## **Boss Ladies and The Thugs Who Love Them: Thug Legacy 3** Mz. Lady P.

A Thug can't be a Thug without a Boss Lady to ride shotgun with him in the streets. For years Boss Lady Inc. held down Thug Inc. and took no shorts or losses from anyone. With them all being retired it's a new crew with new issues and of course the relationship drama that goes with it.

Cut from a different cloth the new breed of Boss Ladies will have to Boss Up and show that with Legacy Inc. is where they belong but are they worthy of the title.

Being a Boss Lady sounds good but it's a title earned and not given. As much as Tahari wants to train them she knows that you have to have the heart for it. The ladies have to find their place in a Thug's Heart.

In this installment of the Thug Saga the ladies will learn that being a Boss Lady isn't just about standing next to your man in battle. It's also about being able to get over hurt, pain, and betrayal that he causes. They will learn that even when it hurts the most women have to Boss up and roll with the punches no matter what and that's the definition of a real Boss Lady.

#### **MARVELOUS BOOK**

Mz. Lady P I don't even know how to put the words on paper to even describe how I feel about this series of books. I'm literally dumbfounded right now because I LOVE everything about Thug Inc & Thug Legacy and all that comes with this series I just wanna cry please DON'T ever let it end from the very 1st book all the way up to this present book I have been wanting NO my fault NEEDING more you always keep me coming back I love it I will always be 1 of your biggest FANS. KEEP THEM BANGERS COMING you are a genius with a pen.

#### **Amazing!**

Darn! There's more that you would like for me to say. This book absolutely kept me captivated, (so you're really doing me like this making me think of words that captivated does not cover. Can I use captivating because I know there could be much more? ??) on edge, staying up until the wee hours of the morning to learn more about these characters. I know you can keep it going if you really want to. I would love to see what you would come up with. FYI: THE ORIGINALS WILL Never DIE??? ?. You got this. I know you better email me and let me know when the next event happens. I would love for you to email me for collaboration. I believe I've read all of your books on here.

#### **Sad to see them go**

I fell in love the moment I read the first book. Tahari captured my heart. Thug had me on one sometimes but he grew on me. Glad that they had a great ending. I hope their kids will show some of their true selves as we only got to see they were starting to shine a little bit. I wanna see the damage the young ladies will do. It was great ride with Thug, Tahari, Malik, Barbie, Ta'Jay, Sarge, etc. Loved it!

#### **Great Read**

That was good. Even tho Mz. Lady P say its done. I don't think it is. So many things was left unsaid. Like, what happened To Tonnica and who shot Yahmeen and YahYah and what is gonna happen with all those bricks Gabriella had. I guess its gonna be plenty of standalones or more series added to this family. Can't

wait

#### **Great series overall**

Okay so I couldn't decide if I wanted to give this book 3 or 4 stars. I loved the series it had enough drama to last you a life time, although there wasn't a straight plot it kept you interested. The reasoning on my stars was because this book solved nothing from the second book, couples stories were left untold, we never found out how the men got out of jail, there were events that were randomly thrown in that just didn't make sense. I felt like this author loved the series so much she created drama that took away from the characters and I never wanted to be this reader but a book 3 wasn't needed. We didn't hear from all the couples that were mentioned throughout the Legacy also, I love Thug but i hate him with Tahiti and the way the men treat the woman and they take it annoys me it's like non of them grow and there problems are never solved, only turns into sex. Anyways i love the series once again but I felt like the ball was dropped with the kids story.

????????????????????????

I have read tons of series but by far this is one of my FAVORITES. No repeating of the same things we already know. This series is like visiting your family. This was truly a saga that I definitely enjoyed. To follow the journey of THUG INC was incredible. Nothing is left unfinished yet there is so much more to experience with this family.

I agree to continue Thug Legacy would be overwhelming no matter the ❤? for him. Just keep the spin offs from the kids coming & sprinkle them in every once in a while. #URBANFICTION1stFAMILY ??

#### **Boss ladies getting there shine!!**

Loving the continuation of a great series!! The new boss ladies have a lot to learn and slowly but surely coming into their own. So many lovable characters and so many avenues to take them in. One thing.... they are fertile as hell... all the pregnancies!!

#### **Here we go again ....so sad to see them go**

I soooooo sooooo wanted to read slow but I've been craving Thug and Boss lady since I completed the series including all spinoffs I loved how everyone is growing although they still get caught up in the craziest drama . I'm gonna be selfish and ask for another book I known ur probably tired of Thug and Tahari but they my

fav characters of al the books ?  
Anyway happy reading its worth every minute you give

#### **Hottttty**

I remember the 1st time I read the 1st book and I was hooked, the story line was dope and I enjoyed each character and what they bought to the table weather gd or bad . this book is like a heartbreaking, funny, sad, happy, personally you get to know other character and fall in love with them but I'm happy that it was a happy ending to this book I so enjoy each journey of reading these series. Thank you so much.

#### **Loved it**

I did sooooo good into the end now my crybaby ass crying lol lady p you did your thing with this I'm so sad to see them go but I loved it I been a fan since thug passion that was my first book I ever read by you been on it since.... I love how things played out and how you ended it I can't wait to see what's in store for the others I can't wait I know it's going to be everything thank you for writhing such good books

#### **Great great read**

I love how the family always stuck together in good times or bad. Hate for it to end. Love from the first series.

### **juanita says**

#### **Too short**

I really hate to see this series go but I know it's time. I hate what happened with Killa, Trish , and Bush's. Why couldn't they just leave each other alone. I blame Bush's and Markese they knew better. How are you going to be mad at Trish and Killa doing something that you two have been doing for years. I can't wait to see what's in store for the young ladies. It was so many unresolved stories with the young couples, but I agree it's time to leave the adults alone and let them be great.

### **Cooked to perfection**

I always thinknits great whenyou read a book series that pulls you in to the book. This book had a lot twist and turns. It had me yelling and crying. This book was great how it ended but im ready for the next one too.

### **CrazyTiltedHalo\_BookPlugTyeis Washington says**

#### **Queen of The Series**

Thus far you are the ONLY author I have seen be able to take a series and expand it to its own empire within your Empire. The finesse in which you were able to continue the series and not lose the interest its amazing. The genius and having spin offs but they're all connected to the main source was brilliant. I cannot wait for the next set of this series which will be about the kids.

#### **You never disappoint**

Mz. Lady P I been rocking with you for years now. When I tell every book I have read from has been good. I feel in love with my fair share of your characters, but none of your characters will ever out do the KENNETH family. I absolutely love Tahari and Thug. Their love for one another was imperfect but priceless. I hate to see them go. It feels like I'm loosening a family member or something. This is when you know you a BOMB ass author. Again I state EXCELLENT JOB.
