements series if you're a fan of JLA's Covenant and Lux series.
